

## TRIED TO SUFFOCATE GOOD HEARTED FRIEND

**Michael O'Day Says He Was Robbed of \$110  
By His Traveling Com-  
panion.**

### GAS TURNED ON, HE WAS FOUND HELPLESS

If the story of Michael O'Day be true, James Cassidy is undisputedly the meanest man that has struck East Liverpool in a long time. He accuses Cassidy, who had pretended to be his best earthly friend, of arising after they had retired in a room at the Albion House, Second street, turning on the gas without lighting it, waiting until O'Day had breathed enough of the fluid to entirely deaden his senses, robbing him of \$110 and then leaving for parts unknown.

The first learned of the dastardly deed was discovered by the porter of the hotel, who at an early hour this morning was attracted to the room assigned to O'Day and Cassidy. By the fumes of gas, which had penetrated the crevices of the room out into the hall and down stairs. Fearing that something was wrong, the porter rushed to the stairs and no difficulty whatever was experienced in locating the room from which the gas was escaping. He knocked loudly on the door, and receiving no response secured a key and opened it. He was horrified at seeing O'Day lying alone on the bed, perfectly unconscious and gasping for breath.

Realizing that O'Day was dangerously near being a victim of suffocation,

the porter quickly went to the jet, turned off the gas and called others to assist him in bringing the man to his senses. The room was well ventilated and after considerable trouble the rescuers finally worked off the effects of the noxious drug and when O'Day recovered an investigation was instituted with the result that suspicion strongly pointed toward the guilt of Cassidy in perpetrating the deed. O'Day discovered that he had been robbed of his wallet, containing \$110.

Both men arrived in the city last evening from Steubenville. O'Day is a boilermaker by trade and Cassidy makes a living by selling court plaster. The former drew a month's pay at Steubenville yesterday and when he proposed to Cassidy that they make a trip to East Liverpool and see the sights the latter readily accepted the invitation. Cassidy did not have a penny and was purely the guest of O'Day. After they had consumed all the booze they could not, O'Day proposed that they find a bed and going to the Albion house paid for a night's lodging for both.

O'Day left this morning for Wellsville, where he thought Cassidy was, but nothing could be learned as to the success of his mission.

## BUSY TIMES FOR THE RIVER MEN

CONVENTION TAKES STEPS TO  
BOOM OHIO NAVIGATION.

Huntington, W. Va., Selected as the  
Place of Meeting for  
Next Year.

Evansville, October 15.—(Special.)—By a unanimous vote the Ohio Valley Improvement association this morning selected Huntington, W. Va., as the meeting place for next year and extended the session to three days, it being found that the press of business cannot be disposed of in less time. Portsmouth, Cincinnati and Louisville withdrew.

Resolutions similar to those adopted at Parkersburg last year favoring immediate congressional action for the improvement of the Ohio were unanimously adopted, and Albert Bettenger, of Cincinnati, was appointed as a special representative to the convention to lay before President Roosevelt the proceedings of the present meeting and to interest the executive in hastening appropriations for the work.

Letters of regret from distinguished men of the country, including President Roosevelt, the members of his cabinet and senators and representatives were read. President John L. Vance and Secretary J. F. Ellison were delegated to attend the Mississippi Improvement association meeting at New Orleans on October 27.

During the morning addresses were made by Col. G. H. Anderson, of Pittsburg; Mr. B. B. Davenport, of West Virginia; and Hon. F. M. Griffith, of Indiana, the last two being representatives. The present convention has been voted the most successful held in the history of the association.

The delegates attended a barbecue

at one of the city parks this afternoon. The convention got down to hard work yesterday afternoon. President Vance gave a lengthy review of the past year's work. John F. Dravo, of Pittsburg, and Congressman Hemmenway, Albert Bettenger, of Cincinnati, and others spoke. Col. Vance and most of the old officers were re-elected.

It was said by the speakers that it would take \$57,000,000 for the improvement of that sum \$10,000,000 had already been expended. Mr. Bettenger estimated that the work could be completed in 19 or 12 years.

New York, October 15.—(Special.)—General Harrison Boyce, who took part in several warm political campaigns in Ohio and who was mentioned in connection with the senatorial election at Columbus in 1898, was struck and instantly killed by a Broadway cable car.

### REMOVED FROM OFFICE

United States Marshal Permitted a  
Chinaman to Escape  
From Him.

Washington, October 15.—(Special.)—United States Marshal Fred Field, of Vermont, was officially removed from office this morning by President Roosevelt, because of his permitting the escape of a Chinaman entrusted to him for deportation.

### TILLMAN GOES FREE

The Ex-Lieutenant Governor of South  
Carolina Acquitted of  
Murder.

Lexington, S. C., October 15.—(Special.)—Ex-Lieutenant Governor Tillman, charged with the murder of Edith Gonzales, has been acquitted.

## FAMILY ESCAPED IN NIGHT CLOTHES

Residence of Dr. J. A. Mellon at Mill-  
port Burned With Its  
Contents.

Lisbon, October 15.—(Special.)—The residence of Dr. J. A. Mellon at Millport was totally destroyed by fire Tuesday night, with nearly all its contents, and the members of the family barely escaped with their lives. They had retired early that evening, and the house must have been on fire when they went to bed, as the smoke and flame aroused the family about 9:30 o'clock.

The family had only time to get out of the house in their night clothes. They succeeded in saving the piano and a few other articles. The house was insured for \$600, but the loss is greatly in excess of that amount.

## MASKED ROBBERS IN CHESTER HOME

Terrified a Young Man Who Was  
Returning Home  
Late.

### INTERRUPTED AND FLED

A bold and nearly successful attempt was made to rob the house of Marion Folder in the upper part of Chester last night, and the general belief among Chester people is that there is a smooth gang of professional burglars now at work in that vicinity.

Those of the family who were in the house at the time were awakened by suspicious noises, but owing to the hour being early they had no suspicion that burglars were at work. A few minutes later their son came into the house nearly prostrated with fright. According to his story he had appeared in the nick of time to save the inmates of the house from being robbed and perhaps murdered in their beds.

Young Folder had been out later than was his custom, and it was rather late when he approached the house. He had nearly reached the door of the home when three masked men confronted him, each with a pistol leveled at his breast. The spokesman of the party gave the order to throw up his hands, which he did without protest. The boy was badly frightened and scarcely knew what he did, but says the men were about to go through him when they were interrupted in an unexpected manner.

Hiram Scott, a well known colored man of Chester, had also been late in returning to his home which is in the vicinity of the Folder place, and he was attracted by the noise and confusion connected with the hold-up. He was not long in locating the sounds, and came upon the strange-looking quartet in time to save the boy from being robbed and also to prevent the house from being entered. When Scott appeared the masked trio took to their heels and disappeared toward the railroad, down which they ran at the top of their speed.

The colored man gave chase, but soon abandoned the attempt to overhaul the would-be thieves, and returned to his home. Young Folder was so badly frightened that he could scarcely talk, and was able to give but a meager account of his experience. The family made a tour of the house to ascertain whether or not anything of value had been disturbed, but it was found that the burglars had evidently been interrupted before they were able to gain an entrance.

### NEW TRIAL REFUSED

John Considine, Convicted of Highway  
Robbery, Sentenced to the  
Reformatory.

Lisbon, October 15.—(Special.)—A motion for a new trial in the case of John Considine, convicted of highway robbery committed at East Liverpool, was argued before Judge Hole last evening and overruled. Considine was then sentenced to the reformatory at Mansfield.

The judges who are not serving on the Clunk case have been excused until next Monday at 1 o'clock.

### Pardon Refused.

Columbus, October 15.—(Special.)—The pardon board today rejected the application of Dominick Fletcher, Columbiana county, sentenced for seven years for assault.

## FORAKER MEETING WAS TALKED OVER

The Question of a Hall the Only  
One That Is Now  
Perplexing.

### CITY COMMITTEE MET

Finance Committee Chosen And En-  
thusiastic Resolutions Adopted in  
Favor of the Whole Republican  
Ticket, State And Local.

As soon as the positive date can be decided upon all arrangements will have been completed for the largest political demonstration held in East Liverpool for years. The city Republican central committee held a meeting last night, and in addition to the appointment of a number of committees, several other matters were attended to in connection with the fall campaign.

The question of a suitable hall in which to hold the meeting has been puzzling the committee not a little, and to the present nothing definite has been decided upon. An effort will be made to secure the Grand opera house, and a committee has been appointed to confer with the agents of other auditoriums in the city.

At the meeting of the committee last night a letter was received from C. C. Connell, secretary of the county committee, in which he stated that he had been in communication with the state committee relative to securing Senator J. B. Foraker, Hon. J. J. Sullivan and Randolph Walton for the big demonstration in this city. Knowing that Senator Foraker was not engaged for either the 27th or 28th of October, the county secretary had asked for the 28th, and the local people will make their arrangements accordingly. An effort was made to get in communication with Secretary Connell while the meeting was in progress in order to make a definite arrangement as to the date, but the attempt was unsuccessful. The city secretary will communicate with him to-day, and it is likely an understanding will be reached by evening.

A most important feature of the coming campaign was attended to at the meeting last evening, it being the selection of a finance committee. Chairman Smith appointed Dave McIntosh, H. W. Smith, Senator W. V. Blake, Justice J. N. Rose and W. C. Supplee. These gentlemen will be furnished with credentials at once, and expect to get to work some time during the present week.

A meeting of the committee will be held each Wednesday evening from now until the fall election, and the secretary was instructed to notify the members of the committee to that effect.

A very strong resolution was adopted providing for the endorsement of the Republican ticket, state and county, declaring the committee's confidence in each and every one of them and pledging the support of the party to their candidacy at the coming election. The resolution is as follows:

"Resolved, That the city Republican central committee do endorse in the warmest and most unequivocal manner, the candidacy of that admirable citizen, Myron T. Herrick for the office of governor of the state of Ohio, and also the candidacy of that keen witted and unswerving friend of the business man, and champion of the working man, Senator Marcus A. Hanna, to succeed himself in the senate of the United States, and that we urge the claims of our fellow citizens, M. J. McGarry for prosecuting attorney, A. J. Johnson for the office of sheriff, E. W. Hill for representative and R. G. Boyd as candidate for county commissioner; and that we, the members of this committee, pledge to them our most faithful and industrious support. And be it further

"Resolved, That inasmuch as this community naturally can have no sympathy with tax reformers who dodge their own taxes, and then howl 'Calamity' nor with politicians who are themselves confused as to what platform they stand upon in their attempt to gain an office of national importance; that we condemn the attempts of Candidate Clarke and his friend Johnson to trade upon the prejudices of the people rather than to stand upon real issues, and class them as unfit to represent the people of the great State of Ohio in any public capacity.

"Resolved, That we urge upon our

## HORSE AND BUGGY TAKEN BY THREE LISBON YOUTHS

Boys Arrested at Leetonia After Hav-  
ing Driven the Horse Nearly  
to Death.

Lisbon, October 15.—(Special.)—Ralph and Dever Duell and Reuben Wallace, Lisbon boys, aged about 17, were arrested in Leetonia at 8 o'clock last evening and will be brought to Lisbon today, to answer for the theft of Dr. Frank P. Moore's horse and buggy. It is alleged they took the outfit from the stable early last evening and nearly killed the horse in making the seven mile drive to Leetonia. The officers here were notified and telephoned to surrounding towns which led to the capture of the youths.

Only a few days ago the trio was before Mayor Ferrall for drunkenness and a fine of \$1 and costs each was suspended during good behavior.

## MRS. ULHWARM IS STILL ALIVE

Spent Yesterday Afternoon by a  
Fire on the River  
Bark.

### SEARCH BEING RENewed

That Mrs. Louisa Uhlwarm, the demoted woman, who has been missing from her home near Ralston's crossing since last Friday night, could wander around through the East End for almost a week without being apprehended is seemingly impossible, yet such seems to be the case.

That she was alive late yesterday afternoon is almost established by the clue that reached the East End fire station this morning. The case of Mrs. Uhlwarm is astounding in many ways. From the circumstances surrounding her disappearance it was first the belief of her relatives that she had gone directly from the house to the river bank, where she plunged into the murky waters. Several days later a woman, acting strangely, and almost positively identified as Mrs. Uhlwarm, was seen in the Columbian park neighborhood. Yet, in spite of the far-reaching search of the distracted husband and a party of friends and relatives, she could not be found.

Clad in a thin house wrapper, wearing thin slippers and with but a small shawl as a wrap, it seems impossible that Mrs. Uhlwarm could have withstood the rigors of the days and nights that have passed since she left home. It seems impossible that she could run at large for so many days among several thousand people in a well settled district. This has been the case, however, if the clue, brought to the fire station by William Jones, is authentic.

Some time yesterday a woman approached the home of Mrs. Maggie DeLong, on the south side of the railroad track near the Klondike pottery, and asked for some matches. The appearance of the woman frightened Mrs. DeLong and she refused the request. She was too agitated to notice her visitor closely enough to give an accurate description. At the time she had not heard of the missing woman. A few minutes later Mrs. DeLong saw the woman walking westward along the railroad track.

The strange appearing woman, however she was, must have obtained the matches at some other house, for she went to the river beach and lighted a fire. She remained on the beach all afternoon and although she was seen by a number of people none connected her with the missing Mrs. Uhlwarm. So far as could be learned nobody was close enough to the fire to gain a close description of the woman who huddled over it.

Jones heard this story from his sister when he called at her house last night. He knew of the missing woman, but waited until this morning to report the matter to the authorities, stopping at the fire station on the way to his work at the Harker pottery. As soon as it was possible for him to leave the fire station, Captain Terrence commenced an investigation, going directly to the spot marked by the charred embers, where the woman had spent the afternoon. He found footprints, evidently made by a woman's shoe or slipper. The prints ended abruptly at the fire.

Mrs. DeLong told Captain Terrence that she had seen the woman in the vicinity of her home for the past few days. On one occasion, she states, the woman sat near the house for several hours without uttering a word.

## POSSIBLY THE VICTIM OF A TREACHEROUS PLOT

**Nuzum, Killed by Clunk, May Have Walked Into  
a Trap Cleverly Laid  
For Him.**

### HIS ANTE-MORTEM STATEMENT OF THE CASE

Lisbon, October 15.—(Special.)—There was an unusually large audience in the court room for the Clunk murder trial, which commenced yesterday afternoon. Included among those present were the 55 witnesses in the case, 25 for the state and 30 for the defense. Good progress was made, a large number of witnesses having been examined when the jury was excused at 5 o'clock until 9 o'clock this morning.

From the statement of the case made to the jury by Prosecutor Brookes, the state evidently expects to show that Anthony Clunk's victim, the late Frank P. Nuzum, of Elkton, was a deeply wronged and misrepresented man and may have been the victim of a blackmailing plot on the part of Clunk and his wife. Prosecutor Brookes' story of the tragedy, as laid down to the jury, was doubtless based on an ante-mortem statement made by Nuzum.

Mr. Brookes said that Clunk left home about 6 o'clock on the morning of May 20, the day of the tragedy, ostensibly to go to work at the coal mine where he was employed as a digger. Instead of going to the mine, however, Clunk was represented to

have secreted himself in the barn not far from the house, where he remained until a few moments before the shooting. He was jealous on account of rumors of unfaithfulness of his wife and having been apprised of the real situation had probably worked himself into an insane fury.

About 7 o'clock the wife sent their six-year-old daughter Lena down to Nuzum's house or store to tell Mr. Nuzum to come up and repair one of the burners of a new oil stove which had just been purchased the night before of Kim Hawkins, an Elkton storekeeper, notwithstanding the fact that Hawkins had already been there that morning and given directions concerning the stove. The little girl was instructed to remain down town and play with the children at William Johnston's, a near neighbor of Nuzum, until the latter returned home.

Nuzum at first told the little girl that he had not time to go up to the Clunk home that morning, but at length consented. He found the stove sitting on the back porch and stopped to examine it before entering the house. In doing so some oil squirted on his hands, and Mrs. Clunk, who

## SUPPOSED BURGLAR WAS ONLY A RAT

LITTLE CREATURE CAUSED A  
CRASH AND TERROR.

Excitement in a Bank Street Home  
Thought to Be Due to a  
Small Rodent.

Believing that his house was being invaded by a burglar, having heard a loud crash in the room below him, Mr. Hilliard, of 189 Bank street, raised the neighbors this morning at about 2:45 o'clock by unearthly screams for assistance. An investigation by Officer McDermott was made this morning and the officer states that the supposed burglar was only a rat.

Hilliard heard a noise sounding like some dishes breaking and was convinced that burglars were in the dining room below him. He jumped from his bed, but having no weapons was afraid to investigate and instead opened a window and yelled loudly for help. Neighbors finally answered his call and when they viewed the room and premises nothing could be found of the supposed house breaker.

When Officer McDermott arrived he readily came to the conclusion that the noise was made by a rat, seeing one of the little creatures close by the spot where a vase lay broken on the floor.

Notwithstanding the officer's opinion, Mr. Hilliard still believes there was a burglar in his house.

### Will of Adam Houser.

Lisbon, October 15.—(Special.)—The will of the late Adam Houser, of East Liverpool, has been filed for probate and the matter set for a hearing November 2. The will leaves all the property to Mrs. Kate Houser, provided she does not marry. On her death or re-marriage the residue of the estate is to be divided equally among the four children, Lizzie, Aggie, George and Harry. The widow is named as executrix without bond.

## A MUSCULAR PHYSICIAN THRASHES A BLACKMAILER

The attempt of a well known man of the West End to work a blackmailing scheme on a highly respected physician of the city last evening resulted in the former receiving the worst beating of his life and his escape from death at the hands of the enraged doctor was decidedly narrow. According to the physician, he was called upon about six months ago to treat a respectable young woman of the city. He prescribed for the girl and had not seen or heard of her since until last evening, when her brother-in-law walked into his office and daringly said: "You performed a criminal operation on my sister-in-law six months ago. I have concluded to push you for it. I have been to an attorney with the case. Now you can either fix this

matter up with me or suffer the consequences."

The physician was beside himself with rage. Like an enraged lion he rushed at the blackmailer and before the latter could break away he had him on the floor and beat his head almost into a jelly. After pounding him all over the office, he was about to kick him out into the street when he thought it might be best to get a witness. Going to the door he summoned a friend, and then made the man get down on his knees and swear with his hands raised to his Maker that every word of the accusation was false, that he had not performed a criminal operation and that he had not been to see an attorney. The whipped man was then ushered to the door and told never to show his face in the office again.

## POSSIBLE CLUE TO OPIUM DEN

Talk to a Prisoner in City Jail May Give the Police a Hint.

### EFFORT WILL BE KEPT UP

To Locate the Places Where the Drug Is Dispensed—Joe Brighthouse's Trouble Alleged to Be Due to Indulgence in the Narcotic.

Though they have applied themselves vigorously to the task of attempting to unearth the opium dens known to be in existence in the city and vicinity, the police have been unable to discover even a clue. A conversation heard at the city hall on Tuesday evening may, however, assist them in the work, and if they take the statements as facts every dive in the city may soon be landed.

The talk alluded to was engaged in by Mrs. Jack Brighthouse, a woman known as "Hi Ki," and Joe Brighthouse. The latter had been arrested for being drunk and was in a cell at the city jail, while his mother and the other woman, who is said to be his wife, were in the room adjoining the jail, awaiting the arrival of Mayor Weaver, wishing to assist the chief executive in dealing out justice to their adored one.

While the two women were in a dispute as to how Joe happened to be in the clutches of the law, the mother stating it was due to drink and "Hi Ki," and the latter arguing that there was another reason, an unknown young man appeared on the scene. He lost no time in getting into the wrangle and disputed the words of both women, saying that the cause of Joe's downfall was his excessive use of dope.

His words soon had the women talking furiously, and it looked for some time as if a fight might ensue. "Hi Ki" finally acknowledged that Joe had been using the poisonous stuff, but she made a demonstration when the stranger attempted to tell where Joe had purchased it. The stranger said he knew that Joe had been over to a den on the opposite side of the river. He intimated that it was in a shanty boat. "Hi Ki" denied it, stating that she knew positively that Joe had gotten the dope in this city. She would not incriminate any one, but said it is located not far from the passenger depot. Before either disclosed the positive location of a joint the man became so angry that he left and then the women ceased talking of it.

Chief Wyman states that he knows what the practice of smoking opium means to a person and that he will surely do all he can to unearth every den. He is of the opinion that if one of them is ever located the entire number will be corralled in a very short time.

## News and Notes About The Potteries

### NEW CASTLE NOTES.

New Castle, Pa., October 15.—(Special.)—Local No. 54 held a very interesting meeting last week, with a fair attendance. Vice President Hutchins sent word he could not come and President Duffy being away on his trip, the trouble at the China works and sanitary shop is still unsettled. President Duffy has sent word he will be here for a meeting Friday evening.

The manager of the Universal sanitary shop has asked the local to try to get him some journeymen pressers, so the local has notified No. 45, of Trenton, that any sanitary pressers desiring a job should correspond with Mr. Simpson, manager, or the secretary of No. 54, box 58.

The report is current that the China company is going to shut down for a few weeks, but it is not known how true it is.

The Shenango is still running full with lots of orders.

Noelky Amos is visiting his brother-in-law, R. H. Smith.

Brother Brick, from the China company, is helping Brother McKenna at the Shenango packing shed.

Lydger Hutton has secured a job at the Shenango and will start tomorrow.

Judy Cannon is visiting here.

William Harvey, former manager of the Shenango, was a visitor at the shop today.

### FURTHER TESTS.

At the Great Western Sewer Pipe works, Toronto, further tests are being made in order to ascertain whether or not it is possible to connect vitrified sewer pipe in such a manner that it will be sufficiently strong to use as water mains where a high pressure exists. A number of joints are connected in such a way as to be perfectly tight. Water is then forced into the pipes by means of a hydraulic pump and gauge is also employed to indicate the pressure. The test is being conducted by the American Sewer Pipe company, and it is understood that sewer pipe from several of that company's other plants has been shipped to Toronto in order to determine the strength of each. It goes without saying that it can be demonstrated that clay pipe can be so securely and tightly joined as to be made to take the place of cast iron pipe under certain conditions, a discovery which has been made that will at once prove beneficial to manufacturers of vitrified sewer pipe and the public generally.

### VALUE OF IMPORTS.

The imports of pottery and glass for the year ending June 30 show that the trade is growing at a steady rate says a trade paper. The gain in pottery over last year is \$831,896, and over 1891 is \$1,039,183. The increase in English goods for the year 1903 over 1902 is \$67,634; (there is a decrease however, as against the figures of 1901, of \$87,062). France shows a gain in 1903 over 1902 of \$273,747, and over 1901 of \$274,796. In domestic crockery, as estimated by the United States Pottery association, the report shows that the gain for 1903 will be \$500,000 over 1902, and over 1901 or \$1,500,000. Pottery exports show a falling off in 1903 over 1902 of \$17,739, but there is a gain over 1901 of \$70,146. The output of glass, not including bottles and window glass, for 1900 was \$7,200,000; for 1901, \$8,000,000; for 1902 it was approximately \$9,500,000.

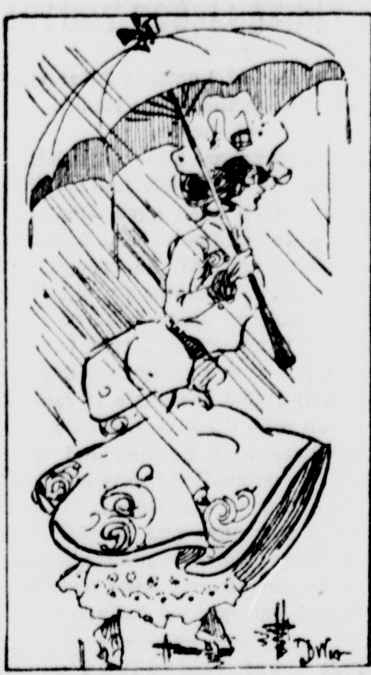

### USED AN AXE.

By reason of a little controversy between the Cleveland & Pittsburgh Railroad company and the Stratton Fire Clay company, of Toronto, the latter will be compelled to conduct business for a time without the aid of a telephone. It seems that the Stratton company, which concern is erecting a sewer pipe works about four miles north of Toronto, had made a contract with the telephone company to extend its line to the new works and for that purpose poles had been erected on the railroad company's right of way. The latter is laying an additional track past the sewer pipe works and some dispute arose between the Stratton and the railroad officials as to territory, with the result that the latter proceeded to remove the recent example set by the Pennsylvania Railroad company east of Pittsburgh and had all telephone poles erected on its right of way removed with the assistance of an axe.

### Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches or other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. You get this reliable remedy at

## FRESH DISCLOSURES

Come to Light in Affairs of United States Shipbuilding Company.

### DUMMY DIRECTORS ARE VOTED

Dresser Denies Threatening Schwab—Says Wrecking of Combination Was Caused by Withholding Profits of Bethlehem Company.

New York, Oct. 15.—The inquiry before a referee into the affairs of the stranded shipbuilding combination at the instance of the Bondholders Protective association was productive of fresh developments that will claim the attention of the financial world and those who follow its fortunes.

It developed that Tuesday D. Leroy Dresser, late president of the Trust Company of the Republic, who last week divulged much of the inner history of the formation of the combination, made an effort to communicate with Charles M. Schwab with a view to obtaining some concessions as to the Bethlehem steel works that would render easier the scheme for rehabilitating the partly wrecked concern. The message of Mr. Dresser was delivered to Mr. Schwab by Mr. Harris, of the brokerage house of Harris, Gates & Co., which marketed part of the shipbuilding stock, but Mr. Schwab declined to see Mr. Dresser.

Hoped to Save the Company.

W. D. Guthrie, counsel for Mr. Schwab, brought the facts of the incident out at the hearing in a series of questions directed to Mr. Dresser. His aim was to show that Mr. Dresser had sought to plead with Mr. Schwab and had threatened to make certain disclosures when recalled to the stand that would reflect upon Mr. Schwab. Mr. Dresser denied that he had gone to plead with Mr. Schwab or to threaten him, for he had no additional information to divulge, but had sought to approach him in the hope that something might be done to save the shipbuilding company.

Mr. Dresser asserted that the shipbuilding company had been wrecked because Mr. Schwab had withheld the profits of the Bethlehem company. This declaration he twice spiritedly repeated when at the end of cross-examination by Mr. Guthrie he was given an opportunity to explain.

### Resident Directors Produced.

Mr. Untermeyer, in behalf of the bondholders, produced two of the resident directors obtained in New Jersey formally to carry on the affairs of the shipbuilding company, but only finished his examination of one of them. He claimed that they were merely dummy directors, who voted upon questions involving millions of dollars of the securities of the company without other information or inquiry than the orders of the lawyers of the corporation.

George P. Dailey, one of the New Jersey directors, could not tell where the Bath iron works is located, and could not tell who paid for the single share of stock placed in his name that he might qualify as a director.

There was produced and offered as evidence a memorandum said to have been prepared by Colonel McCook and given by him to Mr. Dresser. It contained the figures upon which the Trust Company of the Republic undertook the underwriting of the shipbuilding company, and while its purpose was not explained, it is expected that it will cut an important figure at a later stage of the proceedings. It is said that, besides the division of stock detailed last week by Mr. Dresser, there was a division of money. The memorandum shows an allowance for "expenses" of \$200,000 cash, \$300,000 in bonds, \$500,000 in preferred stock and \$500,000 in common stock.

### Senator Green Arrested.

Binghamton, N. Y., Oct. 15.—Senator George E. Green was arrested and arraigned before United States Commissioner Hall on an indictment found Oct. 8, in Washington, charging him with conspiring with George W. Beavers and Willard D. Doremus to sell the government, through Beavers, stamp canceling machines, known as the Doremus machine, in which Green was largely interested. Green demanded an examination and the case was set down for Nov. 9, when the previous indictments will come up. Bail was fixed at \$5,000, which was furnished.

## EAST END

## ALEX CHAFINS RETURNS TO EAST END

Has Been Spending the Summer on His Farm. But Will Resume Business Operations.

Alex Chafin, who has been spending the summer on his mammoth farm near Fredericktown, will return to the East End in a short time to spend the winter. When Mr. Chafin left the city last spring to engage in farming operations, he disposed of his stock of produce and leased his establishment to a Chafin. He also sold a great deal of his holdings in East End real estate.

It was stated today that Mr. Chafin would again become active in business matters and besides starting his mercantile establishment afresh will build a number of new houses. Mr. Chafin, by his enterprise and faith in the growth of the East End, has been one of the greatest helpers, and several scores of houses have been built through his agency. He has also taken a prominent part in political matters, being one of the stalwart Republicans of the section.

## POSSIBLY THE VICTIM OF TREACHEROUS PLOT

Continued from First Page

had appeared in the doorway, invited him into the kitchen to wash them. He was drying his hands with a towel when Clunk suddenly entered, apparently in a towering rage, and cried, with an ugly epithet, "I have got you now. I have been laying for you."

Clunk had secured his weapon and assumed a threatening attitude while speaking. Nuzum remonstrated with him, begging him not to shoot, as he had done nothing. Clunk would not be pacified and shouted: "Get down on your knees, you," with that pressing the trigger when only five or six feet distant from Nuzum. The charge from the gun tore a hole in Nuzum's right groin, larger around than a dollar.

Nuzum dragged himself out onto the porch and lay there until Dr. Albright arrived, while Clunk, without giving the wounded man any assistance, went to the home of his nearest neighbor, J. W. Reynolds, and said in a vulgar way, that he had caught Nuzum with Mrs. Clunk and had to shoot him.

Mr. Brooks said that, whether the shooting was due to a fit of jealousy or whether it was the result of a trap set by Clunk for Nuzum, remained to be determined. He said that about the time of the tragedy Nuzum had sold some land for which he received \$300.

Attorney W. H. Spence's statement of the case for the defendant was substantially the same as has been published. Mr. Spence said that Clunk had not been feeling well for several days before the shooting, having been unable to work a full day for at least two days. Returning after he had gone part way to the mines he entered the house and found Nuzum on the floor with Mrs. Clunk and started toward him. Nuzum's fists were clenched and he had every appearance of aggressiveness. In the excitement the gun in Clunk's hands was discharged.

The Clunk and Nuzum families were represented to have been on very friendly terms, frequently visiting back and forth. Mr. Spence said the defense expects to show that Clunk, who can neither read nor write, is not a strong-minded man, which his lack of general development would indicate, but that he has always borne a good reputation and has been an industrious laborer. Clunk is 44 years old, was born two miles south of Lisbon and has spent his entire life in this vicinity.

The accused sat at the table between his two attorneys and was visibly affected at times by the testimony.

The first witness for the state was Mrs. J. W. Reynolds, the nearest neighbor of the Clunks. She said she was at home on the morning of the tragedy and that her kitchen window toward the Clunk residence was open. Mrs. Reynolds heard the shot fired which was the first intimation she had of any trouble and immediately afterwards heard loud and angry talking, some one saying: "Lie down, you," and repeating the expression several times with terrible oaths. A great commotion inside the house as of furniture and other fixtures being tumbled about roughly, preceded the opening of the front door, after which Clunk emerged from the back door saying, "I'll take care of the gun."

He started at once toward Reynolds', left his gun at the gate and told Mrs. Reynolds what had happened, asking her to telephone for a doctor. She said Clunk appeared excited.

Charles McCord said he met Clunk coming away from the house on the morning of the shooting. Clunk had his dinner pail, but did not have on his coat and clothes, and stopped at the barn on the premises, after walking a few rods with McCord. McCord went about half a mile further and

returned past the place, but did not see Clunk leave the barn.

Mrs. Jessie Johnston, wife of William Johnston, saw Clunk's little daughter Lena come to the home of Nuzum, her near neighbor, on the morning of the shooting, and said that shortly afterwards Nuzum went past on his way up to Clunk's, while the little girl remained to play with Mrs. Johnston's children.

Kim Hawkins, the dealer of whom the Clunks had bought the oil stove the night before, said he went the day as he had promised early on the morning of the shooting and gave Mrs. Clunk the necessary directions concerning the stove that Nuzum was called upon to repair.

"Squire J. D. Peterson, of Elkton, was at the scene of the shooting shortly after it occurred, and identified a pair of overalls and a shirt as being what Mr. Nuzum had on that morning.

Mrs. M. B. Morlan, Mrs. Nancy Adams and others testified to having been asked by Clunk as to whether they had heard reports concerning his wife. On account of the rumors about her they advised Clunk to watch and see for himself.

Miss Mabel Johnston, William Johnston, George W. Crawford and others told of having heard Clunk speak in stores and other places of his wife's unfaithfulness and make threats as to what he would do to the first man he caught about his home. Such a conversation was alleged to have taken place in the store of Clunk's victim, Nuzum himself advising him to lay for them.

Mrs. John Tullis, a daughter of Nuzum, living in Lisbon, at whose home he died, was also on the stand and identified the clothing which her father wore when he was shot.

The taking of testimony was late in being resumed today, preliminary testimony being taken in the absence of the jury regarding the admissibility of Nuzum's ante mortem statement.

Attorney Louis T. Farr, at the request of Prosecutor Brooks, had visited Nuzum before his death and took his statement in the presence of Justice J. E. Peterson and others of Elkton. The statement was written out, submitted to Nuzum, approved and signed by him and later reaffirmed. It was decided to admit the statement with a few eliminations.

## RIVER IMPROVEMENT

Ways and Means Being Considered by Convention in Session at Evansville.

## FUNDS CONTRIBUTED FOR CAUSE

Cincinnati Leads the List With the Largest Amount — Three Hundred Delegates Present at Meeting—Banquet Tendered Visitors.

Evansville, Ind., Oct. 15.—The convention of the Ohio Valley Improvement association opened with addresses by Governor Durbin and Mayor Covert, of the association. One hundred delegates are expected. Huntington, W. Va.; Portsmouth, O., and Louisville, Ky., are after the next convention.

At the afternoon session \$5,600 was subscribed by the cities from Pittsburgh to Cairo to enable the association to carry on the fight for a system of locks and dams. Cincinnati was the largest contributor, donating \$2,500.

About 300 delegates are present. The nominating committee recommended the election of the following officers: J. L. Vance, president; James D. Parker, treasurer; J. E. Eliason, secretary. Vice presidents for the different states were selected as follows: Pennsylvania, George H. Anderson and W. B. Rogers; West Virginia, Hillman Quarrier and Daniel A. Massman; Ohio, A. Bettinger and H. A. Marting; Kentucky, W. W. Hite and W. A. Patton; Indiana, F. B. Posey and M. C. Garber; Illinois, George Parson and J. C. Willis.

On account of the large river frontage of Kentucky it was decided to give the state three vice presidents and Saunders A. Fowler was selected. Congressmen Hemenway and Stanley were present.

In the evening addresses were made by Captain J. F. Dravo and George H. Anderson, of Pittsburgh, Pa., after which a banquet was tendered the visitors.

## MISS WOOD INDIGNANT.

Says She Is Not Interested in Any Person's Matrimonial Affairs.

New York, Oct. 15.—Miss Mae C. Wood, to whom has been attributed the purpose of instituting a suit for breach of promise of marriage against Senator T. C. Platt on the eve of his marriage with Mrs. Hanaway, of Washington, arrived at the Manhattan hotel from Ontario county, N. Y., where she had been at the bedside of a sick relative.

Miss Wood expressed herself in terms of indignation regarding the published rumors, and said she was not interested in any person's matrimonial affairs. The only persons who are apt to get into trouble, she added, are those who are at the bottom of those silly rumors.

When asked if she knew Senator Platt, she said: "Of course I know him. I have known him for several years. He has always been friendly to me, and I esteem him highly. I regret the publication of these ridiculous stories as very unfortunate and distressing."

## LAST DAY FOR AUTOS.

Nineteen Cars in Youngstown for the Final Run of Endurance Race.

Youngstown, O., Oct. 15.—Nineteen cars have reached Youngstown, ready to leave this morning for the last day's run of the endurance contest. This includes all the cars that left Cleveland and two more which had not been heard from since leaving Pine Hill. They were driven by Doreys and Edward Collier.

The run into Youngstown was accomplished in quick time. Tom Fitch led the cars through Warren, his native place. Steamers reached the outskirts of the town first. He could have run into the garage ahead of any other car, but as racing is strictly prohibited, stopped and came through the streets of Youngstown side by side with Jay. Jay went into the garage first at 11:42 o'clock. Today the cars will run down as far as Allegheny, where they will rendezvous. Escorted by the Pittsburgh Automobile club, they will parade to the garage.

Commissioner Richards, of the government land office, makes a report that shows the necessity and importance of a revision of the laws relating to the sale of timber lands. There is no doubt in his mind that these lands are being bought up by speculators in the west, solely for the purpose of denuding them of their timber. He describes now a carload of people will leave Michigan for Oregon. Shortly thereafter the land office receives claims for quarter sections in number exactly corresponding to the number of passengers on the car. Each claim is accompanied by a \$100 check. Investigations shows that none of the claimants was ever known in his home town to have \$100 at any one time in his life. Nevertheless the patents must be issued, for the law only requires that the claimant must have seen the land and possess the price. Before long all the claims are transferred to some one syndicate or corporation. The government efforts to encourage forestry and the establishment of timber reservations will be more than offset by the wiles of these schemers, if this sort of thing is allowed to go on.

According to a more or less steamed contempt, the subject of one of its news item is either dying or dead, having been thrown under a

train or a street car or injured in some other way. Nothing like accuracy.

East Liverpool will show Senator Foraker and the other orators who are to come here what a Republican welcome in a Republican stronghold is like. The meeting of the latter part of this month bids fair to be a record breaker.

As long as the great industries continue to thrive it makes very little difference to the ordinary chap whether the speculative industry of Wall street thrives or not.

It is pathetic to see American free trade papers pleading with England to stand by the doctrines of Cobden. Protection has captured the free trade citadel.

John Alexander Dowie has taken eight train loads of Zionites to New York to convert the town. It won't be enough.

Chester has added a national bank to her other possessions and is moving along on the crest of the wave of prosperity.

President Roosevelt is not afraid to speak his mind on any question. He is not a politician, but a statesman.

Let us hope that the Evansville convention will convert a good many congressmen to its doctrine.

Tom Johnson is a very good natured chap. It is not he, but his doctrine, that is dangerous.

The czar is now preaching peace. Meantime he is very busy getting his guns in order.

## OBITUARY

Mrs. Margaret Richardson.  
Mrs. Margaret A. Richardson, aged 75 years, died at her home at Irondale Tuesday evening of old age and a complication of diseases. She was well known throughout the county, as she had lived in Irondale for the past 35 years. She leaves three daughters and two sons, most of whom are married. Mr. Richardson died about 11 years ago. Funeral services were held at the late home this afternoon. Rev. Mr. Grimes officiated. Interment was made at Spring Hill cemetery in Wellsville.

Readjustment of Kentucky Oil.  
Lima, O., Oct. 15.—White House (Ky.) crude oil declined 2 cents, making the quotations \$1.35 per barrel. A readjustment of Kentucky oils has been made, Somerset, Barbourville light and Lacey (Tenn.) being put on a par with South Lima and Indiana, now quoted at \$1.21, and in the future will be known only as Somerset. Neodesha (Kas.) is rated with North Lima, \$1.26, and Barbourville heavy has been consolidated with and will be known as Ragland, now quoted 66c.

Went Riding With the President.  
Washington, Oct. 15.—General Ian Hamilton, of the British army, was presented to the president by General Corbin. Later in the day he accompanied the president and Mrs. Roosevelt on a horseback ride in the suburbs. General Hamilton will dine with the president this evening. He will leave here Friday for Savannah, Ga., to visit Colonel Gordon, and will afterward attend the army maneuvers at Fort Riley. He will sail from New York on Oct. 24 for Southampton.

Charges to Be Investigated.  
Denver, Oct. 15.—Brigadier General John Chase, who was relieved of the command of the national guard in Cripple Creek by Governor Peabody 10 days ago, was served with the charges upon which he will be tried by the court martial which is to convene at the capital next Monday. The general will not be deprived of his liberty. Similar action will be taken in the cases of other officers against whom charges have been preferred.

## AT THE THEATRE

What "The Old Homestead" is to the north, so is "The Old Plantation" to the south. In a romantic manner is woven a strong plot of dramatic interest that appeals to every class of playgoer, north, south, east or west. The many exciting scenes in this successful play are depicted amid picturesque surroundings that are pleasing to the eye, and are too seldom seen on the modern stage. There is an air of content hovering around plays of this class, which makes the onlooker feel better for having witnessed them. At the Grand tonight.

In presenting a splendid scenic revival of the famous comedy drama "The Black Flag," as the opening bill of the engagement of the big comedy company, "The Ideals," John A. Himmelein promises a production of this popular play that has never been seen in this country since the original production of the play by Nat C. Goodwin and Edwin Thorne. Perhaps a play in the English language has been presented by more different companies than this one, or has received worse treatment at the hands of the theatrical people in general. At the Grand opera house next Monday evening.

The Carpenter Company.  
In the new Russo-Siberian play, "For Her Sake," there is one scene which must fall little short of terrific, viewed from the standpoint of dramatic effect. It is a flogging episode. The knout, as the Russian cat-o'-nine-tails is called, is made to figure, and the victim of the lash is a girl whose only offense, it would appear from reading of the plot of the play, is that she won the love of a prince of the blood. At the Grand Saturday night.

The romantic story of St. Bernard is graphically illustrated in the charming play, "When the Bell Tolls," which will be given at the Grand on Friday night. The picturesque mountains of Switzerland have hitherto been overlooked by the playwright, but have been eagerly grasped by the author of "When the Bell Tolls" as a fitting frame for a cleverly drawn dramatic picture.

The Banda Rossa concert, the first of the High School series of entertainments, was a great musical treat and was enjoyed by a large audience at the opera house last evening. The program included both instrumental and vocal selections, both classical and popular.

DASTARDLY ATTACK  
UPON A CHILDFRANK DENNAN ARRESTED FOR  
A GRAVE CRIME.Is Said to Have Confessed—Girl's  
Screams Brought Help  
in Time.

Little 11-year-old Sadie Chloe Fish, whose parents reside in this city, but who is living at the home of Anthony George W. Adams in the country near town, was the victim of a dastardly assault early Tuesday morning while returning to her home from this city with a basket of groceries for the Adams family.

She was walking up the Wells Hill road, just east of this city, alone when she was suddenly approached by a man, who, without warning, picked her up and carried her to the side of the road, where he threw her down. The interference of Harry Rinestein, who happened to be in the vicinity, saved her from harm.

The man who committed the assault threatened the girl and said that he would kill her if she screamed for help. The girl was too frightened to pay any attention to his threats and screamed. Rinestein heard her cries and hurried to her assistance.

The scoundrel heard Rinestein approaching and at once made good his escape, but not until Rinestein had seen the man's face. Rinestein recognized him as Frank Dennan, better known in Tophet as "Pittsburgh Jack," and later informed the local officers. Dennan managed to keep in the shade Tuesday night and all day yesterday, but was caught by Chief House and Officer Elliott at his home up Wells Hollow early last evening. He admitted the assault on the officers on his way to the city jail. He was later identified by his little victim.

A charge was entered against Dennan and the mayor has set the case for hearing at 6 o'clock this evening, at which time two or three witnesses will be called in. This case has attracted considerable attention, particularly in Tophet, where Dennan is well known. He has been before the mayor on several occasions heretofore on drunk and disorderly charges. The council chamber will probably be packed with people at the hearing this evening.

## SIMPLY BREATHE IT

A Few Minutes' Use of Hyomei Four  
Times a Day Cures  
Catarrh.

The pleasantest, most convenient and the only scientific method for the treatment and cure of catarrh is Hyomei. Simply put 20 drops of Hyomei in the inhaler that comes with every package and then breathe it for a few minutes four times a day.

It seems remarkable that so simple a way of treating catarrh will effect a cure, but the most important discoveries of science have always been the simplest. By breathing Hyomei in this way every particle of air that enters the air passages of the throat and head and goes into the lungs is charged with a healing balsam that kills the germs and bacilli of catarrh and soothes and allays all irritation. The first day's use of Hyomei will show a decided improvement and in a short time there will be no further trouble from catarrh. Its action is rapid and lasting.

You take no risk in buying Hyomei. A complete outfit costs \$1, and if after using you can say that it has not helped you, Will Reed will return your money. What other treatment for catarrh is sold under a guarantee like this?

DEATH DUST  
Roaches.

A big black roach, is a big, mean nuisance; and the sooner they are driven out or killed, the better they not only eat food and spoil infinitely more than they eat, but they destroy many fine things, such as book covers, etc. Numerous are the ways and means employed to rid premises and places of them but with little permanent result.

The very best thing to kill roaches is Death Dust.

It kills them in their tracks before they reach their haunts. Sprinkle it freely about the places they are seen. They breathe it and DIE. Just what every good housekeeper wants them to do.

NEW NATIONAL BANK  
KEEPS OPEN HOUSE

Chester Institution Thronged By Visitors And Friends  
Today.

The First National bank of Chester was opened to the public at 8 o'clock this morning, and remained open until late this afternoon. The bank officers held open house, and throughout the day greeted the business men and citizens of the neighborhood as they called to inspect the institution.

The establishment of a bank in Chester fills a long felt want. The business interests of the town have grown to such a degree that it was both inconvenient and absurd to continue doing their banking in East Liverpool.

It has a capital stock of \$50,000, all of which has been paid in. United States bonds amounting to \$12,500 have been purchased and an order to duplicate that purchase has been made, so that the bank can issue notes to the amount of \$22,500, 90 per cent of its holdings in United States bonds.

The destinies of the new financial institution have been placed in the hands of Oscar O. Allison, one of the best known and most successful business men in this section of the state, who will act as cashier. Though yet a young man Mr. Allison has earned for himself a place in the very forefront among the substantial men of the county, and under his careful direction the concern is certain to prosper.

## RESOLVED TO BUILD

Savings Bank at New Cumberland  
Will Erect a Business  
Block.

A meeting of the directors of the New Cumberland Savings & Trust company was held yesterday in the bank's building, and it was unanimously voted to go ahead with the new building. A committee composed of E. P. Morphy, the cashier; G. B. Walmer and F. A. Chapman was appointed to secure complete plans for a new bank building, 60x100 feet, three stories, with four business rooms, 20x30 feet. The upper stories are to be made in that shape which will be the best investment. Notice was immediately served upon Peter McElman to vacate the property within 30 days, which indicates that the building committee are moving along ready to commence work at once.

This building will be a very decided improvement to the town, enhance the value of surrounding property and will have a tendency to centralize the business interests in that particular locality. The meeting was a very harmonious one and those from a distance very well pleased with the outlook.

## Will Locate in Chester.

Fred Attie arrived in Chester this morning from Beaver county, where he has conducted a farm for several years. He came to Chester for the purpose of securing a house, preparatory to removing to this vicinity. He has not yet decided what he will do, but may go into some kind of business. He has been very successful as an agriculturist, having purchased a farm upon which two men had made utter failures, and has prospered beyond average. Mrs. Attie has been in ill-health for some time, and this is given as their reason for coming to town.

## Oil Prospecting.

The drilling apparatus and other machinery for the well to be drilled by Stewart Bros. on the James property in Chester has been placed in position and it was thought drilling could be commenced some time this afternoon. Indications point to a good producer, and the fact that Mr. Murray only hopes to obtain sufficient gas for his own private use, makes the project of more interest than it would otherwise arouse. In case the prospecting proves successful other wells will be drilled right in the heart of the town.

Friends, regardless of their political affiliations, the importance to this community of continuing Senator Hanna in his present position, and of having a man of character and integrity as chief executive of this state, which is regarded by the country at this time as the political battle ground of the nation.

## REPUBLICAN COMMITTEE

Endorses the Entire State And County Ticket.

Resolved, That the City Republican Central Committee do endorse in the warmest and most unequivocal manner, the candidacy of that admirable citizen, Myron T. Herrick, for the office of governor of the state of Ohio, and also the candidacy of that keen witted and unswerving friend of the business man and champion of the working man, Senator Marcus A. Hanna, to succeed himself in the senate of the United States, and that we urge the claims of our fellow citizens, M. J. McGarry for prosecuting attorney, A. J. Johnson for the office of sheriff, E. W. Hill for representative and R. G. Boyd as candidates for county commissioner; and that we, the members of this committee, pledge to them our most faithful and industrious support; and be it further

Resolved, That inasmuch as this community naturally can have no sympathy with tax reformers who dodge their own taxes, and then howl "Calamity," nor with politicians who are themselves confused as to what platform they stand upon in their attempt to gain an office of national importance; that we condemn the attempts of Candidate Clarke and his friend Johnson to trade upon the prejudices of the people rather than to stand upon real issues, and class them as unfit to represent the people of the great state of Ohio in any public capacity.

Resolved, That we urge upon our friends, regardless of their political affiliations, the importance in this community of continuing Senator Hanna in his present position, and of having a man of character and integrity as chief executive of this state, which is regarded by the country at this time as the political battle ground of the nation.

## Fishing Schooner Missing.

Philadelphia, Oct. 15.—Fears are entertained for the safety of the fishing schooner Eden, of this city, which has been missing since Oct. 7. On that day, with a crew of 18 men, the Eden passed out at the Delaware breakwater for the fishing banks, about 15 miles seaward and there have since been no tidings of the vessel. It is feared the schooner was caught in the northeast storm which prevailed along the coast Friday and Saturday.

General Boyce Killed by Street Car. New York, Oct. 15.—General Henry Harrison Boyce, aged 60 years, of Mount Vernon, was struck by a street car on Broadway, receiving injuries from which he died in the hospital soon afterwards. He was well known in financial circles on the Pacific coast.

## GRIM STAYS THE LIMIT.

Down Twenty Times. Generally With Fitzsimmons' Assistance.

Philadelphia, Oct. 15.—Bob Fitzsimmons failed to stop Joe Grim, the Italian pugilist of this city, in six rounds at the Southern Athletic club. Grim was down 20 times all told, including one accidental fall, one slip out of the ring and some half a dozen falls to avoid punishment. The others were square knockdowns, and it must be said to Grim's credit that very few other boxers could have taken these blows and shown so little effect from them.

Fitzsimmons for three rounds contented himself with chasing Grim around the ring with strong feints, with now and then a light blow. In the fourth round he began to warm up to his work, and in the fifth and sixth rounds Bob apparently did the best he could, and yet failed to stop the Philadelphia boy. Grim adopted evasive tactics from the first and merely tried to stay the full number of rounds. He does not know how to hit, using the open hand in place of his fist. Grim was down twice in the second round, once in the third (an accidental fall), three times in the fourth, six times in the fifth and eight times in the sixth round.

Maude Adams Achieves Triumph. Syracuse, N. Y., Oct. 15.—After two years' absence from the stage Miss Maude Adams appeared at the Wieting opera house, achieving an emphatic personal and artistic triumph as Pepita, in the "Pretty Sister of Jose," a character which, while it may never touch the popular heart as did Lady Babbie, with whom her name is most frequently associated, nevertheless gives her the best opportunity she has ever had of displaying her marvelous ability, sounding all the emotional chords of human nature.

Will Attempt to Lower Record. Cleveland, Oct. 15.—G. W. Gray, president of the Chicago Automobile club, left in his big racing car for the latter city in another attempt to lower the time record of 23 hours and 40 minutes between Cleveland and Chicago. He is accompanied by J. A. Ellis, of Chicago, and a chauffeur. Mr. Gray recently started from Chicago with his car for this city in an attempt to lower the record, but met with an accident at Valparaiso, Ind., that necessitated the abandonment of the trial at that time.

Murderer Gets Death Sentence. Hartford, Conn., Oct. 15.—Paul Missik was found guilty of murder and sentenced to be hanged on Feb. 11. Missik quarreled with and shot to death a fellow workman, Charles O'Brien. The dispute arose over 36 cents, which Missik claimed O'Brien owed him.

Stern on Way to Washington. Toronto, Ont., Oct. 15.—United States Postoffice Inspector Mayer, of Washington, left for home with Leopold J. Stern, who is wanted there in connection with the postoffice frauds.

Woman Killed by Lightning. Lafayette, Ind., Oct. 15.—During a violent storm lightning struck and partially demolished a two-story frame building at West Point occupied by the Knights of Pythias. Mrs. James Van Meter was instantly killed and five other women seriously burned.

Fight Results in Draw. Detroit, Oct. 15.—Harry Forbes, of Chicago, and Tommy Feltz, of St. Louis, fought a 10-round draw before the Metropolitan Athletic club. Both men were strong at the finish and showed little signs of punishment.

## THE PRESIDENT

### Coming to E. Liverpool

#### FRIDAY AND SATURDAY

#### OCT. 16th AND 17th.

#### HOTEL THOMPSON.

The chief consulting physician and staff of

The Noted Specialists OF NEW YORK.

The Most Eminent Physicians in America Will Visit E. Liverpool. O

The French-American Association of Expert Specialists of New York city are now visiting a few of the principal cities of our state. To introduce their new system of curing diseases they will give consultation, examination, advice and medicine free to all patients taking advantage of this offer DURING THIS VISIT.

Deafness cured by an entirely new system. No matter what your disease may be or of how long standing, the Doctors will locate your disease with out ASKING YOU ANY QUESTIONS. The DOCTOR is said to be the greatest Lung and Catarrh Specialist in America. If you have catarrh or lung trouble go and be examined. The sick and afflicted should take advantage of the opportunity offered here. They may never again have the privilege of consulting such skilled physicians so near their homes. Go and have it forever settled in your mind. If your case is curable, they will tell you so frankly; if incurable, they will give you such advice as to prolong life. No sick man or woman should fail to consult these eminent men. It is the greatest opportunity of the sick man's life.

If you have Rheumatism, Liver, Kidney or Bladder trouble, Paralysis, Heart Disease, Nervous Debility, Dyspepsia, Indigestion, Constipation, Epilepsy or St. Vitus' Dance, go and be cured by their new system.

Cancers, Tumors, Strictures, Ulcers, all Blood, Skin and Scalp Diseases, Piles and Ruptures they guarantee to cure every case they accept as curable.

Every kind of human ill falls at the touch of these marvelous men, and so great and wonderful have been the cures that in many cases it is hard indeed to find the dividing line between human accomplishment and miracle. It matters not what the ill may be; it matters not what discouraging reports may have been made from any direction; it matters not if you have been told that grim death stares you in the face. Go and consult these doctors and if there is the faintest thread upon which to hang a hope you will find that hope there, and the hope will surely lead you to the blue skies of peace, contentment and health.

Thousands who have given up all hope of ever being cured have now the opportunity of a life time to consult doctors of a national reputation. Remember their knowledge of medicine combined with electricity gives them a control of disease that others do not possess. If you have weak eyes, if you are hard of hearing, if you are lame and cannot walk, this new system will cure you quickly.

If you suspect kidney trouble bring a two-ounce vial of urine for chemical and microscopic analysis.

Go early as their offices are always crowded. If you are improving under your family physician do not come and take up their valuable time. They wish to give each one plenty of time, but cannot listen to long stories not pertaining to your case. Idlers and curiosity seekers will please stay away; their time is valuable.

THESE DOCTORS are skilled specialists and will be found ready and willing to extend the hand of help, bring back health and happiness where now exists sickness and sorrow.

## REALM OF SPORTS

### WELLSVILLE BOYS

#### BEATEN 17 TO 0

Local Eleven Won Second Inter-Urban High School Contest.

### WELLSVILLE OUTCLASSED

Weakness on Defensive Play Made the Three Touchdowns Easy—Culbertson, Wellsville's Fullback, Had His Nose Broken.

"Before you, my dear Gaston," said Fred Mountford as he sped along just in front of the little left half, breaking Wellsville's interference and spinning their left end and left tackle along the greenward. Gaston was skirting the left end for a pretty run but before Mountford had disposed of the left of the line, the rest of the Wellsville bunch was at Gaston like a pack of hungry wolves. They tackled him, but the sturdy little player shook them off and he went the last 5 yards for a touchdown without interference. It was on of the prettiest plays of a pretty football game in which the East Liverpool high school won from the Wellsville high school by a score of 17 to 0.

Never did lads play more lustily and never were players more loyally cheered. Hundreds of pupils from the local schools were along the line waving the blue and white, tooting nasal sounding horns and straining throats with cheering cries.

The loyal few from Wellsville were completely outnumbered and outdone. And well might they cheer! In every department of the game the local boys demonstrated their superiority. Not once were they held for downs while they hit center, went through the tackles or skirted the ends almost at will. Wellsville had the call but once during that long fast half and in the second half they had to resort to a punt to keep from losing the ball on downs.

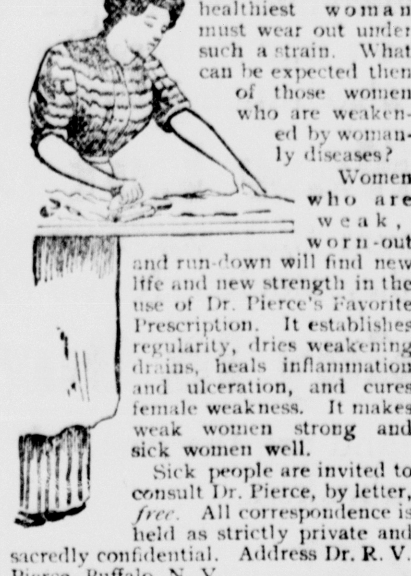

Mountford's great work at full back was the admiration of all. Not once was he held when he hit the center of the line and in nearly every scrimmage, after getting beyond his interference, he gained a yard or more before they could down him. His great interference for Gaston and Smith, the halves, made their big end gains possible. He did not make a single error of judgment in calling the plays and made two pretty goal kicks out of three tries. The four players, Mountford, Gaston, Smith and Thompson, who were the stars, were permitted to shine by the good work of the other seven. The tackles, Viney and Evans, made nice openings for the halves and guards cared for their men nicely. Erlanger at center played a fine game, there being a wonderful improvement since the last game in snapping the ball.

Culbertson, the Bruno player, who was in the game by special dispensation, kicked off to Smith on the 20 yard line. Smith carried it back 8 yards. On the first scrimmage Gaston circled the left end for 20 yards. Smith was helped through the right tackles for a gain of 5 yards and on the same play made 8 yards. Mountford took a shot at center and gained 7. Gaston tried the left end but was held for no gain. Thompson went around right end for 5. In these scrimmages it became apparent that Wellsville could not hold. Mountford made two more on a buck. Viney made a nice opening for Smith and he went through for a 15 yard gain. Culbertson tackled fiercely and in the mixup sustained a broken nose. He had to quit the game and Blue, another Bruno player, took his place. Mountford gained 2 yards through the right tackles and then sent Gaston around the left end. The little half is as fleet as a deer and he went 10 yards before they downed him. Smith again hit the tackles for a 2 yard advance and the ball was on Wellsville's 5 yard line. The crowd was hunched along the goal line and the noise was so deafening that the players could not hear the signals. Geon snatched it to Mountford and he hit the line with tremendous force, going over for the first touch down. He punted to Smith to open field from the spot where the ball was carried over and then kicked goal.

Wellsville seemed disheartened over the apparent ease with which the local players carried the ball up the field and over their goal. Blue did not know his team and made a great mistake by kicking off to East Liverpool for they carried the ball to his goal again without once losing it. After such weak defensive play he should have tried offensive. Blue kicked off to Gaston on the 10 yard

## The 3 Hour Day

Which the working man has fought for and succeeded in obtaining is something the wife has no share in. Her day begins before his and ends long after it, as a rule, and many a night her rest is broken by the baby's fretfulness. The healthiest woman must wear out under such a strain. What can be expected then of those women who are weakened by womanly diseases?

Women who are weak, worn-out and run-down will find new life and new strength in the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening humors, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well. Sick people are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private and is sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I suffered with female weakness about eight years—tried several doctors but derived no benefit until I began using Dr. Pierce's Favorite Prescription," writes Mrs. John Green, of Danville, Boyle Co., Ky. "This medicine was recommended to me by other patients. I have taken six bottles and I feel like another person."

The dealer who offers a substitute for "Favorite Prescription," is only seeking to make the little more profit paid on the sale of less meritorious medicines. His profit is your loss. Refuse all substitutes.

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

line and Gaston made 19 before he was downed. Thompson made a sprint around the right end, gaining 30 yards. Gaston tried the other end but was held for no gain. Mountford found the left tackles easily for 5 more. Smith then hit the same spot for 5 and Thompson skirted the right end again for another 30 yard gain. Mountford corkscrewed through center for 16 yards, half of it made after he got ahead of his interference. Mountford center backed again for 4 yards. Then he sent Gaston toward the left end guarding him most of the way. Gaston made 15 yards with this interference and after Mountford had been tackled went the remaining 5 without help. Mountford made a great try for goal but missed. Score 11 to 0.

Herwig kicked to Mountford on the 20 yard line and he carried it back 10. Thompson kept up his great work and skirted the right end for 25 yards. Gaston tried the other end and gained 1 yard. Mountford hit center for 10 and Smith followed with a gain of 4. Thompson gained 1 yard and Smith 4 through the right tackles. Mountford gained 2 through center. Goetz then got the ball on a fumble. Blue carried for 5 yards on a short end back. Time was called on the next scrimmage but it was ruled out as players on both teams were off side. Blue dropped back, apparently to punt, but carried the ball for a gain of 40 yards. This ended the half.

Darkness was fast approaching and it was agreed to shorten the half to 10 minutes. Mountford kicked off to Blue on Wellsville's yard line. Blue made 10 yards before he was down. Mordock made 2 yards and Herwig lost it by fumbling. Blue punted 30

yards to Mountford and he carried it back 25. Mountford advanced 5 through the right tackles and Thompson made another pretty end run of 20 yards. Mountford bucked center for 6 and Smith went through the right tackles for 6. Mountford went the rest of the way through the right tackles and kicked goal making the final score 17 to 0.

It was so dark that the Wellsville captain asked that the game be called. Only 4 minutes of the half had been played.

The lineups:

E. L. H. S.—J. Geon, left end; Viney, left tackle; Ryan and Stevenson, left guard; Erlanger, center; Thompson, right end; Evans, right tackle; Smith and Anderson, right guard; Gaston, left half; Smith, right half; W. Geon, quarter back; Mountford, full back.

W. H. S.—Davis, left end; Forner, left tackle; Andrews, left guard; Goetz, center; Martin, right end; Rose, right tackle; Conn, right guard; Mordock, left half; Wylie, right half; Herwig, quarter back; Culbertson, Blue, full back.

Touchdowns—Mountford, 2; Gaston, 1.

Umpire—Dr. McClure.

Referee—W. Knox.

## THE LEGAL STARS

### CLOSE THE SEASON

Juvenile Players Have Won 17 Out of 23 Games and Are Preparing For Next Year.

The Legal Stars, a team of juvenile ball players, announce that they will not play any more games this season. This team, it will be remembered, competed for and won the best prizes in the morning game at the big picnic given by the News Review at Rock Springs park September 15. Taken as a whole the season has been a most successful one for the Stars, they having won 17 out of 23 games.

They are already arranging to open next season in much better condition than ever before and expect to be even more successful next year than during any previous period. The team is composed of Mount and J. Cook, catchers; Calhoun and Smith, pitchers; Myers, short stop; Gibbons, first base; Boyd, second base; Oberling, third base; W. Cook, left field; Ruhe, middle, and Russell, right field. Duncan and Owens were substitutes. R. Boyd was manager and W. Cook was captain.

## SPORTING MISCELLANY.

Cy Ferry, of Pittsburg, who pitched for the strong Buffalo Eastern League team last season, has been signed by Pittsburg for 1904 at \$400 a month.

Cleveland both outbatted and outfielded the Reds in the state series. The figures were: Batting, Cleveland .271, Cincinnati .212; fielding, Cleveland .941, Cincinnati .919.

"Jimmy" McAleer, manager of the St. Louis Browns, has come home to Youngstown to spend the winter in selling haberdashery and preparing for the battles of the summer of 1904.

Howard Wilson, a pitcher for the Washington base ball team, has mysteriously disappeared. His friends believe he has been robbed and killed. When last seen he had \$600 to \$1,000 with him.

President Dreyfus, of the Pittsburg club, has announced that every cent of money taken in by the Pittsburg club in the post-season series will be divided among the players of the club. It means about \$1,000 each to the boys.

It is likely that Cleveland will be the scene of two struggles for state foot ball championships this fall. The Ohio State-Case game will undoubtedly decide the intercollegiate championship. The other game will be for the championship of independent teams.

Incorporated With \$1,000,000. A certificate of incorporation has been filed at Dover, Del., for the Black & Baird company, (Inc.) of Pittsburg, to engage in the general real estate and insurance business in Ewewickley and Pittsburg. The incorporators are Milton I. Baird, Sewickley; Alexander D. Black, Alexander W. Stevenson and Lawrence T. Stevenson, all of Pittsburg. The capitalization is \$1,000,000. A. W. Stevenson is a well known former newspaper man of this city, now with Black & Baird.

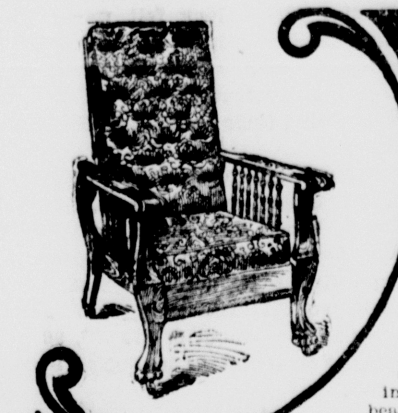

Go Prepared. In preparing for your summer outing a little forethought may save you a great deal of trouble. Mr. John H. Maule, a dry goods merchant, of Belleville, R. I., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with cramp colic. The first dose of this remedy gave relief and the second dose effected a cure. Think of the pain and suffering this boy would have had to endure without this remedy at hand to relieve him. Such cases often occur suddenly. For sale by Alvin H. Bulger.

## Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

RESOLUTION.

To Provide for the Issue of Bonds of the City of East Liverpool, in the Sum of \$92,925.00, for the Purpose of Extending the Time of Payment of Certain Indebtedness Which from Its Limits of Taxation the Said City is Unable to Pay at Maturity.

Be it resolved by the Council of the City of East Liverpool, Ohio, that the City of East Liverpool is indebted in the sum of \$92,925.00, which said indebtedness is hereby declared to be the existing, valid and binding obligation of said city.

Section 2. To provide means to extend the time of payment of the indebtedness which from its limits of taxation the City of East Liverpool, Ohio, is unable to pay at maturity, the Council shall and after the first of January, 1904, shall cause to be issued bonds of the City of East Liverpool to an aggregate amount of Ninety Two Thousand Nine Hundred and Fifty Dollars (\$92,925.00), which said bonds shall be sold at the rate of four and one-half per cent per annum, payable semi-annually at the same place, and said bonds shall be dated August 1, 1903, and shall run for a period of not less than ten or more than thirty years from their date.

Section 3. Said bonds shall be first offered at par and accrued interest to the trustees of the sinking fund in their official capacity, and if the sinking fund trustees refuse to take any or all said bonds at par and interest, then said bonds shall be advertised for public sale and sold in the manner provided for by law, but not for less than their par value and accrued interest. The proceeds from the sale of said bonds, except the premiums and accrued interest thereon, shall be used for the purpose of paying the indebtedness aforesaid and for no other purpose, and the premiums and accrued interest thereon shall be transferred to the trustees of the sinking fund to be applied by them in the manner provided by law.

Section 4. This resolution shall take effect and be in force from and after the earliest period allowed by law.

Passed October 5, 1903.

**COURT WAS CROWDED**

Second Day's Trial of Miller and Johns for Conspiracy.

**CONCEALED WITNESSES TESTIFY**

Stenographic Reports of Private Secretaries Introduced as Evidence—More Disclosures of Detective Work Expected With Inspectors on Stand.

Cincinnati, Oct. 15.—Standing room was in demand in the United States district courtroom on the second day of the trial of Miller and Johns for conspiracy in connection with the recently exposed postal frauds. Nine witnesses were examined and the government has four more to call, so that the defense will not begin until this afternoon and the case may not go to the jury until the last day of the week.

Much interest is being taken in the anticipated appearance of the defendants on the witness stand. The principal witnesses were Ryan and the officials from Washington. The defense was not taken by surprise until in the afternoon, when the stenographic reports of the private secretaries of Fourth Assistant Postmaster General Bristow and of General Robb of interviews with Miller were introduced as evidence.

Joseph T. Watson, secretary and stenographer to the fourth assistant postmaster general, testified to being concealed in the office of his chief while General Robb and Chief Inspector Cochran had their first interview with Miller about the reports of the evidence inspectors regarding the decisions in the Ryan cases and the discovery of his relations with Johns. He then read from his original stenographic notes all that was said during the time these officials were thus questioning Miller regarding the case.

The sensational appearance of Watson on the stand was followed soon afterwards by Charles R. Robb, assistant attorney general for the post office department, being called, and he produced a copy of the transcribed stenographic notes of his secretary, Mr. Tullis, of another long interview with Miller when the same parties were present. At the first meeting of Miller with Robb and Cochran the defendant did not know that a stenographer was concealed in the room, as he did in the last case when he made an equally lengthy statement and signed the report made by Mr. Tullis. The extent of the detective work that has been done in these cases by the government was never disclosed until during the afternoon session, when verbatim reports of these interviews of Miller were submitted in evidence, notwithstanding the objection and exception of counsel for the defense. It is now known that more of the detective work of the government will be disclosed when postoffice inspectors take the stand.

**BRIGHT'S DISEASE AND DIABETES NEWS**

San Francisco, Oct. 8, 1903.

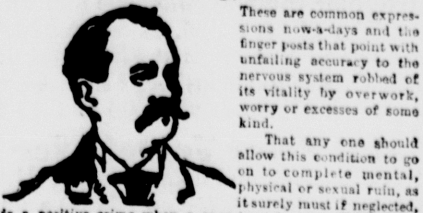

To the People of Ohio:  
As San Francisco druggists personally acquainted with the facts we are asked to certify to you the curability of chronic Bright's Disease and Diabetes, and however unreasonable it may seem to you, yet such is the fact. Up to a year ago we never heard of a genuine case of chronic Bright's Disease or Diabetes recovering. Now it is a common occurrence in this city. A great discovery has undoubtedly been made. Many prominent people have recovered and every one of these names are appended hereto. Have either had recoveries among our customers or have genuine chronic cases now recovering. And the percentage of efficiency seems to be very high for there are very few failures. Yours, etc.,

No Life, No Energy, No Ambition

These are common expressions nowadays and the finger points that point with unfailing accuracy to the nervous system robbed of its vitality by overwork, worry or excesses of some kind. That any one should allow this condition to go on to complete mental, physical or sexual ruin, is surely most if neglected. Use this great remedy and the nervous, irritable, weak and trembling feelings will disappear. Your sleep will be natural, calm and refreshing. You will wake morning feeling strong and vigorous instead of tired. All gloomy depression and sense of anxiety will fade from your mind; your nerves will become strong and steady as steel; your ambition will be restored and perfect health and strength will take the place of weakness and debility. The testimony of thousands of men and women whom BAR-BEN has lifted from this helpless condition of suffering tells the tale of this great remedy more effectively than words can portray.

If you doubt write for free sample. All druggists or mailed on receipt of price, 10 cents.

tion W. M. Camp, of Chicago, spoke of the necessity for finding a substitute for the common railway ties. "The vast requirements of railway companies for ties," said he, "cannot long be supplied from our domestic sources if the present demand continues, and it is evident that some measures must be taken to reduce the demand or increase the life of the tie. In fact, at the present rate of consumption and destruction of lumber by fire it is estimated that the supply will practically be exhausted in 30 or 40 years from now."

**Glass Men Confer.**

Columbus, O., Oct. 15.—Meetings of the stockholders of the federation and independent glass companies were held, the principal object being to devise some plan by which conflicting interests may be harmonized. A merger of the two companies was proposed, but no definite action had been taken when the meetings adjourned, and the matter will be discussed further. Representatives of the rival organizations of glass workers are also here and it is said that if the glass companies reach an agreement conflicting interests among the workmen will be adjusted.

**Date Set for Kain's Funeral.**

St. Louis, Oct. 15.—The funeral services over the remains of the late Archbishop J. J. Kain will be held Wednesday next at 10 o'clock, in the old cathedral. Cardinal Gibbons will celebrate pontifical solemn high mass and Archbishop J. J. Keane, of Dubuque, Ia., has been asked to preach the sermon. Twelve priests were selected to go to Baltimore and escort the remains of the late archbishop to this city.

**Wright Tenders Resignation.**

Wheeling, Oct. 15.—At a meeting of directors of the LaBelle iron works, John E. Wright tendered his resignation as president and general manager and while the directors say it has not yet been accepted it is understood that John A. Toppin, until recently first vice president of the American Sheet Steel company, will be Mr. Wright's successor. Mr. Wright has been ill for several months.

**Kentucky Democrats Generous.**

Columbus, O., Oct. 15.—The Democratic state committee of Kentucky has relinquished W. J. Bryan's assignment to speak at Louisville next Monday in order that Mr. Bryan might put in one more day in Ohio. Mr. Bryan has, as a result, been assigned to speak at Woodsfield, Monroe county, Monday afternoon, and at Zanesville in the evening. He will then proceed to the west.

**Sawmill Employees Killed.**

Portsmouth, O., Oct. 15.—The boilers in George Weaver's sawmill at Rarden, this county, exploded, wrecking the plant and killing Elvin Weaver, son of the proprietor, and George Smith, a sawyer. Several other employees were injured, one probably fatally. The loss will reach several thousand dollars. Low water in the boiler was the cause.

**Military Maneuvers Ended.**

West Point, Ky., Oct. 15.—The maneuvers at Camp Young were brought to a close by the review of the troops in camp by Major General John C. Bates and his staff. The 2,500 men said official farewell to General Bates and his staff, and in a few minutes were marching double-quick to their camps to prepare for departure.

**Delegates Visit Coal Mine.**

Fairmount, W. Va., Oct. 15.—Delegates to the state convention of the W. C. T. U. re-elected officers. The president is Mrs. Morrow, of Fairmount. Two hundred of the women delegates went five miles into a coal mine here on an excursion.

**Two Meet Death in Collision.**

Cincinnati, Oct. 15.—Ed Ward Barrow and Thomas Scott, both of Harrison, O., were killed and several others injured in a collision of work trains in a dense fog at North Bend. The accident occurred on the Cincinnati, Lawrenceburg and Aurora line.

**TROUBLE OVER OIL LEASE.**  
Ohio Oil Company Claim Priority and Forcibly Take Possession.  
Hartford City, Ind., Oct. 15.—The farm of Samuel Welch is gaged by 28 armed drillers of the Ohio Oil company, who have pickets posted and who are camping on the farm. The company has held a lease on the farm for nine years, but has never drilled. Welch desiring to have the lease developed for oil refused to allow the new lease and leased to Austin, who has hauled derrick timbers on the farm preparatory to drilling.  
The Ohio company started by hauling the timbers of the farm, insisting that it held the lease. Welch got a shotgun and a vicious dog to help him resist the removal. His daughter climbed on the timbers, but although the dog bit the company's foreman the timbers were dragged off the farm with Miss Welch sitting on top of them. Welch is summoning the farmers to his assistance and the Ohio company has rushed the drillers from Montpelier, who are guarding the property. More trouble is feared.

**POSTOFFICE ROBBED.**  
Columbus Grove Citizens Engage in Running Fight With Burglars.  
Lima, Oct. 15.—A running fight between residents of the town and burglars following the robbery of the postoffice occurred at Columbus Grove. So far as could be learned no one was injured. For several days past suspicions have been aroused by the presence of strangers in the town and extra guards were placed around banks and other places which might be attacked. The postoffice, however, was left unprotected. All the surrounding towns have been notified to keep a lookout for the thieves. The robbers secured \$40 in money and \$50 in stamps.  
Columbus Grove is 14 miles north of this city, and is the town in which Frank Van Loan, of Westerfield, O., walked into the Exchange bank about eight years ago, shot and killed a customer, Farmer Darnark, shot Cashier Thomas J. Maple in the arm and took \$1,500 in cash and escaped. Later he was captured and paid the death penalty.

**REMEDY FOR CORRUPT POLITICS.**  
Grover Cleveland Addresses Members of Chicago Commercial Club.  
Chicago, Oct. 15.—"Give to our people something that will concentrate their common affection and solicitous care—and let that be their country's good; give them a purpose that stimulates them to unite in lofty endeavor—and let that purpose be a demonstration of the efficiency and beneficence of our popular rule."  
This was the solution offered by former President Grover Cleveland as a remedy for corrupt politics in a speech before the members of the Commercial club at their annual banquet given at the Auditorium hotel. The subject discussed by Mr. Cleveland was "American Good Citizenship," and he dwelt at length on the duty of every citizen doing his part to make political action what it should be. This is the first time in eight years that Mr. Cleveland has visited Chicago, and he received an enthusiastic reception by the 200 banqueters when he appeared at the speakers' table.

**Bringing in Strike Breakers.**  
Cripple Creek, Oct. 15.—Eighty-two miners arrived from Coeur d'Alene, and will take the places of strikers in the mines of this district. There was a large crowd at the Victor station when the newcomers alighted from the cars, but no demonstrations were made.

## THEIR POLICY IS HANDS OFF

National Association Engineers  
Want No Part in Labor  
Disputes.

## THEIR ATTITUDE DECLARED

Claim That Their Position as Regards  
the Recent Strike Has Been Mis-  
represented—An Interesting Meet-  
ing Held.

East Liverpool branch, No. 41, National Association of Stationary Engineers, met in regular session last evening, and the meeting was one of the most important for several reasons that has been held in months. The attendance was good, nearly all of the thirty odd members being present.

It was brought out at the meeting that the prestige and standing of the association in this city had suffered greatly by reason of misrepresentations and insinuations put on foot by people who were not acquainted with the real facts, since the strike of the international union of engineers was inaugurated and brought to a successful close here.

As a matter of fact, the members of No. 41 are not permitted to take any part of labor disputes. The preamble of the order defines the duties of members so plainly that no mistake could possibly be made. It developed that certain members of the N. A. S. E. here have been accused of interesting themselves in providing engineers to the manufacturers, who were not members of the International. This is denied by the local branch of the educational engineers, and by statements made at the meeting last night it was proven beyond the shadow of a doubt that the report was false. A member of the N. A. S. E. said:

"We have a nice membership in this city, and from present indications there are none of the brothers who desire to make a change at this time. We have pursued a policy of 'hands off' in this dispute, and not one of our men has spent a minute in the effort to supply other engineers to influence one to either go out or remain at work. We have been misrepresented by certain hot heads, but feel that this is a condition everyone must contend with at some time in the history of an organization such as ours. No attention has been paid to the many erroneous stories, and we will remain as we have always been, a purely independent body of independent men, banded together for certain aims and objects which have nothing whatever to do with labor controversies."

## RIGHT TO CROSS BELLEEK STREET

Freedom Oil Company Will Ask Council for Railroad Track Privileges.

The Freedom Oil company is preparing an ordinance, to be presented at the next meeting of the city council, granting it the right of way to cross Belleek street, East End, with the railroad siding to its new station. This is the second chapter in the railroad company's violation of the city's restraining order, in which tracks were laid across Belleek street. One of these tracks was the Freedom company's siding. It is a private track and the Freedom company is paying the railroad contractors for constructing it, it is said.

It will thus be seen that the Freedom company did not violate any injunction, there being none against it. But it had no right to build the siding without permission from the city and to obtain this the ordinance has been prepared.

There is no objection on the part of those in the Belleek street neighborhood, and in all probability the ordinance will be passed.

## JAMES W. DAVIS PLEADS NOT GUILTY

Arraigned on the Charge of Shooting at William Stilwell on September 15.

Lisbon, October 15.—(Special).—James W. Davis, of East Liverpool, pleaded not guilty to both counts of an indictment for shooting at William Stilwell on Sept. 15 with intent to kill and wound. He is held to court under bond of \$500.

Judge N. B. Billingsley, of Lisbon, and George E. Davidson, of East Liverpool, are the defendant's attorneys.

## THOMAS STAFFORD HURT AT HAMILTON

LOCAL POLICEMAN WHO RAN AWAY IS HEARD FROM.

Badly Injured By Falling From a Car, But Is Recovering.

Thomas Stafford, who was an East Liverpool policeman and who left his home and family in this city over a year ago and eloped with Bertha Chapman, has been heard from. Mrs. Archie Chapman, mother of Bertha, received a letter and a telegram from Hamilton, O., saying Stafford had been badly injured, and urging her to come on.

It appears that Stafford, who has been in the employ of the Cincinnati, Hamilton & Dayton railroad, goes under the name of Lee Stafford. To learn particulars of his injury, the News Review telegraphed the Hamilton News and received the following reply:

"Lee Stafford, aged 29, fell from the rear platform of a C. D. & T. traction car at Symmes' Corners, and had his left shoulder blade and three ribs of his left side broken. His scalp was also lacerated. He was taken to Mercy hospital, where hemorrhages, as the result of the injuries, developed, but were checked by prompt medical attention. Stafford is now rapidly improving and his recovery is assured."

Stafford's mother lives in Steubenville and with her daughter went on to Hamilton to see him.

### SIMPLE YET BEAUTIFUL WEDDING IN CHURCH

MISS CLARA DEVON BECOMES MRS. IRA A. GEISELMAN.

St. Stephen's Church Handsomely Decorated and Many Wedding Guests Present.

A wedding of simplicity and beauty was solemnized this afternoon at 3 o'clock when the lives and fortunes of Mr. Ira A. Geiselman, the only son of Mr. and Mrs. George K. Geiselman, of Rocky Ridge, Md., and Miss Clara Devon, the beautiful daughter of Mr. and Mrs. Edward Devon, of this city, were united. Many friends of the bride-elect and her fiancé completely filled St. Stephen's Episcopal church, which was beautifully decorated. Miss Frances Webster, organist of the church, entertained the guests with a short musicale. At 3 o'clock, to the melodious strains of Mendelssohn's wedding march, the bridal party entered. The groom, his best man, Dr. J. F. Bumpas, and Rev. Edwin Weary awaited the arrival of the bride at the altar.

Miss Alice Devon, sister of the bride, acted as maid of honor and led the bridal party. She was beautiful in a handsome gown of white silk mull over pink silk, garnished with white silk valenciennes lace and tiny tucks. The costume was en traine, with a deep graduated flounce, and bertha of lace. She wore accessories of white and a large white panne velvet picture hat with ostrich plume. She wore no jewels with the exception of a string of pearls, and carried a large bunch of pink chrysanthemums.

Following the maid of honor came the bride, Miss Clara Devon, accompanied by her father, who presented her at the altar. The bride looked charming in a costume of white silk mull over taffeta silk with white accessories. The costume was made en traine with an accordion plaited graduated flounce, enhanced by silk lace bertha. A dainty white veil of tulle was worn, enhancing the beautiful costume. The bride carried a bunch of white chrysanthemums.

The ushers were Dr. Howard Beane and Mr. Harry Sutton. The solemn Episcopal ring service was used, and the bridal party left the church to the strains of the Lohengrin march. At the home of the bride on College street a sumptuous wedding supper was served amid beautiful decorations in pink and white chrysanthemums and smilax.

Mr. and Mrs. Geiselman left on the evening train for a trip to Baltimore, Washington, Harrisburg and Rocky Ridge. A large number of their friends appeared to give them a royal send-off. The bride's traveling costume was a cloth, with Louis XIV coat buttoned at the waist, and a velvet with a white ostrich plume. The couple will be at home to their friends in their handsome new home at 206 College street after November 5. Mrs.

Geiselman has a large circle of friends in this city who gave valuable presents. The groom is prominent in the mercantile business.

Brief Notes of a Personal Nature And of Matters About Town.

**Church Anniversary**—St. Luke's Episcopal church, of Georgetown, Pa., will celebrate its 70th anniversary next Sunday afternoon. Rev. Edwin Weary of this city, will deliver the address. It is the oldest church in the diocese.

**Many Excursionists**—In spite of the bad weather a large number of people attended the Pittsburgh exposition from this city this morning. Agent Hill sold 175 tickets and a large number were on the train when it arrived here.

**Goes After Millstones**—George W. Ashbaugh left this morning for Ohio Pyle, Pa., in company with several hands. From there the party will go into the interior, where a number of millstones will be dressed and made ready for installation in the flint mill being erected in this city. A force of men will be hired there, and it is thought the stones can be made ready for shipment in about two weeks.

## LEARNED A GOOD DEAL IN THE REFORMTORY

An Italian Boy Sentenced by Judge Hole Writes to Ask That Gentleman's Aid.

Lisbon, October 15.—(Special).—Batista Spinella, the Italian youth who was sent to the Mansfield reformatory from this county a year ago for violating a razor among Italians in a riot at McKinley, has been promised a parole in January. He could not even speak English when he was taken to the reformatory, but the following letter, neatly written in his own hand and addressed to Judge Hole, shows that the youth has derived much good from his imprisonment:

"You will probably remember Batista

Spinella, whom you sentenced to the Ohio state reformatory in October, 1902, for cutting with intent to wound. I have been here one year and have so conducted myself as to now be in one of the honor grades. I expect to be paroled in January, but I have not yet been able to secure employment. Would it be asking too much to request your assistance in securing me employment, as I have no friends in America, and you know a boy in prison has little opportunity to help himself? Any favor you could do would be greatly appreciated, and if possible returned in some way. Will you kindly answer?"

Judge Hole will answer the letter and will do what he can to aid him in his worthy endeavor.

## TWO DIVORCE CASES HEARD BY JUDGE HOLE

Woman Married in 1901 Secures Legal Separation From Her Husband.

Lisbon, October 15.—(Special).—A session of divorce court and a criminal arraignment preceded the continuation of the Chumk murder trial in common pleas court yesterday afternoon.

Bessie B. Wallom, of Fredericktown, was divorced from Elza Wallom and her maiden name, Bessie March, was restored. They were married in 1901. The wife charged abuse and neglect, alleging that her husband had frequently called her vile names, accompanying this language with physical injury, and once after she had borne a child and was in a serious condition refused to secure medical attention for her.

The Wellsville divorce case of Ada Powell versus C. L. Powell was also given a hearing, but the judge reserved his decision.

## SHOOTING OF BAILEY STILL MYSTERIOUS

Nothing That Will Clear Up the Case Has Been Discovered.

Mystery still surrounds the shooting of John Bailey, the colored man who was wounded by a bullet during the early hours of Tuesday night and who would not disclose how he became the victim of the shot. Chief Wyman has made an effort to get the man to talk, but he steadfastly refuses and the case is about in the same condition as reported yesterday. One part of Bailey's story, however, is contradicted, giving rise to the supposition that all of it was erroneous.

It will be remembered that Bailey told Officer McDermott that he had been shot accidentally while in the company of George Southall. The latter appeared at the News Review office this morning and denied that he was with Bailey and stated that he knew nothing of the shooting.

## TRIED TO SUFFOCATE GOOD HEARTED FRIEND

Michael O'Day Says He Was Robbed of \$110  
By His Traveling Com-  
panion.

## GAS TURNED ON, HE WAS FOUND HELPLESS

If the story of Michael O'Day be true, James Cassidy is undisputedly the meanest man that has struck East Liverpool in a long time. He accuses Cassidy, who had pretended to be his best earthly friend, of arising after they had retired in a room at the Albion House, Second street, turning on the gas without lighting it, waiting until O'Day had breathed enough of the fluid to entirely deaden his senses, robbing him of \$110 and then leaving for parts unknown.

The first learned of the dastardly deed was discovered by the porter of the hotel, who at an early hour this morning was attracted to the room assigned to O'Day and Cassidy, by the fumes of gas, which had penetrated the crevices of the room out into the hall and down stairs. Fearing that something was wrong, the porter rushed in the stairs and no difficulty whatever was experienced in locating the room from which the gas was escaping. He knocked loudly on the door, and receiving no response secured a key and opened it. He was horrified at seeing O'Day lying alone on the bed, perfectly unconscious and gasping for breath.

Realizing that O'Day was dangerously near being a victim of suffocation,

the porter quickly went to the jet, turned off the gas and called others to assist him in bringing the man to his senses. The room was well ventilated and after considerable trouble the rescuers finally worked off the effects of the noxious drug and when O'Day recovered an investigation was instituted with the result that suspicion strongly pointed toward the guilt of Cassidy in perpetrating the deed. O'Day discovered that he had been robbed of his wallet, containing \$110.

Both men arrived in the city last evening from Steubenville. O'Day is a boilermaker by trade and Cassidy makes a living by selling court plaster. The former drew a month's pay at Steubenville yesterday and when he proposed to Cassidy that they make a trip to East Liverpool and see the sights the latter readily accepted the invitation. Cassidy did not have a penny and was purely the guest of O'Day. After they had consumed all the booze they could hold, O'Day proposed that they find a bed and going to the Albion house paid for a night's lodging for both.

O'Day left this morning for Wellsville, where he thought Cassidy was, but nothing could be learned as to the success of his mission.

## BUSY TIMES FOR THE RIVER MEN

CONVENTION TAKES STEPS TO  
BOOM OHIO NAVIGATION.

Huntington, W. Va., Selected as the  
Place of Meeting for  
Next Year.

Evansville, October 15.—(Special.)—By a unanimous vote the Ohio Valley Improvement association this morning selected Huntington, W. Va., as the meeting place for next year and extended the session to three days. It being found that the press of business cannot be disposed of in less time. Portsmouth, Cincinnati and Louisville withdrew.

Resolutions similar to those adopted at Parkersburg last year favoring the improvement of the Ohio were unanimously adopted, and Albert Bettenger, of Cincinnati, was appointed as a special representative to the convention to lay before President Roosevelt the proceedings of the present meeting and to interest the executive in hastening appropriations for the work. Letters of regret from distinguished men of the country, including President Roosevelt, the members of his cabinet and senators and representatives, were read. President John L. Vance and Secretary J. F. Ellison were delegated to attend the Mississippi Improvement association meeting at New Orleans on October 27.

During the morning addresses were made by Col. G. H. Anderson, of Pittsburgh; Mr. B. B. Dovecer, of West Virginia; and Hon. F. M. Griffith, of Indiana, the last two being representatives. The present convention has been voted the most successful held in the history of the association.

The delegates attended a barbecue

## PROCEEDINGS FOR DIVORCE BRING OUT A STRANGE STORY

M. N. Rosebury, through his attorney John R. Donchoo, has filed a bill in the circuit court of Hancock county, Ohio, praying that court to grant him divorce from his wife, Ruth Rosebury, and that she be given the privilege of visiting his children, who are now in the custody of the mother, who are residing with her mother, Mrs. D. M. Wyllie, in the home farm several miles back of New Cumberland.

Mrs. Rosebury has employed Senator O. S. Marshall to look after her side of the case and yesterday, upon oath formally given, he took evidence to be filed against the grant-

ing of the petition. Some of the evidence was rather sensational, and it was in the courts would place Mr. Rosebury in a bad light, to say the least.

It was testified that Mr. Rosebury, on the 10th day of June last, was married to Miss Mollie Mackall, of Georgetown, Pa., and since that time they have been living as man and wife in Uhrichsville, O.; that the young woman would soon become a mother. This testimony was given by a sister of the second Mrs. Rosebury. The father and mother of the girl were summoned, but did not appear.

## FAMILY ESCAPED IN NIGHT CLOTHES

Residence of Dr. J. A. Mellon at Mill-  
port Burned With Its  
Contents.

Lisbon, October 15.—(Special.)—The residence of Dr. J. A. Mellon at Millport was totally destroyed by fire Tuesday night, with nearly all its contents, and the members of the family barely escaped with their lives. They had retired early that evening, and the house must have been on fire when they went to bed, as the smoke and flame aroused the family about 9:30 o'clock.

The family had only time to get out of the house in their night clothes. They succeeded in saving the piano and a few other articles. The house was insured for \$600, but the loss is greatly in excess of that amount.

## MASKED ROBBERS IN CHESTER HOME

Terrified a Young Man Who Was  
Returning Home  
Late.

## INTERRUPTED AND FLED

A bold and nearly successful attempt was made to rob the house of Marion Folder in the upper part of Chester last night, and the general belief among Chester people is that there is a smooth gang of professionals now at work in that vicinity.

Those of the family who were in the house at the time were awakened by suspicious noises, but owing to the hour being early they had no suspicion that burglars were at work. A few minutes later their son came into the house nearly prostrated with fright. According to his story he had appeared in the nick of time to save the inmates of the house from being robbed and perhaps murdered in their beds.

Young Folder had been out later than was his custom, and it was rather late when he approached the house. He had nearly reached the door of the home when three masked men confronted him, each with a pistol leveled at his breast. The spokesman of the party gave the order to throw up his hands, which he did without protest. The boy was badly frightened and scarcely knew what he did, but says the men were about to go through him when they were interrupted in an unexpected manner.

Hiram Scott, a well known colored man of Chester, had also been late in returning to his home which is in the vicinity of the Folder place, and he was attracted by the noise and confusion connected with the hold-up. He was not long in locating the sounds, and came upon the strange looking quartet in time to save the boy from being robbed and also to prevent the house from being entered. When Scott appeared the masked trio took to their heels and disappeared toward the railroad, down which they ran at the top of their speed.

The colored man gave chase, but soon abandoned the attempt to overhaul the would-be thieves, and returned to his home. Young Folder was so badly frightened that he could scarcely talk, and was able to give but a meager account of his experience. The family made a tour of the house to ascertain whether or not anything of value had been disturbed, but it was found that the burglars had evidently been interrupted before they were able to gain an entrance.

## NEW TRIAL. REFUSED

John Considine, Convicted of Highway  
Robbery, Sentenced to the  
Reformatory.

Lisbon, October 15.—(Special.)—A motion for a new trial in the case of John Considine, convicted of highway robbery committed at East Liverpool, was argued before Judge Hole last evening and overruled. Considine was then sentenced to the reformatory at Mansfield.

The jurors who are not serving on the Clunk case have been excused until next Monday at 1 o'clock.

## FORAKER MEETING WAS TALKED OVER

The Question of a Hall the Only  
One That Is Now  
Perplexing.

## CITY COMMITTEE MET

Finance Committee Chosen And En-  
thusiastic Resolutions Adopted in  
Favor of the Whole Republican  
Ticket, State And Local.

As soon as the positive date can be decided upon all arrangements will have been completed for the largest political demonstration held in East Liverpool for years. The city Republican central committee held a meeting last night, and in addition to the appointment of a number of committees, several other matters were attended to in connection with the fall campaign.

The question of a suitable hall in which to hold the meeting has been puzzling the committee not a little, and to the present nothing definite has been decided upon. An effort will be made to secure the Grand opera house, and a committee has been appointed to confer with the agents of other auditoriums in the city.

At the meeting of the committee last night a letter was received from C. C. Connell, secretary of the county committee, in which he stated that he had been in communication with the state committee relative to securing Senator J. B. Foraker, Hon. J. J. Sullivan and Randolph Walton for the big demonstration in this city. Knowing that Senator Foraker was not engaged for either the 27th or 28th of October, the county secretary had asked for the 28th, and the local people will make their arrangements accordingly. An effort was made to get in communication with Secretary Connell while the meeting was in progress in order to make a definite arrangement as to the date, but the attempt was unsuccessful. The city secretary will communicate with him to-day, and it is likely an understanding will be reached by evening.

A most important feature of the coming campaign was attended to at the meeting last evening, it being the selection of a finance committee. Chairman Smith appointed Dave McIntosh, H. W. Smith, Senator W. V. Blake, Justice J. N. Rose and W. C. Supplee. These gentlemen will be furnished with credentials at once, and expect to get to work some time during the present week.

A meeting of the committee will be held each Wednesday evening from now until the fall election, and the secretary was instructed to notify the members of the committee to that effect.

A very strong resolution was adopted providing for the endorsement of the Republican ticket, state and county, declaring the committee's confidence in each and every one of them and pledging the support of the party to their candidacy at the coming election. The resolution is as follows:

"Resolved, That the city Republican central committee do endorse in the warmest and most unequivocal manner, the candidacy of that admirable citizen, Myron T. Horrick for the office of governor of the state of Ohio, and also the candidacy of that keen witted and unwavering friend of the business man, and champion of the working man, Senator Marcus A. Hanna, to succeed himself in the senate of the United States, and that we urge the claims of our fellow citizens, M. J. McGarry for prosecuting attorney, A. J. Johnson for the office of sheriff, E. W. Hill for representative and R. G. Boyd as candidate for county commissioner; and that we, the members of this committee, pledge to them our most faithful and industrious support. And be it further

"Resolved, That inasmuch as this community naturally can have no sympathy with tax reformers who dodge their own taxes, and then howl 'Calamity,' nor with politicians who are themselves confused as to what platform they stand upon in their attempt to gain an office of national importance; that we condemn the attempts of Candidate Clarke and his friend Johnson to trade upon the prejudices of the people rather than to stand upon real issues, and class them as unfit to represent the people of the great State of Ohio in any public capacity.

"Resolved, That we urge upon our

## HORSE AND BUGGY TAKEN BY THREE LISBON YOUTHS

Boys Arrested at Leetonia After Hav-  
ing Driven the Horse Nearly  
to Death.

Lisbon, October 15.—(Special.)—Ralph and Dever Deuell and Reuben Wallace, Lisbon boys, aged about 17, were arrested in Leetonia at 8 o'clock last evening and will be brought to Lisbon today, to answer for the theft of Dr. Frank P. Moore's horse and buggy. It is alleged they took the outfit from the stable early last evening and nearly killed the horse in making the seven mile drive to Leetonia. The officers here were notified and telephoned to surrounding towns which led to the capture of the youths.

Only a few days ago the trio was before Mayor Ferrall for drunkenness and a fine of \$1 and costs each was suspended during good behavior.

## MRS. ULHWARM IS STILL ALIVE

Spent Yesterday Afternoon by a  
Fire on the River  
Bank.

## SEARCH BEING RENEWED

That Mrs. Louisa Uhlwarm, the de-  
mented woman, who has been missing  
from her home near Ralston's cross-  
ing since last Friday night, could  
wander around through the East End  
for almost a week without being ap-  
prehended is seemingly impossible,  
yet such seems to be the case.

That she was alive late yesterday  
afternoon is almost established by the  
clue that reached the East End fire  
station this morning. The case of  
Mrs. Uhlwarm is astounding in many  
ways. From the circumstances sur-  
rounding her disappearance it was  
first the belief of her relatives that  
she had gone directly from the house  
to the river bank, where she plunged  
into the murky waters. Several days  
later a woman, acting strangely, and  
almost positively identified as Mrs.  
Uhlwarm, was seen in the Columbian  
park neighborhood. Yet, in spite of  
the far-reaching search of the dis-  
tricted husband and a party of friends  
and relatives, she could not be found.

Clad in a thin house wrapper, wear-  
ing thin slippers and with but a small  
laid shawl as a wrap, it seems im-  
possible that Mrs. Uhlwarm could  
have withstood the rigors of the days  
and nights that have passed since she  
left home. It seems impossible that  
she could run at large for so many  
days among several thousand people  
in a well settled district. This has  
been the case, however, if the clue,  
brought to the fire station by William  
Jones, is authentic.

Some time yesterday a woman ap-  
proached the home of Mrs. Maggie De-  
Long, on the south side of the railroad  
track near the Klondike pottery, and  
asked for some matches. The appear-  
ance of the woman frightened Mrs.  
DeLong and she refused the request.  
She was too agitated to notice her  
visitor closely enough to give an accu-  
rate description. At the time she had  
not heard of the missing woman. A  
few minutes later Mrs. DeLong saw  
the woman walking westward along  
the railroad track.

The strange appearing woman, who  
ever she was, must have obtained the  
matches at some other house, for she  
went to the river beach and lighted a  
fire. She remained on the beach all  
afternoon and although she was seen  
by a number of people none connected  
her with the missing Mrs. Uhlwarm.  
So far as could be learned nobody was  
close enough to the fire to gain a close  
description of the woman who hud-  
dled over it.

Jones heard this story from his sister  
when he called at her house last  
night. He knew of the missing woman,  
but waited until this morning to  
report the matter to the authorities,  
stopping at the fire station on the way  
to his work at the Harker pottery. As  
soon as it was possible for him to  
leave the fire station, Captain Ter-  
rence commenced an investigation, go-  
ing directly to the spot marked by the  
charred embers, where the woman  
had spent the afternoon. He found  
footprints, evidently made by a wo-  
man's shoe or slipper. The imprints  
ended abruptly at the fire.

Mrs. DeLong told Captain Terrence  
that she had seen the woman in the  
vicinity of her home for the past few  
days. On one occasion, she stated,  
the woman sat near the house for sev-  
eral hours without uttering a word.

## POSSIBLY THE VICTIM OF A TREACHEROUS PLOT

Nuzum, Killed by Clunk, May Have Walked Into  
a Trap Cleverly Laid  
For Him.

## HIS ANTE-MORTEM STATEMENT OF THE CASE

Lisbon, October 15.—(Special.)—  
There was an unusually large audi-  
ence in the court room for the Clunk  
murder trial, which commenced yester-  
day afternoon. Included among those  
present were the 55 witnesses in the  
case, 25 for the state and 30 for the  
defense. Good progress was made, a  
large number of witnesses having  
been examined when the jury was  
excused at 5 o'clock until 9 o'clock  
this morning.

From the statement of the case  
made to the jury by Prosecutor  
Brookes, the state evidently expects  
to show that Anthony Clunk's victim,  
the late Frank P. Nuzum, of Elkton,  
was a deeply wronged and misrep-  
resented man and may have been the  
victim of a blackmailing plot on the  
part of Clunk and his wife. Prosecu-  
tor Brookes' story of the tragedy, as  
laid down to the jury, was doubtless  
based on an ante-mortem statement  
made by Nuzum.

Mr. Brookes said that Clunk left  
home about 6 o'clock on the morning  
of May 20, the day of the tragedy, os-  
tensibly to go to work at the coal  
mine where he was employed as a  
digger. Instead of going to the mine,  
however, Clunk was represented to

have secreted himself in the barn not  
far from the house, where he re-  
mained until a few moments before  
the shooting. He was jealous on ac-  
count of rumors of unfaithfulness of  
his wife and having been apprised of  
the real situation had probably work-  
ed himself into an insane fury.

About 7 o'clock the wife sent their  
six-year-old daughter Lena down to  
Nuzum's house or store to tell Mr.  
Nuzum to come up and repair one of  
the burners of a new oil stove which  
had just been purchased the night  
before of Kim Hawkins, an Elkton  
storekeeper, notwithstanding the fact  
that Hawkins had already been there  
that morning and given directions  
concerning the stove. The little girl  
was instructed to remain down town  
and play with the children at William  
Johnston's, a near neighbor of Nuzum,  
until the latter returned home.

Nuzum at first told the little girl  
that he had not time to go up to the  
Clunk home that morning, but at  
length consented. He found the stove  
sitting on the back porch and stopped  
to examine it before entering the  
house. In doing so some oil squirted  
on his hands, and Mrs. Clunk, who

## SUPPOSED BURGLAR WAS ONLY A RAT

LITTLE CREATURE CAUSED A  
CRASH AND TERROR.

Excitement in a Bank Street Home  
Thought to Be Due to a  
Small Rodent.

Believing that his house was being  
invaded by a burglar, having heard  
a loud crash in the room below him,  
Mr. Hilliard, of 189 Bank street, raised  
the neighbors this morning at about  
2:45 o'clock by unearthly screams for  
assistance. An investigation by Offi-  
cer McDermott was made this morn-  
ing and the officer states that the sup-  
posed burglar was only a rat.

Hilliard heard a noise sounding like  
some dishes breaking and was con-  
vinced that burglars were in the din-  
ing room below him. He jumped from  
his bed, but having no weapons was  
afraid to investigate and instead  
opened a window and yelled loudly for  
help. Neighbors finally answered his  
call and when they viewed the room  
and premises nothing could be found  
of the supposed house breaker.

When Officer McDermott arrived he  
readily came to the conclusion that  
the noise was made by a rat, seeing  
one of the little creatures close by  
the spot where a vase lay broken on  
the floor.

Notwithstanding the officer's opin-  
ion, Mr. Hilliard still believes there  
was a burglar in his house.

## KNOCKED A MAN DOWN

John Hamilton Fined for His Attack  
on a Lisbon Restaurant  
Keeper.

Lisbon, October 15.—(Special.)—  
John Hamilton, who assaulted C. H.  
Crook at Crook's restaurant Saturday  
evening, pleaded guilty in Mayor Far-  
rell's court last evening to a charge  
of fighting and was fined \$5 and costs.  
Hamilton created a disturbance and  
knocked down the proprietor.

## Will of Adam Houser.

Lisbon, October 15.—(Special.)—  
The will of the late Adam Houser, of  
East Liverpool, has been filed for pro-  
bate and the matter set for a hearing  
November 2. The will leaves all the  
property to Mrs. Kate Houser, provid-  
ed she does not marry. On her death  
or remarriage the residue of the estate  
is to be divided equally among the  
four children, Lizzie, Aggie, George  
and Harry. The widow is named as  
executrix without bond.

## A MUSCULAR PHYSICIAN THRASHES A BLACKMAILER

The attempt of a well known man  
of the West End to work a blackmail-  
ing scheme on a highly respected phy-  
sician of the city last evening result-  
ed in the former receiving the worst  
beating of his life and his escape from  
death at the hands of the enraged doc-  
tor was decidedly narrow. According  
to the physician, he was called upon  
about six months ago to treat a re-  
spectable young woman of the city.  
He prescribed for the girl and had  
not seen or heard of her since until  
last evening, when her brother-in-law  
walked into his office and daringly  
said: "You performed a criminal op-  
eration on my sister-in-law six months  
ago. I have concluded to push you for  
it. I have been to an attorney with  
the case. Now you can either fix this

matter up with me or suffer the con-  
sequences."

The physician was beside himself  
with rage. Like an enraged lion he  
rushed at the blackmailer and before  
the latter could break away he had  
him on the floor and beat his head al-  
most into a jelly. After pounding him  
all over the office, he was about to  
kick him out into the street when he  
thought it might be best to get a  
witness. Going to the door he sum-  
moned a friend, and then made the  
man get down on his knees and swear  
with his hands raised to his Maker  
that every word of the accusation was  
false, that he had not performed a  
criminal operation and that he had not  
been to see an attorney. The whipped  
man was then ushered to the door and  
told never to show his face in the of-  
fice again.

## POSSIBLE CLUE TO OPIUM DENS

Talk to a Prisoner in City Jail May Give the Police a Hint.

### EFFORT WILL BE KEPT UP

To Locate the Places Where the Drug Is Dispensed—Joe Brighthouse's Trouble Alleged to Be Due to Indulgence in the Narcotic.

Though they have applied themselves vigorously to the task of attempting to unearth the opium dens known to be in existence in the city and vicinity, the police have been unable to discover even a clue. A conversation heard at the city hall on Tuesday evening may, however, assist them in the work, and if they take the statements as facts every dive in the city may soon be landed.

The talk alluded to was engaged in by Mrs. Jack Brighthouse, a woman known as "Hi Ki," and Joe Brighthouse. The latter had been arrested for being drunk and was in a cell at the city jail, while his mother and the other woman, who is said to be his wife, were in the room adjoining the jail, awaiting the arrival of Mayor Weaver, wishing to assist the chief executive in dealing out justice to their adored one.

While the two women were in a dispute as to how Joe happened to be in the clutches of the law, the mother stating it was due to drink and "Hi Ki," and the latter arguing that there was another reason, an unknown young man appeared on the scene. He lost no time in getting into the wrangle and disputed the words of both women, saying that the cause of Joe's downfall was his excessive use of dope.

His words soon had the women talking furiously, and it looked for some time as if a fight might ensue. "Hi Ki" finally acknowledged that Joe has been using the poisonous stuff, but she made a demonstration when the stranger attempted to tell where Joe had purchased it. The stranger said he knew that Joe had been over to a den on the opposite side of the river. He intimated that it was in a shanty boat. "Hi Ki" denied it, stating that she knew positively that Joe had gotten the dope in this city. She would not incriminate any one, but said it is located not far from the passenger depot. Before either disclosed the positive location of a joint the man became so angry that he left and then the women ceased talking of it.

Chief Wyman states that he knows what the practice of smoking opium means to a person and that he will surely do all he can to unearth every den. He is of the opinion that if one of them is ever located the entire number will be corralled in a very short time.

## Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches or other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. You get this reliable remedy at

## FRESH DISCLOSURES

Come to Light in Affairs of United States Shipbuilding Company.

### DUMMY DIRECTORS ARE VOTED

Dresser Denies Threatening Schwab—Says Wrecking of Combination Was Caused by Withholding Profits of Bethlehem Company.

New York, Oct. 15.—The inquiry before a referee into the affairs of the stranded shipbuilding combination at the instance of the Bondholders Protective association was productive of fresh developments that will claim the attention of the financial world and those who follow its fortunes.

It developed that Tuesday D. Leroy Dresser, late president of the Trust Company of the Republic, who last week divulged much of the inner history of the formation of the combination, made an effort to communicate with Charles M. Schwab with a view to obtaining some concessions as to the Bethlehem steel works that would render easier the scheme for rehabilitating the partly wrecked concern. The message of Mr. Dresser was delivered to Mr. Schwab by Mr. Harris, of the brokerage house of Harris, Gates & Co., which marketed part of the shipbuilding stock, but Mr. Schwab declined to see Mr. Dresser.

Hoped to Save the Company.

W. D. Guthrie, counsel for Mr. Schwab, brought the facts of the incident out at the hearing in a series of questions directed to Mr. Dresser. His aim was to show that Mr. Dresser had sought to plead with Mr. Schwab and had threatened to make certain disclosures when recalled to the stand that would reflect upon Mr. Schwab. Mr. Dresser denied that he had gone to plead with Mr. Schwab or to threaten him, for he had no additional information to divulge, but had sought to approach him in the hope that something might be done to save the shipbuilding company.

Mr. Dresser asserted that the shipbuilding company had been wrecked because Mr. Schwab had withheld the profits of the Bethlehem company. This declaration he twice spiritedly repeated when at the end of cross-examination by Mr. Guthrie he was given an opportunity to explain.

Resident Directors Produced.

Mr. Untermeyer, in behalf of the bondholders, produced two of the resident directors obtained in New Jersey formally to carry on the affairs of the shipbuilding company, but only finished his examination of one of them. He claimed that they were merely dummy directors, who voted upon questions involving millions of dollars of the securities of the company without other information or inquiry than the orders of the lawyers of the corporation.

George P. Dailey, one of the New Jersey directors, could not tell where the Bath Iron works is located, and could not tell who paid for the single share of stock placed in his name that he might qualify as a director.

There was produced and offered as evidence a memorandum said to have been prepared by Colonel McCook and given by him to Mr. Dresser. It contained the figures upon which the Trust Company of the Republic undertook the underwriting of the shipbuilding company, and while its purpose was not explained, it is expected that it will cut an important figure at a later stage of the proceedings. It is said that, besides the division of stock detailed last week by Mr. Dresser, there was a division of money. The memorandum shows an allowance for "expenses" of \$200,000 cash, \$300,000 in bonds, \$500,000 in preferred stock and \$500,000 in common stock.

Senator Green Arrested.

Binghamton, N. Y., Oct. 15.—Senator George E. Green was arrested and arraigned before United States Commissioner Hall on an indictment found Oct. 8, in Washington, charging him with conspiring with George W. Beavers and Willard D. Doremus to sell the government, through Beavers, stamp canceling machines, known as the Doremus machine, in which Green was largely interested. Green demanded an examination and the case was set down for Nov. 9, when the previous indictments will come up. Bail was fixed at \$5,000, which was furnished.

## ALEX CHAFINS RETURNS TO EAST END

Has Been Spending the Summer on His Farm. But Will Resume Business Operations.

Alex Chafin, who has been spending the summer on his mammoth farm near Fredericktown, will return to the East End in a short time to spend the winter. When Mr. Chafin left the city last spring to engage in farming pursuits, he disposed of his stock of groceries and leased his establishment in Chaffinville. He also sold a great deal of his holdings in East End real estate.

It was stated today that Mr. Chafin would again become active in business matters and besides starting his mercantile establishment afresh will build a number of new houses. Mr. Chafin, by his enterprise and faith in the growth of the East End, has been one of the greatest helpers, and several scores of houses have been built through his agency. He has also taken a prominent part in political matters, being one of the stalwart Republicans of the section.

## POSSIBLY THE VICTIM OF TREACHEROUS PLOT

Continued from First Page

had appeared in the doorway, invited him into the kitchen to wash them. He was drying his hands with a towel when Clunk suddenly entered, apparently in a towering rage, and cried, with an ugly epithet, "I have got you now. I have been laying for you."

Clunk had secured his weapon and assumed a threatening attitude while speaking. Nuzum remonstrated with him, begging him not to shoot, as he had done nothing. Clunk would not be pacified and shouted: "Get down on your knees, you," with that pressing the trigger when only five or six feet distant from Nuzum. The charge from the gun tore a hole in Nuzum's right groin, larger around than a dollar.

Nuzum dragged himself out onto the porch and lay there until Dr. Albright arrived, while Clunk, without giving the wounded man any assistance, went to the home of his nearest neighbor, J. W. Reynolds, and said in a vulgar way, that he had caught Nuzum with Mrs. Clunk and had to shoot him.

Mr. Brooks said that, whether the shooting was due to a fit of jealousy or whether it was the result of a trap set by Clunk for Nuzum, remained to be determined. He said that about the time of the tragedy Nuzum had sold some land for which he received \$300.

Attorney W. H. Spence's statement of the case for the defendant was substantially the same as has been published. Mr. Spence said that Clunk had not been feeling well for several days before the shooting, having been unable to work a full day for at least two days. Returning after he had gone part way to the mines he entered the house and found Nuzum on the floor with Mrs. Clunk and started toward him. Nuzum's fists were clenched and he had every appearance of aggressiveness. In the excitement the gun in Clunk's hands was discharged.

The Clunk and Nuzum families were represented to have been on very friendly terms, frequently visiting back and forth. Mr. Spence said the defense expects to show that Clunk, who can neither read nor write, is not a strong-minded man, which his lack of general development would indicate, but that he has always borne a good reputation and has been an industrious laborer. Clunk is 44 years old, was born two miles south of Lisbon and has spent his entire life in this vicinity.

The accused sat at the table between his two attorneys and was visibly affected at times by the testimony. The first witness for the state was Mrs. J. W. Reynolds, the nearest neighbor of the Clunks. She said she was at home on the morning of the tragedy and that her kitchen window toward the Clunk residence was open. Mrs. Reynolds heard the shot fired which was the first intimation she had of any trouble and immediately afterwards heard loud and angry talking, some one saying: "Lie down, you," and repeating the expression several times with terrible oaths. A great commotion inside the house as of furniture and other fixtures being tumbled about roughly, preceded the opening of the front door, after which Clunk emerged from the back door saying, "I'll take care of the gun."

He started at once toward Reynolds, left his gun at the gate and told Mrs. Reynolds what had happened, asking her to telephone for a doctor. She said Clunk appeared excited.

Charles McCord said he met Clunk coming away from the house on the morning of the shooting. Clunk had his dinner pail, but did not have on his coat and clothes, and stopped at the barn on the premises, after walking a few rods with McCord. McCord went about half a mile further and

returned past the place, but did not see Clunk leave the barn.

Mrs. Jessie Johnston, wife of William Johnston, saw Clunk's little daughter Lena come to the home of Nuzum, her near neighbor, on the morning of the shooting, and said that shortly afterwards Nuzum went past on his way up to Clunk's, while the little girl remained to play with Mrs. Johnston's children.

Kim Hawkins, the dealer of whom the Clunks had bought the oil stove the night before, said he went the morning of the shooting and gave Mrs. Clunk the necessary directions concerning the stove that Nuzum was called upon to repair.

"Squire J. D. Peterson, of Elkton, was at the scene of the shooting shortly after it occurred, and identified a pair of overalls and a shirt as being what Mr. Nuzum had on that morning.

Mrs. M. B. Morlan, Mrs. Nancy Adams and others testified to having been asked by Clunk as to whether they had heard reports concerning his wife. On account of the rumors about her they advised Clunk to watch and see for himself.

Miss Mabel Johnston, William Johnston, George W. Crawford and others told of having heard Clunk speak in stores and other places of his wife's unfaithfulness and make threats as to what he would do to the first man he caught about his home. Such a conversation was alleged to have taken place in the store of Clunk's victim, Nuzum himself advising him to lay for them.

Mrs. John Tullis, a daughter of Nuzum, living in Lisbon, at whose home he died, was also on the stand and identified the clothing which her father wore when he was shot.

The taking of testimony was late in being resumed today, preliminary testimony being taken in the absence of the jury regarding the admissibility of Nuzum's ante mortem statement.

Attorney Louis T. Farr, at the request of Prosecutor Brooks, had visited Nuzum before his death and took his statement in the presence of Justice J. E. Peterson and others of Elkton. The statement was written out, submitted to Nuzum, approved and signed by him and later reaffirmed. It was decided to admit the statement with a few eliminations.

W. JOHNSON QUINN, Prop.

returned past the place, but did not see Clunk leave the barn.

Mrs. Jessie Johnston, wife of William Johnston, saw Clunk's little daughter Lena come to the home of Nuzum, her near neighbor, on the morning of the shooting, and said that shortly afterwards Nuzum went past on his way up to Clunk's, while the little girl remained to play with Mrs. Johnston's children.

Kim Hawkins, the dealer of whom the Clunks had bought the oil stove the night before, said he went the morning of the shooting and gave Mrs. Clunk the necessary directions concerning the stove that Nuzum was called upon to repair.

"Squire J. D. Peterson, of Elkton, was at the scene of the shooting shortly after it occurred, and identified a pair of overalls and a shirt as being what Mr. Nuzum had on that morning.

Mrs. M. B. Morlan, Mrs. Nancy Adams and others testified to having been asked by Clunk as to whether they had heard reports concerning his wife. On account of the rumors about her they advised Clunk to watch and see for himself.

Miss Mabel Johnston, William Johnston, George W. Crawford and others told of having heard Clunk speak in stores and other places of his wife's unfaithfulness and make threats as to what he would do to the first man he caught about his home. Such a conversation was alleged to have taken place in the store of Clunk's victim, Nuzum himself advising him to lay for them.

Mrs. John Tullis, a daughter of Nuzum, living in Lisbon, at whose home he died, was also on the stand and identified the clothing which her father wore when he was shot.

The taking of testimony was late in being resumed today, preliminary testimony being taken in the absence of the jury regarding the admissibility of Nuzum's ante mortem statement.

Attorney Louis T. Farr, at the request of Prosecutor Brooks, had visited Nuzum before his death and took his statement in the presence of Justice J. E. Peterson and others of Elkton. The statement was written out, submitted to Nuzum, approved and signed by him and later reaffirmed. It was decided to admit the statement with a few eliminations.

## RIVER IMPROVEMENT

Ways and Means Being Considered by Convention in Session at Evansville.

## FUNDS CONTRIBUTED FOR CAUSE

Cincinnati Leads the List With the Largest Amount — Three Hundred

Delegates Present at Meeting—Banquet Tendered Visitors.

Evansville, Ind., Oct. 15.—The convention of the Ohio Valley Improvement association opened with addresses by Governor Durbin and Mayor Covert, of the association. One thousand delegates are expected. Huntington, W. Va.; Portsmouth, O., and Louisville, Ky., are after the next convention.

At the afternoon session \$5,000 was subscribed by the cities from Pittsburg to Cairo to enable the association to carry on the fight for a system of locks and dams. Cincinnati was the largest contributor, donating \$2,500.

About 300 delegates are present. The nominating committee recommended the election of the following officers: J. L. Vance, president; James D. Parker, treasurer; J. E. Eliason, secretary. Vice presidents for the different states were selected as follows: Pennsylvania, George H. Anderson and W. B. Rogers; West Virginia, Hillman Quarrier and Daniel A. Massman; Ohio, A. Bettinger and H. A. Marting; Kentucky, W. W. Hite and W. A. Patton; Indiana, F. B. Posey and M. C. Garber; Illinois, George Parson and J. C. Willis. On account of the large river frontage of Kentucky it was decided to give the state three vice presidents, and Saunders A. Fowler was selected.

Congressmen Hemenway and Stanley were present.

In the evening addresses were made by Captain J. F. Dravo and George H. Anderson, of Pittsburg, Pa., after which a banquet was tendered the visitors.

## MISS WOOD INDIGNANT.

Says She Is Not Interested in Any Person's Matrimonial Affairs.

New York, Oct. 15.—Miss Mae C. Wood, to whom has been attributed the purpose of instituting a suit for breach of promise of marriage against Senator T. C. Platt on the eve of his marriage with Mrs. Hanaway, of Washington, arrived at the Manhattan hotel from Ontario county, N. Y., where she had been at the bedside of a sick relative.

Miss Wood expressed herself in terms of indignation regarding the published rumors, and said she was not interested in any person's matrimonial affairs. The only persons who are apt to get into trouble, she added, are those who are at the bottom of those silly rumors.

When asked if she knew Senator Platt, she said: "Of course I know him. I have known him for several years. He has always been friendly to me, and I esteem him highly. I regret the publication of these ridiculous stories as very unfortunate and distressing."

## LAST DAY FOR AUTOS.

Nineteen Cars in Youngstown for the Final Run of Endurance Race.

Youngstown, O., Oct. 15.—Nineteen cars have reached Youngstown, ready to leave this morning for the last day's run of the endurance contest. This includes all the cars that left Cleveland and two more which had not been heard from since leaving Pine Hill. They were driven by Doreys and Edward Collier.

The run into Youngstown was accomplished in quick time. Tom Fetch led the cars through Warren, in a place. Stearns reached the outskirts of the town first. He could have run into the garage ahead of any other car, but as racing is strictly prohibited, stopped and came through the streets of Youngstown side by side with Jay. Jay went into the garage first at 11:42 o'clock. Today the cars will run down as far as Allegheny, where they will rendezvous. Escorted by the Pittsburg Automobile club, they will parade to the garage.

Ex-Governor Mitchell Dead.

Tampa, Fla., Oct. 15.—Ex-Governor Henry L. Mitchell is dead of general debility. He was 70 years old and his health had been failing for a year past. From 1888 to 1890 he was justice of the supreme court of the state. He was governor from 1893 to 1897.

Apoplexy Caused Fatal Fall.

Cumberland, Md., Oct. 15.—William Marrs, aged 60, of Barton, was stricken with apoplexy when at the head of the stairs at his home and fell down stairs, breaking his neck. He leaves a wife and several sons.

Buford Loses by Fire.

Buford, Ga., Oct. 15.—Fire destroyed the Buford bank, the postoffice and seven buildings. Loss, \$50,000.

NATIONAL CAPITAL NOTES

Attorney General Knox and Henry T. Frick, of Pittsburg, were guests of the president at luncheon.

A 4-months-old son of Minister Quesada died at his father's home in this city after an illness of a week.

Admiral B. H. Lambertson arrived at Rio de Janeiro and assumed command of the South Atlantic squadron.

## Alcohol Cures, Not Cures, Kidney Troubles. EDWARD CURRY CURED OF PAINS IN HIS BACK AFTER ALL OTHER REMEDIES FAILED.

Aug. 21, 1903 Edward Curry, 13th and Greenup Sts., Covington, Ky., writes: "For many years I suffered periodically from severe pains in my back, interfering with my work, and causing irritability and much mental worry. Many remedies failed to give me relief. I tried Pettinill's Kidney-Wort Tablets, and since using them have had no recurrence of the pains, and feel much improved in health and spirits."

The kidneys give warning of their condition by symptoms in other parts of the body. Pained, puffy, faces with puffiness under the eyes refer to kidney disease. At the first backache examine your morning urine for cloudiness and reddish deposits. Thousands of persons beginning to feel the effects of ailing kidneys have saved themselves from Bright's disease by the prompt use of Kidney-Wort Tablets.

Commissioner Richards, of the government land office, makes a report that shows the necessity and importance of a revision of the laws relating to the sale of timber lands. There is no doubt in his mind that these lands are being bought up by speculators in the west, solely for the purpose of denuding them of their timber. He describes now a carload of people will leave Michigan for Oregon. Shortly thereafter the land office receives claims for quarter sections in number exactly corresponding to the number of passengers on the car. Each claim is accompanied by a \$400 check. Investigations shows that none of the claimants was ever known in his home town to have \$400 at any one time in his life. Nevertheless the patents must be issued, for the law only requires that the claimant must have seen the land and possess the price. Before long all the claims are transferred to some one syndicate or corporation. The government efforts to encourage forestry and the establishment of timber reservations will be more than offset by the sales of these schemes, if this sort of thing is allowed to go on.

According to a more or less steamed contempt, the subject of one of its news items is either dying or dead, having been thrown under a

train or a street car or injured in some other way. Nothing like accuracy.

East Liverpool will show Senator Foraker and the other orators who are to come here what a Republican welcome in a Republican stronghold is like. The meeting of the latter part of this month bids fair to be a record breaker.

As long as the great industries continue to thrive it makes very little difference to the ordinary chap whether the speculative industry of Wall street thrives or not.

It is pathetic to see American free trade papers pleading with England to stand by the doctrines of Cobden. Protection has captured the free trade citadel.

John Alexander Dowle has taken eight train loads of Zionites to New York to convert the town. It won't be enough.

Chester has added a national bank to her other possessions and is moving along on the crest of the wave of prosperity.

President Roosevelt is not afraid to speak his mind on any question. He is not a politician, but a statesman.

Let us hope that the Evansville convention will convert a good many congressmen to its doctrine.

Tom Johnson is a very good natured chap. It is not he, but his doctrine, that is dangerous.

The czar is now preaching peace. Meantime he is very busy getting his guns in order.

## OBITUARY

Mrs. Margaret Richardson.

Mrs. Margaret A. Richardson, aged 75 years, died at her home at Irondale Tuesday evening of old age and a complication of diseases. She was well known throughout the county, as she had lived in Irondale for the past 35 years. She leaves three daughters and two sons, most of whom are married. Mr. Richardson died about 11 years ago. Funeral services were held at the late home this afternoon. Rev. Mr. Grimes officiated. Interment was made at Spring Hill cemetery in Wellsville.

Readjustment of Kentucky Oil.

Lima, O., Oct. 15.—White House (Ky.) crude oil declined 2 cents, making the quotations \$1.35 per barrel. A readjustment of Kentucky oils has been made, Somerset, Barboursville light and Lacey (Tenn.) being put on a par with South Lima and Indiana, now quoted at \$1.21, and in the future will be known only as Somerset. Neodesha (Kas.) is rated with North Lima, \$1.26, and Barboursville heavy has been consolidated with and will be known as Ragland, now quoted 66c.

Went Riding With the President.

Washington, Oct. 15.—General Ian Hamilton, of the British army, was presented to the president by General Corbin. Later in the day he accompanied the president and Mrs. Roosevelt on a horseback ride in the suburbs. General Hamilton will dine with the president this evening. He will leave here Friday for Savannah, Ga., to visit Colonel Gordon, and will afterward attend the army maneuvers at Fort Riley. He will sail from New York on Oct. 24 for Southampton.

Charges to Be Investigated.

Denver, Oct. 15.—Brigadier General John Chase, who was relieved of the command of the national guard in Cripple Creek by Governor Peabody 10 days ago, was served with the charges upon which he will be tried by the court martial which is to convene at the capitol next Monday. The general will not be deprived of his liberty. Similar action will be taken in the cases of other officers against whom charges have been preferred.

## AT THE THEATER

What "The Old Homestead" is to the north, so is "The Old Plantation" to the south. In a romantic manner is woven a strong plot of dramatic interest that appeals to every class of playgoer, north, south, east or west. The many exciting scenes in this successful play are depicted amid picturesque surroundings that are pleasing to the eye, and are too seldom seen on the modern stage. There is an air of content hovering around plays of this class, which makes the onlooker feel better for having witnessed them. At the Grand tonight.

In presenting a splendid scenic revival of the famous comedy drama "The Black Flag," as the opening bill of the engagement of the big comedy company, "The Ideals," John A. Himmelein promises a production of this popular play that has never been seen in this country since the original production of the play by Nat C. Goodwin and Edwin Thorne. Perhaps it has been presented by more different companies than this one, or has received worse treatment at the hands of the theatrical people in general. At the Grand opera house next Monday evening.

The Carpenter Company.

In the new Russo-Siberian play, "For Her Sake," there is one scene which must fall little short of terrific, viewed from the standpoint of dramatic effect. It is a fogging episode. The knout, as the Russian cat-o-nine-tails is called, is made to figure, and the victim of the lash is a sort of girl whose only offense, it would appear from reading of the plot of the play, is that she won the love of a prince of the blood. At the Grand Saturday night.

The romantic story of St. Bernard is graphically illustrated in the charming play, "When the Bell Tolls," which will be given at the Grand on Friday night. The picturesque mountains of Switzerland have hitherto been overlooked by the playwright, but have been eagerly grasped by the author of "When the Bell Tolls" as a fitting frame for a cleverly drawn dramatic picture.

The Banda Rossa concert, the first of the High School series of entertainments, was a great musical treat and was enjoyed by a large audience at the opera house last evening. The program included both instrumental and vocal selections, both classical and popular.

New Kind of Life Insurance.

For twenty five cents you can insure yourself and family against any and every loss from an attack of diphtheria, croup, whooping cough, scarlet fever, cholera, and typhoid fever. This is the price of a bottle of Chamberlain's Cough, Cholera and Diarrhoea Remedy, a medicine that can always be depended upon even in the most severe and dangerous cases. It is equally valuable for children and adults. When reduced with water and sweetened it is pleasant to take. This remedy has relieved more pain and suffering and saved the lives of more people than any other medicine in the world. It is almost sure to be needed before the summer is over. Buy it now. Screams Brought Help  
in Time.

Little 11-year-old Sadie Chloe Fishburn, whose parents reside in this city, but who is living at the home of Attorney George W. Adams in the country near town, was the victim of a dastardly assault early Tuesday morning while returning to her home from this city with a basket of groceries for the Adams family.

She was walking up the Wells Hollow road, just east of this city, alone when she was suddenly approached by a man, who, without warning, picked the girl up and carried her to the side of the road, where he threw her down. The interference of Harry Rinestein, who happened to be in the vicinity, saved her from harm.

The man who committed the assault threatened the girl and said that he would kill her if she screamed for help. The girl was too frightened to pay any attention to his threats and screamed. Rinestein heard her cries and hurried to her assistance.

The scoundrel heard Rinestein approaching and at once made good his escape, but not until Rinestein had seen the man's face. Rinestein recognized him as Frank Dennan, better known in Tophet as "Pittsburg Jack," and later informed the local officers. Dennan managed to keep in the shade Tuesday night and all day yesterday, but was caught by Chief Houser and Officer Elliott at his home up Wells Hollow early last evening. He admitted the assault to the officers on his way to the city jail. He was later identified by his little victim.

A charge was entered against Dennan and the mayor has set the case for hearing at 6 o'clock this evening, at which time two or three witnesses will be called in. This case has attracted considerable attention, particularly in Tophet, where Dennan is well known. He has been before the mayor on several occasions heretofore drunk and disorderly charges. The council chamber will probably be packed with people at the hearing this evening.

## SIMPLY BREATHE IT

Few Minutes' Use of Hyomei Four  
Times a Day Cures  
Catarrh.

The pleasantest, most convenient of the scientific method for the treatment and cure of catarrh is Hyomei. Simply put 20 drops of Hyomei in the inhaler that comes with every package and then breathe it for a few minutes four times a day. It seems remarkable that so simple a way of treating catarrh will effect cure, but the most important discovery of science have always been the simplest. By breathing Hyomei in is every particle of air that enters the air passages of the throat and goes into the lungs is charged with a healing balsam that kills the germs and bacilli of catarrh and soothes and allays all irritation. The first day's use of Hyomei will show a decided improvement and in a short time there will be no further trouble from catarrh. Its action is quick and lasting.

You take no risk in buying Hyomei. Complete outfit costs \$1, and if after you can say that it has not helped you will return your money. What other treatment for catarrh is sold under a guarantee like this?

DEATH DUST  
Roaches.

A big black roach, is a big, mean nuisance; and the sooner they are driven out or killed, the better. They not only eat food and spoil infinitely more than they eat, but they destroy many fine things, such as book covers, etc. Numerous are the ways and means employed to rid premises and places of them but with out permanent result.

The very best thing to kill roaches is Death Dust.

It kills them in their tracks before they reach their haunts. Sprinkle it freely about the places they are seen. They breathe it and DIE. Just what every good housekeeper wants them to do.

NEW NATIONAL BANK  
KEEPS OPEN HOUSE

Chester Institution Thronged By Visitors And Friends  
Today.

The First National bank of Chester was opened to the public at 8 o'clock this morning, and remained open until late this afternoon. The bank officers held open house, and throughout the day greeted the business men and citizens of the neighborhood as they called to inspect the institution.

The establishment of a bank in Chester fills a long felt want. The business interests of the town have grown to such a degree that it was both inconvenient and absurd to continue doing their banking in East Liverpool.

It has a capital stock of \$50,000, all of which has been paid in. United States bonds amounting to \$12,500 have been purchased and an order to duplicate that purchase has been made, so that the bank can issue notes to the amount of \$22,500, 90 per cent of its holdings in United States bonds.

The destinies of the new financial institution have been placed in the hands of Oscar O. Allison, one of the best known and most successful business men in this section of the state, who will act as cashier. Though yet a young man Mr. Allison has earned for himself a place in the very forefront among the substantial men of the county, and under his careful direction the concern is certain to prosper.

## RESOLVED TO BUILD

Savings Bank at New Cumberland  
Will Erect a Business  
Block.

A meeting of the directors of the New Cumberland Savings & Trust company was held yesterday in the bank's building, and it was unanimously voted to go ahead with the new building. A committee composed of E. P. Morphy, the cashier; G. B. Walmer and F. A. Chapman was appointed a building committee with power to secure complete plans for a new bank building, 60x100 feet, three stories, with four business rooms, 20x30 feet. The upper stories are to be made in that shape which will be the best investment. Notice was immediately served upon Peter McElcannan to vacate the property within 30 days, which indicates that the building committee are moving along ready to commence work at once.

This building will be a very decided improvement to the town, enhance the value of surrounding property and will have a tendency to centralize the business interests in that particular locality. The meeting was a very harmonious one and those from a distance very well pleased with the outlook.

## Will Locate in Chester.

Fred Attie arrived in Chester this morning from Beaver county, where he has conducted a farm for several years. He came to Chester for the purpose of securing a house, preparatory to removing to this vicinity. He has not yet decided what he will do, but may go into some kind of business. He has been very successful as an agriculturist, having purchased a farm upon which two men had made utter failures, and has prospered beyond average. Mrs. Attie has been in ill-health for some time, and this is given as their reason for coming to town.

## Oil Prospecting.

The drilling apparatus and other machinery for the well to be drilled by Stewart Bros. on the James property in Chester has been placed in position and it was thought drilling could be commenced some time this afternoon. Indications point to a good producer, and the fact that Mr. Murray only hopes to obtain sufficient gas for his own private use, makes the project of more interest than it would otherwise arouse. In case the prospecting proves successful other wells will be drilled right in the heart of the town.

## CHESTER NOTES.

Charles Campbell, of Holliday's Cove, was in Chester yesterday.

A son was born to Mr. and Mrs. Frank McCoy, of Indiana avenue, last night.

Nellie Wollam and Martha King went to Canal Dover for a visit with relatives.

Chester has taken its place in the metropolitan class and can boast of a Chinese laundry.

R. G. Mercer, who has been ill for some time, is spending a few days in the country while he recuperates.

Judge J. A. Campbell, president of the new banking institution of Chester, was in town yesterday on business.

J. A. Alford Thinks Some Sneak  
Thief Got Into His House  
on Broadway.

J. R. Alford, employed as a day man at the K. He said several people were in the house during the evening and he suspected one of them, but an investigation by Chief Wyman proved the accused to be innocent.

It is not known just when the money was taken, but Mr. Alford thinks the thief got in his work while he was out of the house. It is thought an arrest will be made this afternoon that will result in the capture of the guilty party.

## Fishing Schooner Missing.

Philadelphia, Oct. 15.—Fears are entertained for the safety of the fishing schooner Eden, of this city, which has been missing since Oct. 7. On that day, with a crew of 18 men, the Eden passed out at the Delaware breakwater for the fishing banks, about 15 miles seaward and there have since been no tidings of the vessel. It is feared the schooner was caught in the northeast storm which prevailed along the coast Friday and Saturday.

## GRIM STAYS THE LIMIT.

Down Twenty Times. Generally With Fitzsimmons' Assistance.

Philadelphia, Oct. 15.—Bob Fitzsimmons failed to stop Joe Grim, the Italian pugilist of this city, in six rounds at the Southern Athletic club. Grim was down 20 times all told, including one accidental fall, one slip out of the ring and some half a dozen falls to avoid punishment. The others were square knockdowns, and it must be said to Grim's credit that very few other boxers could have taken these blows and shown so little effect from them.

Fitzsimmons for three rounds contented himself with chasing Grim around the ring with strong feints, with now and then a light blow. In the fourth round he began to warm up to his work, and in the fifth and sixth rounds Bob apparently did the best he could, and yet failed to stop the Philadelphia boy. Grim adopted evasive tactics from the first and merely tried to stay the full number of rounds. He does not know how to hit, using the open hand in place of his fist. Grim was down twice in the second round, once in the third (an accidental fall), three times in the fourth, six times in the fifth and eight times in the sixth round.

Maude Adams Achieves Triumph. Syracuse, N. Y., Oct. 15.—After two years' absence from the stage Miss Maud Adams appeared at the Wieting opera house, achieving an emphatic personal and artistic triumph as Pepita, in the "Pretty Sister of Jose," a character which, while it may never touch the popular heart as did Lady Babbie, with whom her name is most frequently associated, nevertheless gives her the best opportunity she has ever had of displaying her marvelous ability, sounding all the emotional chords of human nature.

Will Attempt to Lower Record. Cleveland, Oct. 15.—G. W. Gray, president of the Chicago Automobile club, left in his big racing car for the latter city in another attempt to lower the time record of 23 hours and 40 minutes between Cleveland and Chicago. He is accompanied by J. A. Ellis, of Chicago, and a chauffeur. Mr. Gray recently started from Chicago with his car for this city in an attempt to lower the record, but met with an accident at Valparaiso, Ind., that necessitated the abandonment of the trial at that time.

Murderer Gets Death Sentence. Hartford, Conn., Oct. 15.—Paul Missik was found guilty of murder and sentenced to be hanged on Feb. 11. Missik quarreled with and shot to death a fellow workman, Charles O'Brien. The dispute arose over 36 cents, which Missik claimed O'Brien owed him.

Woman Killed by Lightning. Lafayette, Ind., Oct. 15.—During a violent storm lightning struck and partially demolished a two-story frame building at West Point occupied by the Knights of Pythias. Mrs. James Van Meter was instantly killed and five other women seriously injured.

Fight Results in Draw. Detroit, Oct. 15.—Harry Forbes, of Chicago, and Tommy Feltz, of St. Louis, fought a 10-round draw before the Metropolitan Athletic club. Both men were strong at the finish and showed little signs of punishment.

## THE PRESIDENT

### Coming to E. Liverpool

#### FRIDAY AND SATURDAY

#### OCT. 16th AND 17th.

#### HOTEL THOMPSON.

The chief consulting physician and staff of

### The Noted Specialists OF NEW YORK.

The Most Eminent Physicians in America Will Visit E. Liverpool. O.

The French-American Association of Expert Specialists of New York city are now visiting a few of the principal cities of our state. To introduce their new system of curing disease they will give consultation, examination, advice and medicine free to all patients taking advantage of this offer DURING THIS VISIT.

Deafness cured by an entirely new system. No matter what your disease may be or of how long standing, the Doctors will locate your disease without ASKING YOU ANY QUESTIONS. The DOCTOR is said to be the greatest Lung and Catarrh Specialist in America. If you have catarrh or lung trouble go and be examined. The sick and afflicted should take advantage of the opportunity offered here. They may never again have the privilege of consulting such skilled physicians so near their homes. Go and have it forever settled in your mind. If your case is curable, they will tell you so frankly; if incurable, they will give you such advice as to prolong life. No sick man or woman should fail to consult these eminent men. It is the greatest opportunity of the sick man's life.

If you have Rheumatism, Liver, Kidney or Bladder trouble, Paralysis, Heart Disease, Nervous Debility, Dyspepsia, Indigestion, Constipation, Epilepsy or St. Vitus' Dance, go and be cured by their new system.

Cancers, Tumors, Strictures, Ulcers, all Blood, Skin and Scalp Diseases, Piles and Ruptures they guarantee to cure every case they accept as curable.

Every kind of human ill falls at the touch of these marvelous men, and so great and wonderful have been the cures that in many cases it is hard indeed to find the dividing line between human accomplishment and miracle. It matters not what the ill may be; it matters not what discouraging reports may have been made from any direction; it matters not if you have been told that "grim death stares you in the face." Go and consult these doctors and if there is the finest thread upon which to hang a hope you will find that hope there, and the hope will surely lead you to the blue skies of peace, contentment and health.

Thousands who have given up all hope of ever being cured have now the opportunity of a life time to consult doctors of a national reputation. Remember their knowledge of medicine combined with electricity gives them a control of disease that others do not possess. If you have weak eyes, if you are hard of hearing, if you are lame, and cannot walk, this new system will cure you quickly.

If you suspect kidney trouble bring a two-ounce vial of urine for chemical and microscopic analysis.

Go early as their offices are always crowded. If you are improving under your family physician do not come and take up their valuable time. They wish to give each one plenty of time, but cannot listen to long stories not pertaining to your case. Idlers and curiosity seekers will please stay away; their time is valuable.

THESE DOCTORS are skilled specialists and will be found ready and willing to extend the hand of help, bring back health and happiness where now exists sickness and sorrow.

## REALM OF SPORTS

### WELLSVILLE BOYS

### BEATEN 17 TO 0

Local Eleven Won Second Inter-Urban High School Contest.

### WELLSVILLE OUTCLASSED

Weakness on Defensive Play Made the Three Touchdowns Easy—Culbertson, Wellsville's Fullback, Had His Nose Broken.

"Before you, my dear Gaston," said Fred Mountford as he sped along just in front of the little left half, breaking Wellsville's interference and spinning their left end and left tackle along the greenward. Gaston was skirting the left end for a pretty run but before Mountford had disposed of the left of the line, the rest of the Wellsville bunch was at Gaston like a pack of hungry wolves. They tackled him, but the sturdy little player shook them off and he went the last 5 yards for a touchdown without interference. It was on of the prettiest plays of a pretty football game in which the East Liverpool high school won from the Wellsville high school by a score of 17 to 0.

Never did lads play more lustily and never were players more loyally cheered. Hundreds of pupils from the local schools were along the line waving the blue and white, tooting nasal sounding horns and straining throats with cheering cries.

The loyal few from Wellsville were completely outnumbered and outdone. And well might they cheer! In every department of the game the local boys demonstrated their superiority. Not once were they held for downs while they hit center, went through the tackles or skirted the ends almost at will. Wellsville had the call but once during that long fast half and in the second half they had to resort to a punt to keep from losing the ball on downs.

Mountford's great work at full back was the admiration of all. Not once was he held when he hit the center of the line and in nearly every scrimmage, after getting beyond his interference, he gained a yard or more before they could down him. His great interference for Gaston and Smith, the halves, made their big end game possible. He did not make a single error of judgment in calling the plays and made two pretty goal kicks out of three tries. The four players, Mountford, Gaston, Smith and Thompson, who were the stars, were permitted to shine by the good work of the other seven. The tackles, Viney and Evans, made nice openings for the halves and guards cared for their men nicely. Erlanger at center played a fine game, there being a wonderful improvement since the last game in snapping the ball.

Culbertson, the Bruno player, who was in the game by special dispensation, kicked off to Smith on the 20 yard line. Smith carried it back 8 yards. On the first scrimmage Gaston circled the left end for 20 yards. Smith was helped through the right tackles for a gain of 5 yards and on the same play made 8 yards. Mountford took a shot at center and gained 7. Gaston tried the left end but was held for no gain. Thompson went around right end for 5. In these scrimmages it became apparent that Wellsville could not hold. Mountford made two more on a buck. Viney made a nice opening for Smith and he went through for a 15 yard gain. Culbertson tackled fiercely and in the mixup sustained a broken nose. He had to quit the game and Blue, another Bruno player, took his place. Mountford gained 2 yards through the right tackles and then sent Gaston around the left end. The little half as fleet as a deer and he went to yards before they downed him. Smith again hit the tackles for a 2 yard advance and the ball was on Wellsville's 5 yard line. The crowd was bunched along the goal line and the noise was so deafening that the players could not hear the signals. Geon snapped it to Mountford and he hit the line with tremendous force, he punted to Smith to open field from the spot where the ball was carried over and then kicked goal.

Wellsville seemed disheartened over the apparent ease with which the local players carried the ball up the field and over their goal. Blue did not know his team and made a great mistake by kicking off to East Liverpool for they carried the ball to his goal again without once losing it. After such weak defensive play he should have tried offensive. Blue kicked off to Gaston on the 10 yard

## The 8 Hour Day

Which the working man has fought for and succeeded in obtaining is something the wife has no share in. Her day begins before his and ends long after it, as a rule, and many a night her rest is broken by the baby's fretfulness. The healthiest woman must wear out under such a strain. What can be expected then of those women who are weakened by womanly diseases?

Women who are weak, worn-out and run-down will find new life and new strength in the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening humors, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

Sick people are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I suffered with female weakness about eight years—tried several doctors but derived no benefit until I began using Dr. Pierce's Favorite Prescription," writes Mrs. John Green, of Danville, Boyle Co., Ky. "This medicine was recommended to me by other patients. I have taken six bottles and I feel like another person."

The dealer who offers a substitute for "Favorite Prescription," is only seeking to make the little more profit paid on the sale of less meritorious medicines. His profit is your loss. Refuse all substitutes.

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

line and Gaston made 10 before he was downed. Thompson made a sprint around the right end, gaining 30 yards. Gaston tried the other end but was held for no gain. Mountford found the left tackles easily for 5 more. Smith then hit the same spot for 5 and Thompson skirted the right end again for another 30 yard gain. Mountford corkscrewed through center for 10 yards, half of it made after he got ahead of his interference. Mountford center bucked again for 4 yards. Then he sent Gaston toward the left end guarding him most of the way. Gaston made 15 yards with this interference and after Mountford had been tackled went the remaining 5 without help. Mountford made a great try for goal but missed. Score 11 to 0.

Herwig kicked to Mountford on the 20 yard line and he carried it back 10. Thompson kept up his great work and skirted the right end for 25 yards. Gaston tried the other end and gained 1 yard. Mountford hit center for 10 and Smith followed with a gain of 4. Thompson gained 1 yard and Smith 4 through the right tackles. Mountford gained 2 through center. Goetz then got the ball on a fumble. Blue carried for 5 yards on a short end buck. Time was called on the next scrimmage but it was ruled out as players on both teams were off side. Blue dropped back, apparently to punt, but carried the ball for a gain of 40 yards. This ended the half. Darkness was fast approaching and it was agreed to shorten the half to 10 minutes. Mountford kicked off to Blue on Wellsville's yard line. Blue made 10 yards before he was down. Murdock made 2 yards and Herwig lost it by fumbling. Blue punted 30

### CAN'T KEEP IT UP

Can't Deceive East Liverpool People Very Long—They Learn Quickly.

It is sometimes an easy matter to fool the public, but you can't keep it up very long; They are sure to find you out; and every time a man is fooled another skeptic is made. We are naturally skeptical when reading a published statement given by some stranger residing in a far-away place, but the circumstances are entirely different when home endorsement is presented. The testimony of local citizens renders deceit impossible. It is as easy for you to investigate. Read this case:

Mrs. Caroline White, of 225 Railroad street, East End, says: "I used Doan's Kidney Pills and found great relief from the treatment, although I am 70 years of age, and had about given up all hope of ever being helped. I took medicine and my back ached just the same, grew stiff and lame when sitting long or when lying in bed and sharp twinges of pain and other symptoms convinced me my kidneys were out of order. Always on the lookout for anything that might bring relief, when I heard Doan's Kidney Pills so highly spoken of, I got a box at the W. & W. Pharmacy. After using that for a short time I could plainly notice the good effects they were causing. I continued some time longer and gradually but surely improved. I found Doan's Kidney Pills a splendid remedy and advise others to try them, feeling confident if they do so they will have no cause to regret it."

yards to Mountford and he carried it back 25. Mountford advanced 5 through the right tackles and Thompson made another pretty end run of 20 yards. Mountford bucked center for 6 and Smith went through the right tackles for 6. Mountford went the rest of the way through the right tackles and kicked goal making the final score 17 to 0.

It was so dark that the Wellsville captain asked that the game be called. Only 4 minutes of the half had been played.

The lineups:  
E. L. H. S.—J. Geon, left end; Viney, left tackle; Ryan and Stevenson, left guard; Erlanger, center; Thompson, right end; Evans, right tackle; Smith and Anderson, right guard; Gaston, left half; Smith, right half; W. Geon, quarter back; Mountford, full back.

W. H. S.—Davis, left end; Forner, left tackle; Andrews, left guard; Goetz, center; Martin, right end; Rose, right tackle; Conn, right guard; Murdock, left half; Wylie, right half; Herwig, quarter back; Culbertson, Blue, full back.

Touchdowns—Mountford, 2; Gaston, 1.  
Umpire—Dr. McClure.  
Referee—W. Knox.

### THE LEGAL STARS

### CLOSE THE SEASON

Juvenile Players Have Won 17 Out of 23 Games and Are Preparing For Next Year.

The Legal Stars, a team of juvenile ball players, announce that they will not play any more games this season. This team, it will be remembered, competed for and won the best prizes in the morning game at the big picnic given by the News Review at Rock Springs park September 15. Taken as a whole the season has been a most successful one for the Stars, they having won 17 out of 23 games.

They are already arranging to open next season in much better condition than ever before and expect to be even more successful next year than during any previous period. The team is composed of Mount and J. Cook, catchers; Calhoun and Smith, pitchers; Myers, short stop; Gibbons, first base; Boyd, second base; Oberling, third base; W. Cook, left field; Ruhe, middle, and Russell, right field. Duncan and Owens were substitutes. R. Boyd was manager and W. Cook was captain.

### SPORTING MISCELLANY.

Cy Perry, of Pittsfield, who pitched for the strong Buffalo Eastern League team last season, has been signed by Pittsburg for 1904 at \$400 a month.

Cleveland both outbatted and outfielded the Reds in the state series. The figures were: Batting, Cleveland .271, Cincinnati .212; fielding, Cleveland .944, Cincinnati .919.

"Jimmy" McAleer, manager of the St. Louis Browns, has come home to Youngstown to spend the winter in selling haberdashery and preparing for the battles of the summer of 1904.

Howard Wilson, a pitcher for the Washington base ball team, has mysteriously disappeared. His friends believe he has been robbed and killed. When last seen he had \$600 to \$1,000 with him.

President Dreyfuss, of the Pittsburg club, has announced that every cent of money taken in by the Pittsburg club in the post-season series will be divided among the players of the club. It means about \$1,000 each to the boys.

It is likely that Cleveland will be the scene of two struggles for state foot ball championships this fall. The Ohio State-Case game will undoubtedly decide the intercollegiate championship. The other game will be for the championship of independent teams.

Incorporated With \$1,000,000.

A certificate of incorporation has been filed at Dover, Del., for the Black & Baird company, (Inc.) of Pittsburg, to engage in the general real estate and insurance business in Eweclicky and Pittsburg. The incorporators are Milnor I. Baird, Sewickley; Alexander D. Back, Alexander W. Stevenson and Lawrence T. Stevenson, all of Pittsburg. The capitalization is \$1,000,000. A. W. Stevenson is a well known former newspaper man of this city, now with Black & Baird.

### Go Prepared.

In preparing for your summer outing a little forethought may save you a great deal of trouble. Mr. John H. Maule, a dry goods merchant, of Belleville, R. I., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with cramp colic. The first dose of this remedy gave relief and the second dose effected a cure. Think of the pain and suffering this boy would have had to endure without this remedy at hand to relieve him. Such cases often recur. For sale by Alvin H. Bulger.

### ORDINANCE 774

An Ordinance to Provide for the Issue of Bonds of the City of East Liverpool, in the Sum of \$92,925.00, for the Purpose of Extending the Time of Payment of Certain Indebtedness Which from Its Limits of Taxation the Said City is Unable to Pay at Maturity.

Be it ordained by the council of the city of East Liverpool, State of Ohio:

Section 1. That certain indebtedness heretofore incurred by the city of East Liverpool, amounting to \$92,925.00, is hereby determined and declared to be an existing, valid and binding obligation of said city.

Section 2. To provide means to extend the time of payment of said indebtedness which forms its limits of taxation the city of East Liverpool, Ohio, is unable to pay at maturity, there shall be issued the bonds of the city of East Liverpool to an aggregate amount of Ninety Two Thousand Nine Hundred and Twenty Five Dollars (\$92,925.00), which said bonds shall be in the denomination of One Thousand Dollars (\$1,000.00) each, except one, No. 1, shall be \$925.00; and numbering consecutively from one to ninety-three all made payable at the office of the City Treasurer in the city of East Liverpool, State of Ohio, all bearing interest at the rate of four and one-half per cent per annum, payable semi-annually, at the same place, and said bonds shall be dated August 17, 1903, and shall run for a period of not less than ten nor more than thirty years from their date.

Section 3. Said bonds shall express upon their face the purpose for which they were issued and that they were issued in pursuance of a resolution passed October 5, 1903. They shall be prepared, issued and delivered under the directions of the finance committee of council and the city auditor and shall be signed by the mayor of said city, and by the city auditor and sealed with the corporate seal of said city. The interest coupons attached to said bonds shall be executed by the city auditor with his signature thereon, or he shall have his signature printed or lithographed thereon.

Section 4. Said bonds shall be first offered at par and accrued interest to the trustees of the sinking fund in their official capacity, and if the sinking fund trustees refuse to take any or all said bonds at par and interest, then said bonds shall be advertised for public sale and sold in the manner provided for by law, but not for less than their par value and accrued interest. The proceeds from the sale of such bonds, except the premium and accrued interest thereon, shall be used for the purpose of paying the indebtedness aforesaid and for no other purpose; and the premium and accrued interest received from such sale shall be transferred to the trustees of the sinking fund to be applied by them in the manner provided by law.

Section 5. This ordinance shall take effect from and after its passage and after the earliest period allowed by law.

COURT WAS CROWDED

Second Day's Trial of Miller and Johns for Conspiracy.

CONCEALED WITNESSES TESTIFY

Stenographic Reports of Private Secretaries Introduced as Evidence—More Disclosures of Detective Work Expected With Inspectors on Stand.

Cincinnati, Oct. 15.—Standing room was in demand in the United States district courtroom on the second day of the trial of Miller and Johns for conspiracy in connection with the recently exposed postal frauds. Nine witnesses were examined and the government has four more to call, so that the defense will not begin until this afternoon and the case may not go to the jury until the last day of the week.

Much interest is being taken in the anticipated appearance of the defendants on the witness stand. The principal witnesses were Ryan and the officials from Washington. The defense was not taken by surprise until in the afternoon, when the stenographic reports of the private secretaries of Fourth Assistant Postmaster General Bristow and of General Robb of interviews with Miller were introduced as evidence.

Joseph T. Watson, secretary and stenographer to the fourth assistant postmaster general, testified to being concealed in the office of his chief while General Robb and Chief Inspector Cochran had their first interview with Miller about the reports of the office inspectors regarding the decisions in the Ryan cases and the discovery of his relations with Johns. He then read from his original stenographic notes all that was said during the time these officials were thus questioning Miller regarding the case.

The sensational appearance of Watson on the stand was followed soon afterwards by Charles R. Robb, assistant attorney general for the post-office department, being called, and a produced a copy of the transcribed stenographic notes of his secretary, F. Tullis, of another long interview with Miller when the same parties were present. At the first meeting of Miller with Robb and Cochran the defendant did not know that a stenographer was concealed in the room, he did in the last case when he made an equally lengthy statement and the report made by Mr. Tullis. The extent of the detective work which has been done in these cases by government was never disclosed until during the afternoon session, when verbatim reports of these interviews of Miller were submitted in evidence, notwithstanding the objection of exception of counsel for the defense. It is now known that more of the detective work of the government will be disclosed when postoffice inspectors take the stand.

BRIGHT'S DISEASE AND DIABETES NEWS

San Francisco, Oct. 8, 1903.

People of Ohio: San Francisco druggists personally acquainted with the facts we are used to certify to you the curability of chronic Bright's Disease and Diabetes and however unreasonable it may seem to you, yet such is the fact. A year ago we never heard of a cure case of chronic Bright's Disease or Diabetes recovering. Now it is a common occurrence in this city. A great discovery has undoubtedly been made. Many prominent people have recovered and every one of whose names are appended hereto has either had recoveries among our customers or have genuine chronic cases now recovering. And the percentage of efficiency seems to be very high, for there are very few failures. Yours, etc.,

Glass Men Confer. Columbus, O., Oct. 15.—Meetings of the stockholders of the federation and independent glass companies were held, the principal object being to devise some plan by which conflicting interests may be harmonized. A merger of the two companies was proposed, but no definite action had been taken when the meetings adjourned, and the matter will be discussed further. Representatives of the rival organizations of glass workers are also here and it is said that if the glass companies reach an agreement conflicting interests among the workmen will be adjusted.

Date Set for Kain's Funeral. St. Louis, Oct. 15.—The funeral services over the remains of the late Archbishop J. J. Kain will be held Wednesday next at 10 o'clock, in the old cathedral. ## THEIR POLICY IS HANDS OFF

National Association Engineers  
Want No Part in Labor  
Disputes.

### THEIR ATTITUDE DECLARED

Claim That Their Position as Regards  
the Recent Strike Has Been Mis-  
represented—An Interesting Meet-  
ing Held.

East Liverpool branch, No. 41, National Association of Stationary Engineers, met in regular session last evening, and the meeting was one of the most important for several reasons that have been held in months. The attendance was good, nearly all of the thirty odd members being present.

It was brought out at the meeting that the prestige and standing of the association in this city had suffered greatly by reason of misrepresentations and insinuations put on foot by people who were not acquainted with the real facts, since the strike of the international union of engineers was inaugurated and brought to a successful close here.

As a matter of fact, the members of No. 41 are not permitted to take any part of labor disputes. The preamble of the order defines the duties of members so plainly that no mistake could possibly be made. It developed that certain members of the N. A. S. E. here have been accused of interesting themselves in providing engineers to the manufacturers, who were not members of the International. This is denied by the local branch of the educational engineers, and by statements made at the meeting last night it was proven beyond the shadow of a doubt that the report was false. A member of the N. A. S. E. said:

"We have a nice membership in this city, and from present indications there are none of the brothers who desire to make a change at this time. We have pursued a policy of 'hands off' in this dispute, and not one of our men has spent a minute in the effort to supply other engineers to influence one to either go out or remain at work. We have been misrepresented by certain hot heads, but feel that this is a condition everyone must contend with at some time in the history of an organization such as ours. No attention has been paid to the many erroneous stories, and we will remain as we have always been, a purely independent body of independent men, banded together for certain aims and objects which have nothing whatever to do with labor controversies."

### RIGHT TO CROSS BELLEEK STREET

Freedom Oil Company Will Ask Council for Railroad Track Privileges.

The Freedom Oil company is preparing an ordinance, to be presented at the next meeting of the city council, granting it the right of way to cross Belleek street, East End, with the railroad siding to its new station. This is the second chapter in the railroad company's violation of the city's restraining order, in which tracks were laid across Belleek street. One of these tracks was the Freedom company's siding. It is a private track and the Freedom company is paying the railroad contractors for constructing it, it is said.

It will thus be seen that the Freedom company did not violate any injunction, there being none against it. But it had no right to build the siding without permission from the city and to obtain this the ordinance has been prepared.

There is no objection on the part of those in the Belleek street neighborhood, and in all probability the ordinance will be passed.

### JAMES W. DAVIS PLEADS NOT GUILTY

From there the party will go into the interior, where a number of millstones will be dressed and made ready for installation in the flint mill being erected in this city. A force of men will be hired there, and it is thought the stones can be made ready for shipment in about two weeks.

### LEARNED A GOOD DEAL IN THE REFORMATORY

An Italian Boy Sentenced by Judge Hole Writes to Ask That Gentleman's Aid.

Lisbon, October 15.—(Special.)—Batista Spinella, the Italian youth who was sent to the Mansfield reformatory from this county a year ago for wielding a razor among Italians in a riot at McKinley, has been promised a parole in January. He could not even speak English when he was taken to the reformatory, but the following letter, neatly written in his own hand and addressed to Judge Hole, shows that the youth has derived much good from his imprisonment:

"You will probably remember Batista Spinella, whom you sentenced to the Ohio state reformatory in October, 1902, for cutting with intent to wound. I have been here one year and have so conducted myself as to now be in one of the honor grades. I expect to be paroled in January, but I have not yet been able to secure employment. Would it be asking too much to request your assistance in securing me employment, as I have no friends in America, and you know a boy in prison has little opportunity to help himself? Any favor you could do would be greatly appreciated, and if possible returned in some way. Will you kindly answer?"

Judge Hole will answer the letter and will do what he can to aid him in his worthy endeavor.

### TWO DIVORCE CASES HEARD BY JUDGE HOLE

Woman Married in 1901 Secures Legal Separation From Her Husband.

Lisbon, October 15.—(Special.)—A session of divorce court and a criminal arraignment preceded the continuation of the Clunk murder trial in common pleas court yesterday afternoon.

Bessie B. Wallom, of Fredericktown, was divorced from Eliza Wallom and her maiden name, Bessie March, was restored. They were married in 1901. The wife charged abuse and neglect, alleging that her husband had frequently called her vile names, accompanying this language with physical injury, and once after she had borne a child and was in a serious condition refused to secure medical attention for her.

The Wellsville divorce case of Ada Powell versus C. L. Powell was also given a hearing, but the judge reserved his decision.

### SHOOTING OF BAILEY STILL MYSTERIOUS

Nothing That Will Clear Up the Case Has Been Discovered.

Mystery still surrounds the shooting of John Bailey, the colored man who was wounded by a bullet during the early hours of Tuesday night and who would not disclose how he became the victim of the shot. Chief Wyman has made an effort to get the man to talk, but he steadfastly refuses and the case is about in the same condition as reported yesterday. One part of Bailey's story, however, is contradicted, giving rise to the supposition that all of it was erroneous.

It will be remembered that Bailey told Officer McDermott that he had been shot accidentally while in the company of George Southall. The latter appeared at the News Review office this morning and denied that he was with Bailey and stated that he knew nothing of the shooting.

### THOMAS STAFFORD HURT AT HAMILTON

LOCAL POLICEMAN WHO RAN AWAY IS HEARD FROM.

Badly Injured By Falling From a Car, But Is Recovering.

Thomas Stafford, who was an East Liverpool policeman and who left his home and family in this city over a year ago and eloped with Bertha Chapman, has been heard from. Mrs. Archie Chapman, mother of Bertha, received a letter and a telegram from Hamilton, O., saying Stafford had been badly injured, and urging her to come on.

It appears that Stafford, who has been in the employ of the Cincinnati, Hamilton & Dayton railroad, goes under the name of Lee Stafford. To learn particulars of his injury, the News Review telegraphed the Hamilton News and received the following reply:

"Lee Stafford, aged 29, fell from the rear platform of a C. D. & T. traction car at Symmes' Corners, and had his left shoulder blade and three ribs of his left side broken. His scalp was also lacerated. He was taken to Mercy hospital, where hemorrhages, as the result of the injuries, developed, but were checked by prompt medical attention. Stafford is now rapidly improving and his recovery is assured."

Stafford's mother lives in Steubenville and with her daughter went on to Hamilton to see him.

## TRIED TO SUFFOCATE GOOD HEARTED FRIEND

Michael O'Day Says He Was Robbed of \$110  
By His Traveling Com-  
panion.

## GAS TURNED ON, HE WAS FOUND HELPLESS

If the story of Michael O'Day be true, James Cassidy is undisputedly the meanest man that has struck East Liverpool in a long time. He accuses Cassidy, who had pretended to be his best earthly friend, of arising after they had retired in a room at the Albion House, Second street, turning on the gas without lighting it, waiting until O'Day had breathed enough of the fumes to entirely deaden his senses, robbing him of \$110 and then leaving for parts unknown.

The first learned of the dastardly deed was discovered by the porter of the hotel, who at an early hour this morning was attracted to the room assigned to O'Day and Cassidy, by the fumes of gas, which had penetrated the crevices of the room out into the hall and down stairs. Fearing that something was wrong, the porter rushed to the stairs and no difficulty whatever was experienced in locating the room from which the gas was escaping. He knocked loudly on the door, and receiving no response secured a key and opened it. He was horrified at seeing O'Day lying alone on the bed, perfectly unconscious and gasping for breath.

Realizing that O'Day was dangerous, he near being a victim of suffocation.

## BUSY TIMES FOR THE RIVER MEN

CONVENTION TAKES STEPS TO  
BOOM OHIO NAVIGATION.

Huntington, W. Va., Selected as the  
Place of Meeting for  
Next Year.

Evansville, October 15.—(Special).—By a unanimous vote the Ohio Valley Improvement association this morning selected Huntington, W. Va., as the meeting place for next year and extended the session to three days, it being found that the press of business cannot be disposed of in less time. Portsmouth, Cincinnati and Louisville withdrew.

Resolutions similar to those adopted at Parkersburg last year favoring immediate congressional action for the improvement of the Ohio were unanimously adopted, and Albert Bettenger, of Cincinnati, was appointed as a special representative to the convention to lay before President Roosevelt the proceedings of the present meeting and to interest the executive in hastening appropriations for the work. Letters of regret from distinguished men of the country, including President Roosevelt, the members of his cabinet and senators and representatives, were read. President John L. Vance and Secretary J. F. Ellison were delegated to attend the Mississippi Improvement association meeting at New Orleans on October 27.

During the morning addresses were made by Col. G. H. Anderson, of Pittsburgh; Mr. B. B. Dovenor, of West Virginia; and Hon. F. M. Griffith, of Indiana, the last two being representatives. The present convention has been voted the most successful held in the history of the association.

The delegates attended a barbecue

## PROCEEDINGS FOR DIVORCE BRING OUT A STRANGE STORY

M. N. Rosebury, through his attorney John R. Donohoe, has filed a bill in the circuit court of Hancock county, praying that court to grant him divorce from his wife, Ruth Rosebury, and that he be given the privilege of visiting his children, who are now in the custody of the mother, who are residing with her mother, Mrs. D. M. Wylie, on the home farm several miles back of New Cumberland.

the porter quickly went to the jet, turned off the gas and called others to assist him in bringing the man to his senses. The room was well ventilated and after considerable trouble the rescuers finally worked off the effects of the noxious drug and when O'Day recovered an investigation was instituted with the result that suspicion strongly pointed toward the guilt of Cassidy in perpetrating the deed. O'Day discovered that he had been robbed of his wallet, containing \$110.

Both men arrived in the city last evening from Steubenville. O'Day is a boilermaker by trade and Cassidy makes a living by selling court plaster. The former drew a month's pay at Steubenville yesterday and when he proposed to Cassidy that they make a trip to East Liverpool and see the sights the latter readily accepted the invitation. Cassidy did not have a penny and was purely the guest of O'Day. After they had consumed all the booze they could hold, O'Day proposed that they find a bed and going to the Albion house paid for a night's lodging for both.

O'Day left this morning for Wellsville, where he thought Cassidy was, but nothing could be learned as to the success of his mission.

at one of the city parks this afternoon. The convention got down to hard work yesterday afternoon. President Vance gave a lengthy review of the past year's work. John F. Dravo, of Pittsburg, and Congressman Hemenway, Albert Bettenger, of Cincinnati, and others spoke. Col. Vance and most of the old officers were re-elected.

It was said by the speakers that it would take \$57,000,000 for the improvement and of that sum \$10,000,000 have already been expended. Mr. Bettenger estimated that the work could be completed in 19 or 12 years.

## FAMILY ESCAPED IN NIGHT CLOTHES

Residence of Dr. J. A. Mellon at Mill-  
port Burned With Its  
Contents.

Lisbon, October 15.—(Special).—The residence of Dr. J. A. Mellon at Millport was totally destroyed by fire Tuesday night, with nearly all its contents, and the members of the family barely escaped with their lives. They had retired early that evening, and the house must have been on fire when they went to bed, as the smoke and flame aroused the family about 9:30 o'clock.

The family had only time to get out of the house in their night clothes. They succeeded in saving the piano and a few other articles. The house was insured for \$600, but the loss is greatly in excess of that amount.

## MASKED ROBBERS IN CHESTER HOME

Terrified a Young Man Who Was  
Returning Home  
Late.

## INTERRUPTED AND FLED

A bold and nearly successful attempt was made to rob the house of Marion Folder in the upper part of Chester last night, and the general belief among Chester people is that there is a smooth gang of professionals now at work in that vicinity.

Those of the family who were in the house at the time were awakened by suspicious noises, but owing to the hour being early they had no suspicion that burglars were at work. A few minutes later their son came into the house nearly prostrated with fright. According to his story he had appeared in the nick of time to save the inmates of the house from being robbed and perhaps murdered in their beds.

Young Folder had been out later than was his custom, and it was rather late when he approached the house. He had nearly reached the door of the home when three masked men confronted him, each with a pistol leveled at his breast. The spokesman of the party gave the order to throw up his hands, which he did without protest. The boy was badly frightened and scarcely knew what he did, but says the men were about to go through him when they were interrupted in an unexpected manner.

Hiram Scott, a well known colored man of Chester, had also been late in returning to his home which is in the vicinity of the Folder place, and he was attracted by the noise and confusion connected with the hold-up. He was not long in locating the sounds, and came upon the strange looking quartet in time to save the boy from being robbed and also to prevent the house from being entered. When Scott appeared the masked trio took to their heels and disappeared toward the railroad, down which they ran at the top of their speed.

The colored man gave chase, but soon abandoned the attempt to overhaul the would-be thieves, and returned to his home. Young Folder was so badly frightened that he could scarcely talk, and was able to give but a meager account of his experience. The family made a tour of the house to ascertain whether or not anything of value had been disturbed, but it was found that the burglars had evidently been interrupted before they were able to gain an entrance.

## FORAKER MEETING WAS TALKED OVER

The Question of a Hall the Only  
One That Is Now  
Perplexing.

## CITY COMMITTEE MET

Finance Committee Chosen And En-  
thusiastic Resolutions Adopted in  
Favor of the Whole Republican  
Ticket, State And Local.

As soon as the positive date can be decided upon all arrangements will have been completed for the largest political demonstration held in East Liverpool for years. The city Republican central committee held a meeting last night, and in addition to the appointment of a number of committees, several other matters were attended to in connection with the fall campaign.

The question of a suitable hall in which to hold the meeting has been puzzling the committee not a little, and to the present nothing definite has been decided upon. An effort will be made to secure the Grand opera house, and a committee has been appointed to confer with the agents of other auditoriums in the city.

At the meeting of the committee last night a letter was received from C. C. Connell, secretary of the county committee, in which he stated that he had been in communication with the state committee relative to securing Senator J. B. Foraker, Hon. J. J. Sullivan and Randolph Walton for the big demonstration in this city. Knowing that Senator Foraker was not engaged for either the 27th or 28th of October, the county secretary had asked for the 28th, and the local people will make their arrangements accordingly. An effort was made to get in communication with Secretary Connell while the meeting was in progress in order to make a definite arrangement as to the date, but the attempt was unsuccessful. The city secretary will communicate with him to-day, and it is likely an understanding will be reached by evening.

## HORSE AND BUGGY TAKEN BY THREE LISBON YOUTHS

Boys Arrested at Leetonia After Hav-  
ing Driven the Horse Nearly  
to Death.

Lisbon, October 15.—(Special).—Ralph and Dever Deuell and Reuben Wallace, Lisbon boys, aged about 17, were arrested in Leetonia at 8 o'clock last evening and will be brought to Lisbon today, to answer for the theft of Dr. Frank P. Moore's horse and buggy. It is alleged they took the outfit from the stable early last evening and nearly killed the horse in making the seven mile drive to Leetonia. The officers here were notified and telephoned to surrounding towns which led to the capture of the youths.

Only a few days ago the trio was before Mayor Ferrall for drunkenness and a fine of \$1 and costs each was suspended during good behavior.

## MRS. ULHWARM IS STILL ALIVE

Spent Yesterday Afternoon by a  
Fire on the River  
Bark.

## SEARCH BEING RENEWED

That Mrs. Louisa Uhlwarm, the de-  
mented woman, who has been missing  
from her home near Ralston's cross-  
ing since last Friday night, could  
wander around through the East End  
for almost a week without being ap-  
prehended is seemingly impossible,  
yet such seems to be the case.

That she was alive late yesterday afternoon is almost established by the clue that reached the East End fire station this morning. The case of Mrs. Uhlwarm is astounding in many ways. From the circumstances surrounding her disappearance it was first the belief of her relatives that she had gone directly from the house to the river bank, where she plunged into the murky waters. Several days later a woman, acting strangely, and almost positively identified as Mrs. Uhlwarm, was seen in the Columbian park neighborhood. Yet, in spite of the far-reaching search of the distracted husband and a party of friends and relatives, she could not be found.

Clad in a thin house wrapper, wearing thin slippers and with but a small shawl as a wrap, it seems impossible that Mrs. Uhlwarm could have withstood the rigors of the days and nights that have passed since she left home. It seems impossible that she could run at large for so many days among several thousand people in a well settled district. This has been the case, however, if the clue, brought to the fire station by William Jones, is authentic.

Some time yesterday a woman approached the home of Mrs. Maggie DeLong, on the south side of the railroad track near the Klondike pottery, and asked for some matches. The appearance of the woman frightened Mrs. DeLong and she refused the request. She was too agitated to notice her visitor closely enough to give an accurate description. At the time she had not heard of the missing woman. A few minutes later Mrs. DeLong saw the woman walking westward along the railroad track.

The strange appearing woman, however she was, must have obtained the matches at some other house, for she went to the river beach and lighted a fire. She remained on the beach all afternoon and although she was seen by a number of people none connected her with the missing Mrs. Uhlwarm. So far as could be learned nobody was close enough to the fire to gain a close description of the woman who huddled over it.

Jones heard this story from his sister when he called at her house last night. He knew of the missing woman, but waited until this morning to report the matter to the authorities, stopping at the fire station on the way to his work at the Harker pottery. As soon as it was possible for him to leave the fire station, Captain Terrence commenced an investigation, going directly to the spot marked by the charred embers, where the woman had spent the afternoon. He found footprints, evidently made by a woman's shoe or slipper. The imprints ended abruptly at the fire.

Mrs. DeLong told Captain Terrence that she had seen the woman in the vicinity of her home for the past few days. On one occasion, she stated, the woman sat near the house for several hours without uttering a word.

## POSSIBLY THE VICTIM OF A TREACHEROUS PLOT

Nuzum, Killed by Clunk, May Have Walked Into  
a Trap Cleverly Laid  
For Him.

Lisbon, October 15.—(Special).—There was an unusually large audience in the court room for the Clunk murder trial, which commenced yesterday afternoon. Included among those present were the 55 witnesses in the case, 25 for the state and 30 for the defense. Good progress was made, a large number of witnesses having been examined when the jury was excused at 5 o'clock until 9 o'clock this morning.

From the statement of the case made to the jury by Prosecutor Brookes, the state evidently expects to show that Anthony Clunk's victim, the late Frank P. Nuzum, of Elkton, was a deeply wronged and misrepresented man and may have been the victim of a blackmailing plot on the part of Clunk and his wife. Prosecutor Brookes' story of the tragedy, as laid down to the jury, was doubtless based on an ante-mortem statement made by Nuzum.

Mr. Brookes said that Clunk left home about 6 o'clock on the morning of May 20, the day of the tragedy, ostensibly to go to work at the coal mine where he was employed as a digger. Instead of going to the mine, however, Clunk was represented to have secreted himself in the barn not far from the house, where he remained until a few moments before the shooting. He was jealous on account of rumors of unfaithfulness of his wife and having been apprised of the real situation had probably worked himself into an insane fury.

About 7 o'clock the wife sent their six-year-old daughter Lena down to Nuzum's house or store to tell Mr. Nuzum to come up and repair one of the burners of a new oil stove which had just been purchased the night before of Kim Hawkins, an Elkton storekeeper, notwithstanding the fact that Hawkins had already been there that morning and given directions concerning the stove. The little girl was instructed to remain down town and play with the children at William Johnston's, a near neighbor of Nuzum, until the latter returned home.

Nuzum at first told the little girl that he had not time to go up to the Clunk home that morning, but at length consented. He found the stove sitting on the back porch and stopped to examine it before entering the house. In doing so some oil squirted on his hands, and Mrs. Clunk, who

LITTLE CREATURE CAUSED A  
CRASH AND TERROR.

Excitement in a Bank Street Home  
Thought to Be Due to a  
Small Rodent.

Believing that his house was being invaded by a burglar, having heard a loud crash in the room below him, Mr. Hilliard, of 189 Bank street, raised the neighbors this morning at about 2:45 o'clock by unearthly screams for assistance. An investigation by Officer McDermott was made this morning and the officer states that the supposed burglar was only a rat.

Hilliard heard a noise sounding like some dishes breaking and was convinced that burglars were in the dining room below him. He jumped from his bed, but having no weapons was afraid to investigate and instead opened a window and yelled loudly for help. Neighbors finally answered his call and when they viewed the room and premises nothing could be found of the supposed house breaker.

When Officer McDermott arrived he readily came to the conclusion that the noise was made by a rat, seeing one of the little creatures close by the spot where a vase lay broken on the floor.

Notwithstanding the officer's opinion, Mr. Hilliard still believes there was a burglar in his house.

## A MUSCULAR PHYSICIAN THRASHES A BLACKMAILER

The attempt of a well known man  
of the West End to work a blackmail-  
ing scheme on a highly respected phys-  
ician of the city last evening resulted  
in the former receiving the worst  
beating of his life and his escape from  
death at the hands of the enraged de-  
tor was decidedly narrow. According  
to the physician, he was called upon  
about six months ago to treat a re-  
spectable young woman of the city.  
He prescribed for the girl and had  
not seen or heard of her since until  
last evening, when her brother-in-law  
walked into his office and daringly  
said: "You performed a criminal op-  
eration on my sister-in-law six months  
ago. I have concluded to push you for  
it. I have been to an attorney with  
the case. Now you can either fix this

## HIS ANTE-MORTEM STATEMENT OF THE CASE

have secreted himself in the barn not far from the house, where he remained until a few moments before the shooting. He was jealous on account of rumors of unfaithfulness of his wife and having been apprised of the real situation had probably worked himself into an insane fury.

About 7 o'clock the wife sent their six-year-old daughter Lena down to Nuzum's house or store to tell Mr. Nuzum to come up and repair one of the burners of a new oil stove which had just been purchased the night before of Kim Hawkins, an Elkton storekeeper, notwithstanding the fact that Hawkins had already been there that morning and given directions concerning the stove. The little girl was instructed to remain down town and play with the children at William Johnston's, a near neighbor of Nuzum, until the latter returned home.

Nuzum at first told the little girl that he had not time to go up to the Clunk home that morning, but at length consented. He found the stove sitting on the back porch and stopped to examine it before entering the house. In doing so some oil squirted on his hands, and Mrs. Clunk, who

## POSSIBLE CLUE TO OPIUM DEN

Talk to a Prisoner in City Jail May  
Give the Police a  
Hint.

### EFFORT WILL BE KEPT UP

To Locate the Places Where the Drug  
Is Dispensed—Joe Brighthouse's  
Trouble Alleged to Be Due to Indul-  
gence in the Narcotic.

Though they have applied them-  
selves vigorously to the task of at-  
tempting to unearth the opium dens  
known to be in existence in the city  
and vicinity, the police have been un-  
able to discover even a clue. A conver-  
sation heard at the city hall on Tues-  
day evening may, however, assist  
them in the work, and if they take  
the statements as facts every dive in  
the city may soon be landed.

The talk alluded to was engaged in  
by Mrs. Jack Brighthouse, a woman  
known as "Hi Ki," and Joe Brighthouse.  
The latter had been arrested for being  
drunk and was in a cell at the city  
jail, while his mother and the other  
woman, who is said to be his wife,  
were in the room adjoining the jail,  
awaiting the arrival of Mayor Weaver,  
wishing to assist the chief executive  
in dealing out justice to their adored  
one.

While the two women were in a  
dispute as to how Joe happened to be  
in the clutches of the law, the  
mother stating it was due to drink  
and "Hi Ki," and the latter arguing  
that there was another reason, an un-  
known young man appeared on the  
scene. He lost no time in getting into  
the wrangle and disputed the words of  
both women, saying that the cause of  
Joe's downfall was his excessive use  
of dope.

His words soon had the women  
talking furiously, and it looked for  
some time as if a fight might ensue.  
"Hi Ki" finally acknowledged that Joe  
has been using the poisonous stuff,  
but she made a demonstration when  
the stranger attempted to tell where  
Joe had purchased it. The stranger  
said he knew that Joe had been over  
to a den on the opposite side of the  
river. He intimated that it was in a  
shanty boat. "Hi Ki" denied it, stat-  
ing that she knew positively that Joe  
had gotten the dope in this city. She  
would not incriminate any one, but  
said it is located not far from the pas-  
senger depot. Before either disclosed  
the positive location of a joint the  
man became so angry that he left and  
then the women ceased talking of it.

Chief Wyman states that he knows  
what the practice of smoking opium  
means to a person and that he will  
surely do all he can to unearth every  
den. He is of the opinion that if one  
of them is ever located the entire  
number will be corralled in a very  
short time.

## News and Notes About The Potteries

### NEW CASTLE NOTES.

New Castle, Pa., October 15.—(Spe-  
cial.)—Local No. 54 held a very inter-  
esting meeting last week, with a fair  
attendance. Vice President Hutchins  
sent word he could not come and Pres-  
ident Duffy being away on his trip,  
the trouble at the China works and  
sanitary shop is still unsettled. Pres-  
ident Duffy has sent word he will be  
here for a meeting Friday evening.

The manager of the Universal san-  
itary shop has asked the local to try  
to get him some journeymen pressers,  
so the local has notified No. 45, of  
Trenton, that any sanitary pressers de-  
siring a job should correspond with  
Mr. Simpson, manager, or the secre-  
tary of No. 54, box 58.

The report is current that the China  
company is going to shut down for a  
few weeks, but it is not known how  
true it is.

The Shenango is still running full  
with lots of orders.  
Necky Amos is visiting his brother-  
in-law, R. H. Smith.

Brother Brick, from the China com-  
pany, is helping Brother McKenna at  
the Shenango packing shed.

Lydger Hutton has secured a job at  
the Shenango and will start tomor-  
row.

Judy Cannon is visiting here.

William Harvey, former manager of  
the Shenango, was a visitor at the  
shop today.

### FURTHER TESTS.

At the Great Western Sewer Pipe  
works, Toronto, further tests are  
being made in order to ascertain  
whether or not it is possible to con-  
nect vitrified sewer pipe in such a  
manner that it will be sufficiently  
strong to use as water mains where  
a high pressure exists. A number of  
joints are connected in such a way as  
to be perfectly tight. Water is then  
forced into the pipes by means of a  
hydraulic pump and gauge is also  
employed to indicate the pressure.  
The test is being conducted by the  
American Sewer Pipe company, and it  
is understood that sewer pipe from  
several of that company's other plants  
has been shipped to Toronto in order  
to determine the strength of each.  
It goes without saying that it can be  
demonstrated that clay pipe can be  
securely and tightly joined as to be  
made to take the place of cast iron  
pipe under certain conditions, a dis-  
covery has been made that will at  
once prove beneficial to manufacturers  
of vitrified sewer pipe and the pub-  
lic generally.

### VALUE OF IMPORTS.

The imports of pottery and glass for  
the year ending June 30 show that  
the trade is growing at a steady rate  
says a trade paper. The gain in pot-  
tery over last year is \$831,896, and  
over 1901 is \$1,039,183. The increase  
in English goods for the year 1903 over  
1902 is \$67,634; (there is a decrease  
however, as against the figures of  
1901, of \$87,062). France shows a  
gain in 1903 over 1902 of \$273,747, and  
over 1901 of \$271,796. In domestic  
crockery, as estimated by the United  
States Pottery association, the report  
shows that the gain for 1903 will be  
\$500,000 over 1902, and over 1901 of  
\$1,500,000. Pottery exports show a  
falling off in 1903 over 1902 of \$17,  
739, but there is a gain over 1901 of  
\$70,146. The output of glass, not in-  
cluding bottles and window glass, for  
1900 was \$7,200,000; for 1901, \$8,000,  
000; for 1902 it was approximately \$9,  
500,000.

### USED AN AXE.

By reason of a little controversy be-  
tween the Cleveland & Pittsburgh Rail-  
road company and the Stratton Fire  
Clay company, of Toronto, the lat-  
ter will be compelled to conduct busi-  
ness for a time without the aid of a  
telephone. It seems that the Stratton  
company, which concern is erecting a  
sewer pipe works about four miles  
north of Toronto, had made a contract  
with the telephone company to extend  
its line to the new works and for that  
purpose poles had been erected on the  
railroad company's right of way. The  
latter is laying an additional track  
past the sewer pipe works and some  
dispute arose between the Stratton  
and the railroad officials as to terri-  
tory, with the result that the latter  
proceeded to emulate the recent ex-  
ample set by the Pennsylvania Rail-  
road company east of Pittsburgh and  
had all telephone poles erected on its  
right of way removed with the assist-  
ance of an axe.

concern will make high voltage porce-  
lain of large dimensions only.

The plant of the Southside Pottery  
company, of Parkersburg, W. Va., has  
been completed and work will start  
within the next two or three weeks.  
The plant will make stoneware only.

Bagley Brothers are erecting a new  
pottery in Zanesville, O., for the pro-  
duction of all kinds of stoneware and  
cooking ware. The plant will have a  
capacity of one kiln only at starting.

The Arc En Ciel Pottery company  
of Zanesville, which was recently in-  
corporated, is now running at full ca-  
pacity and is turning out art goods as  
fast as the factory can produce them.

### Question Answered.

Yes, August Flower still has the lar-  
gest sale of any medicine in the civ-  
ilized world. Your mothers and grand-  
mothers never thought of using any-  
thing else for indigestion or bilious-  
ness. Doctors were scarce, and they  
seldom heard of appendicitis, nervous  
prostration or heart failure, etc. They  
used August Flower to clean out the  
system and stop fermentation of un-  
digested food, regulate the action of  
the liver, stimulate the nervous and  
organic action of the system, and that  
is all they took when feeling dull and  
bad with headaches or other aches.

You only need a few doses of Green's  
August Flower, in liquid form, to make  
you satisfied there is nothing serious  
the matter with you. You get this re-  
liable remedy at

## FRESH DISCLOSURES

Come to Light in Affairs of  
United States Shipbuild-  
ing Company.

### DUMMY DIRECTORS ARE VOTED

Dresser Denies Threatening Schwab—  
Says Wrecking of Combination Was  
Caused by Withholding Profits of  
Bethlehem Company.

New York, Oct. 15.—The inquiry be-  
fore a referee into the affairs of the  
stranded shipbuilding combination at  
the instance of the Bondholders Pro-  
tective association was productive of  
fresh developments that will claim the  
attention of the financial world and  
those who follow its fortunes.

It developed that Tuesday D. Leroy  
Dresser, late president of the Trust  
Company of the Republic, who last  
week divulged much of the inner his-  
tory of the formation of the combi-  
nation, made an effort to communicate  
with Charles M. Schwab with a view  
to obtaining some concessions as to  
the Bethlehem steel works that would  
render easier the scheme for rehabili-  
tating the partly wrecked concern.  
The message of Mr. Dresser was de-  
livered to Mr. Schwab by Mr. Harris,  
of the brokerage house of Harris, Gates  
& Co., which marketed part of the  
shipbuilding stock, but Mr. Schwab  
declined to see Mr. Dresser.

### Hoped to Save the Company.

W. D. Guthrie, counsel for Mr.  
Schwab, brought the facts of the in-  
cident out at the hearing in a series of  
questions directed to Mr. Dresser. His  
aim was to show that Mr. Dresser had  
sought to plead with Mr. Schwab and  
had threatened to make certain dis-  
closures when recalled to the stand  
that would reflect upon Mr. Schwab.  
Mr. Dresser denied that he had gone  
to plead with Mr. Schwab or to threat-  
en him, for he had no additional in-  
formation to divulge, but had sought  
to approach him in the hope that  
something might be done to save the  
shipbuilding company.

Mr. Dresser asserted that the ship-  
building company had been wrecked  
because Mr. Schwab had withheld the  
profits of the Bethlehem company. This  
declaration he twice spiritedly re-  
peated when at the end of cross-ex-  
amination by Mr. Guthrie he was  
given an opportunity to explain.

### Resident Directors Produced.

Mr. Untermeyer, in behalf of the  
bondholders, produced two of the re-  
sident directors obtained in New Jersey  
formally to carry on the affairs of the  
shipbuilding company, but only fin-  
ished his examination of one of them.  
He claimed that they were merely  
dummy directors, who voted upon  
questions involving millions of dol-  
lars of the securities of the company  
without other information or injury  
than the orders of the lawyers of the  
corporation.

George P. Dailey, one of the New  
Jersey directors, could not tell where  
the Bath Iron works is located, and  
could not tell who paid for the single  
share of stock placed in his name that  
he might qualify as a director.

There was produced and offered as  
evidence a memorandum said to have  
been prepared by Colonel McCook and  
given by him to Mr. Dresser. It con-  
tained the figures upon which the  
Trust Company of the Republic under-  
took the underwriting of the shipbuild-  
ing company, and while its purpose  
was not explained, it is expected that  
it will cut an important figure at a  
later stage of the proceedings. It is  
said that, besides the division of stock  
detailed last week by Mr. Dresser,  
there was a division of money. The  
memorandum shows an allowance for  
"expenses" of \$200,000 cash, \$300,000  
in bonds, \$500,000 in preferred stock  
and \$500,000 in common stock.

### Senator Green Arrested.

Binghamton, N. Y., Oct. 15.—Sen-  
ator George E. Green was arrested and  
arraigned before United States Com-  
missioner Hall on an indictment found  
Oct. 8, in Washington, charging him  
with conspiring with George W. Bea-  
vers and Willard D. Doremus to sell  
the government, through Beavers,  
stamp canceling machines, known as  
the Doremus machine, in which Green  
was largely interested. Green de-  
manded an examination and the case  
was set down for Nov. 9, when the  
previous indictments will come up.  
Bail was fixed at \$5,000, which was  
furnished.

## EAST END

### ALEX CHAFINS RETURNS TO EAST END

Has Been Spending the Summer on His Farm. But Will Resume Business Operations.

Alex Chafin, who has been spending the summer on his mammoth farm near Fredericktown, will return to the East End in a short time to spend the winter. When Mr. Chafin left the city last spring to engage in farming pursuits, he disposed of his stock of groceries and leased his establishment in Chaffinville. He also sold a great deal of his holdings in East End real estate.

It was stated today that Mr. Chafin would again become active in business matters and besides starting his mercantile establishment afresh will build a number of new houses. Mr. Chafin, by his enterprise and faith in the growth of the East End, has been one of the greatest helpers, and several scores of houses have been built through his agency. He has also taken a prominent part in political matters, being one of the stalwart Republicans of the section.

## EUREKA CIRCLE TO VISIT ALLEGHENY

Invitation of Triumph Circle, of That City, for October 23, Will Be Accepted.

An invitation has been received by Eureka circle, P. H. C., to be the guest of Triumph circle of Allegheny, on Friday night, October 23, the occasion being a special meeting of the order to initiate a number of candidates and have a general good time. In the invitation it was stated that the officers of Triumph circle desired to promote a more friendly feeling among the lodges of this section. The same invitation has also been issued to Stratton circle.

The acceptance of the invitation will be left to the members of the lodge. Already quite a number have signified their intention of going and a party of \$1.75 for the round trip has been secured on the railroad. Those who desire to attend should notify D. Frank White, so that tickets can be secured.

Will Be Installed. Rev. N. M. Crowe, of the Second Presbyterian church, has announced that he will conduct special services at the church next Sunday evening. Two of the three elders recently added to the session are to be installed with the usual interesting ceremony.

Goes to Ada. Earle Arbutnot, the popular and

## POSSIBLY THE VICTIM OF TREACHEROUS PLOT

Continued from First Page

had appeared in the doorway, invited him into the kitchen to wash them. He was drying his hands with a towel when Clunk suddenly entered, apparently in a towering rage, and cried, with an ugly epithet, "I have got you now. I have been laying for you."

Clunk had secured his weapon and assumed a threatening attitude while speaking. Nuzum remonstrated with him, begging him not to shoot, as he had done nothing. Clunk would not be pacified and shouted: "Get down on your knees, you," with that pressing the trigger when only five or six feet distant from Nuzum. The charge from the gun tore a hole in Nuzum's right groin, larger around than a dollar.

Nuzum dragged himself out onto the porch and lay there until Dr. Albright arrived, while Clunk, without giving the wounded man any assistance, went to the home of his nearest neighbor, J. W. Reynolds, and said in a vulgar way, that he had caught Nuzum with Mrs. Clunk and had to shoot him.

Mr. Brookes said that, whether the shooting was due to a fit of jealousy or whether it was the result of a trap set by Clunk for Nuzum, remained to be determined. He said that about the time of the tragedy Nuzum had sold some land for which he received \$300.

Attorney W. H. Spence's statement of the case for the defendant was substantially the same as has been published. Mr. Spence said that Clunk had not been feeling well for several days before the shooting, having been unable to work a full day for at least two days. Returning after he had gone part way to the mines he entered the house and found Nuzum on the floor with Mrs. Clunk and started toward him. Nuzum's fists were clenched and he had every appearance of aggressiveness. In the excitement the gun in Clunk's hands was discharged.

The Clunk and Nuzum families were represented to have been on very friendly terms, frequently visiting back and forth. Mr. Spence said the defense expects to show that Clunk, who can neither read nor write, is not a strong-minded man, which his lack of general development would indicate, but that he has always borne a good reputation and has been an industrious laborer. Clunk is 44 years old, was born two miles south of Lisbon and has spent his entire life in this vicinity.

The accused sat at the table between his two attorneys and was visibly affected at times by the testimony.

The first witness for the state was Mrs. J. W. Reynolds, the nearest neighbor of the Clunks. She said she was at home on the morning of the tragedy and that her kitchen window toward the Clunk residence was open. Mrs. Reynolds heard the shot fired which was the first intimation she had of any trouble and immediately afterwards heard loud and angry talking, some one saying: "Lie down, you," and repeating the expression several times with terrible oaths. A great commotion inside the house as of furniture and other fixtures being tumbled about roughly, preceded the opening of the front door, after which Clunk emerged from the back door saying, "I'll take care of the gun."

He started at once toward Reynolds, left his gun at the gate and told Mrs. Reynolds what had happened, asking her to telephone for a doctor. She said Clunk appeared excited.

Charles McCord said he met Clunk coming away from the house on the morning of the shooting. Clunk had his dinner pail, but did not have on his coat and clothes, and stopped at the barn on the premises, after walking a few rods with McCord. McCord went about half a mile further and

returned past the place, but did not see Clunk leave the barn. Mrs. Jessie Johnston, wife of William Johnston, saw Clunk's little daughter Lena come to the home of Nuzum, her near neighbor, on the morning of the shooting, and said that shortly afterwards Nuzum went past on his way up to Clunk's, while the little girl remained to play with Mrs. Johnston's children.

Kim Hawkins, the dealer of whom the Clunks had bought the oil stove the night before, said he went the as he had promised early on the morning of the shooting and gave Mrs. Clunk the necessary directions concerning the stove that Nuzum was called upon to repair.

Squire J. D. Peterson, of Elkton, was at the scene of the shooting shortly after it occurred, and identified a pair of overalls and a shirt as being what Mr. Nuzum had on that morning.

Mrs. M. B. Morlan, Mrs. Nancy Adams and others testified to having been asked by Clunk as to whether they had heard reports concerning his wife. On account of the rumors about her they advised Clunk to watch and see for himself.

Miss Mabel Johnston, William Johnston, George W. Crawford and others told of having heard Clunk speak in stores and other places of his wife's unfaithfulness and make threats as to what he would do to the first man he caught about his home. Such a conversation was alleged to have taken place in the store of Clunk's victim, Nuzum himself advising him to lay for them.

Mrs. John Tullis, a daughter of Nuzum, living in Lisbon, at whose home he died, was also on the stand and identified the clothing which her father wore when he was shot.

The taking of testimony was late in being resumed today, preliminary testimony being taken in the absence of the jury regarding the admissibility of Nuzum's ante mortem statement.

Attorney Louis T. Farr, at the request of Prosecutor Brookes, had visited Nuzum before his death and took his statement in the presence of Justice J. E. Peterson and others of Elkton. The statement was written out, submitted to Nuzum, approved and signed by him and later reaffirmed. It was decided to admit the statement with a few eliminations.

## RIVER IMPROVEMENT

Ways and Means Being Considered by Convention in Session at Evansville.

## FUNDS CONTRIBUTED FOR CAUSE

Cincinnati Leads the List With the Largest Amount — Three Hundred Delegates Present at Meeting—Banquet Tendered Visitors.

Evansville, Ind., Oct. 15.—The convention of the Ohio Valley Improvement association opened with addresses by Governor Durbin and Mayor Covert, of the association. One thousand delegates are expected. Huntington, W. Va.; Portsmouth, O., and Louisville, Ky., are after the next convention.

At the afternoon session \$5,000 was subscribed by the cities from Pittsburgh to Cairo to enable the association to carry on the fight for a system of locks and dams. Cincinnati was the largest contributor, donating \$2,500.

About 300 delegates are present. The nominating committee recommended the election of the following officers: J. L. Vance, president; James D. Parker, treasurer; J. E. Ellison, secretary. Vice presidents for the different states were selected as follows: Pennsylvania, George H. Anderson and W. B. Rogers; West Virginia, Hillman Quarrier and Daniel A. Massman; Ohio, A. Bettinger and H. A. Marting; Kentucky, W. W. Hite and W. A. Patton; Indiana, F. B. Posey and M. C. Garber; Illinois, George Parson and J. C. Willis. On account of the large river frontage of Kentucky it was decided to give the state three vice presidents, and Saunders A. Fowler was selected.

Congressmen Homenway and Stanley were present. In the evening addresses were made by Captain J. F. Dravo and George H. Anderson, of Pittsburgh, Pa., after which a banquet was tendered the visitors.

## MISS WOOD INDIGNANT.

Says She Is Not Interested in Any Person's Matrimonial Affairs.

New York, Oct. 15.—Miss Mae C. Wood, to whom has been attributed the purpose of instituting a suit for breach of promise of marriage against Senator T. C. Platt on the eve of his marriage with Mrs. Hanaway of Washington, arrived at the Manhattan hotel from Ontario county, N. Y., where she had been at the bedside of a sick relative.

Miss Wood expressed herself in terms of indignation regarding the published rumors, and said she was not interested in any person's matrimonial affairs. The only persons who are apt to get into trouble, she added, are those who are at the bottom of those silly rumors.

When asked if she knew Senator Platt, she said: "Of course I know him. I have known him for several years. He has always been friendly to me, and I esteem him highly. I regret the publication of these ridiculous stories as very unfortunate and distressing."

## LAST DAY FOR AUTOS.

Nineteen Cars in Youngstown for the Final Run of Endurance Race.

Youngstown, O., Oct. 15.—Nineteen cars have reached Youngstown, ready to leave this morning for the last day's run of the endurance contest. This includes all the cars that left Cleveland and two more which had not been heard from since leaving Pine Hill. They were driven by Doreys and Edward Collier.

The run into Youngstown was accomplished in quick time. Tom Fitch led the cars through Warren, his native place. Stearns reached the outskirts of the town first. He could have run into the garage ahead of any other car, but as racing is strictly prohibited, stopped and came through the streets of Youngstown side by side with Jay. Jay went into the garage first at 11:42 o'clock. Today the cars will run down as far as Allegheny, where they will rendezvous. Escorted by the Pittsburgh Automobile club, they will parade to the garage.

## Ex-Governor Mitchell Dead.

Cumberland, Md., Oct. 15.—Ex-Governor Henry L. Mitchell is dead of general debility. He was 70 years old and his health had been failing for a year past. From 1888 to 1890 he was justice of the supreme court of the state. He was governor from 1893 to 1897.

## Alcohol Causes, Not Cures, Kidney Troubles.

## EDWARD CURRY CURED OF PAINS IN HIS BACK AFTER ALL OTHER REMEDIES FAILED.

Aug. 21, 1903. Edward Curry, 13th and Greenup Sts., Covington, Ky., writes: "For many years I suffered periodically from severe pains in my back, interfering with my work, and causing irritability and much mental worry. Many remedies failed to give me relief. I tried Pettigill's Kidney-Wort Tablets, and since using them have had no recurrence of the pains, and feel much improved in health and spirits."

The kidneys give warning of their condition by symptoms in other parts of the body. Pained, puffy faces with puffiness under the eyes refer to kidney disease. At the first backache examine your morning urine for cloudiness and reddish deposits. Thousands of persons beginning to feel the effects of ailing kidneys have saved themselves from Bright's disease by the prompt use of Kidney-Wort Tablets.

Has your urine, your back, your general health led you to wonder if your kidneys are sound? Write Dr. Pettigill, Burlington, Vermont. Give him your symptoms, he will advise you free.

Commissioner Richards, of the government land office, makes a report that shows the necessity and importance of a revision of the laws relating to the sale of timber lands. There is no doubt in his mind that these lands are being bought up by speculators in the west, solely for the purpose of denuding them of their timber. He describes now a carload of people will leave Michigan for Oregon. Shortly thereafter the land office receives claims for quarter sections in number exactly corresponding to the number of passengers on the car. Each claim is accompanied by a \$400 check. Investigations shows that none of the claimants was ever known in his home town to have \$400 at any one time in his life. Nevertheless the patents must be issued, for the law only requires that the claimant must have seen the land and possess the price. Before long all the claims are transferred to some one syndicate or corporation. The government efforts to encourage forestry and the establishment of timber reservations will be more than offset by the wiles of these schemers, if this sort of thing is allowed to go on.

According to a more or less steamed contempt, the subject of one of its news item is either dying or dead, having been thrown under a

train or a street car or injured in some other way. Nothing like accuracy.

East Liverpool will show Senator Foraker and the other orators who are to come here what a Republican welcome in a Republican stronghold is like. The meeting of the latter part of this month bids fair to be a record breaker.

As long as the great industries continue to thrive it makes very little difference to the ordinary chap whether the speculative industry of Wall street thrives or not.

It is pathetic to see American free trade papers pleading with England to stand by the doctrines of Cobden. Protection has captured the free trade camel.

John Alexander Dowle has taken eight train loads of Zionites to New York to convert the town. It won't be enough.

Chester has added a national bank to her other possessions and is moving along on the crest of the wave of prosperity.

President Roosevelt is not afraid to speak his mind on any question. He is not a politician, but a statesman.

Let us hope that the Evansville convention will convert a good many congressmen to its doctrine.

Tom Johnson is a very good natured chap. It is not he, but his doctrine, that is dangerous.

The czar is now preaching peace. Meantime he is very busy getting his guns in order.

## OBITUARY

Mrs. Margaret Richardson.

Mrs. Margaret A. Richardson, aged 75 years, died at her home at Irontide Tuesday evening of old age and a complication of diseases. She was well known throughout the county, as she had lived in Irontide for the past 35 years. She leaves three daughters and two sons, most of whom are married. Mr. Richardson died about 11 years ago. Funeral services were held at the late home this afternoon, Rev. Mr. Grimes officiated. Interment was made at Spring Hill cemetery in Wellsville.

Readjustment of Kentucky Oil.

Lima, O., Oct. 15.—White House (Ky.) crude oil declined 2 cents, making the quotations \$1.35 per barrel. A readjustment of Kentucky oils has been made, Somerset, Barboursville light and Lacey (Tenn.) being put on a par with South Lima and Indiana, now quoted at \$1.21, and in the future will be known only as Somerset. Neodesha (Kas.) is rated with North Lima, \$1.26, and Barboursville heavy has been consolidated with and will be known as Ragland, now quoted 66c.

Went Riding With the President.

Washington, Oct. 15.—General Ian Hamilton, of the British army, was presented to the president by General Corbin. Later in the day he accompanied the president and Mrs. Roosevelt on a horseback ride in the suburbs. General Hamilton will dine with the president this evening. He will leave here Friday for Savannah, Ga., to visit Colonel Gordon, and will afterward attend the army maneuvers at Fort Riley. He will sail from New York on Oct. 24 for Southampton.

Charges to Be Investigated.

Denver, Oct. 15.—Brigadier General John Chase, who was relieved of the command of the national guard in Cripple Creek by Governor Peabody 10 days ago, was served with the charges upon which he will be tried by the court martial which is to convene at the capital next Monday. The general will not be deprived of his liberty. Similar action will be taken in the cases of other officers against whom charges have been preferred.

## AT THE THEATER

What "The Old Homestead" is to the north, so is "The Old Plantation" to the south. In a romantic manner is woven a strong plot of dramatic interest that appeals to every class of playgoer, north, south, east or west. The many exciting scenes in this successful play are depicted amid picturesque surroundings that are pleasing to the eye, and are too seldom seen on the modern stage. There is an air of content hovering around plays of this class, which makes the onlooker feel better for having witnessed them. At the Grand tonight.

In presenting a splendid scenic revival of the famous comedy drama "The Black Flag," as the opening bill of the engagement of the big comedy company, "The Ideals," John A. Himelstein promises a production of this popular play that has never been seen in this country since the original production of the play by Nat C. Goodwin and Edwin Thorne. Perhaps the play in the English language has been presented by more different companies than this one, or has received worse treatment at the hands of the theatrical people in general. At the Grand opera house next Monday evening.

## The Carpenter Company.

In the new Russo-Siberian play, "For Her Sake," there is one scene which must fall little short of terrific, viewed from the standpoint of dramatic effect. It is a flopping episode. The knout, as the Russian cat-o-nine-tails is called, is made to figure, and the victim of the lash is a girl whose only offense, it would appear from reading of the plot of the play, is that she won the love of a prince of the blood. At the Grand Saturday night.

The romantic story of St. Bernard is graphically illustrated in the charming play, "When the Bell Tolls," which will be given at the Grand on Friday night. The picturesque mountains of Switzerland have hitherto been overlooked by the playwright, but have been eagerly grasped by the author of "When the Bell Tolls" as a fitting frame for a cleverly drawn dramatic picture.

The Banda Rossa concert, the first of the High School series of entertainments, was a great musical treat and was enjoyed by a large audience at the opera house last evening. The program included both instrumental and vocal selections, both classical and popular.

## New Kind of Life Insurance.

DASTARDLY ATTACK  
UPON A CHILDFRANK DENNAN ARRESTED FOR  
A GRAVE CRIME.Is Said to Have Confessed—Girl's  
Screams Brought Help  
in Time.

Little 11-year-old Sadie Chloe Fish-burn, whose parents reside in this city but who is living at the home of Attorney George W. Adams in the country near town, was the victim of a dastardly assault early Tuesday morning while returning to her home from this city with a basket of groceries for the Adams family.

She was walking up the Wells Hollow road, just east of this city, alone when she was suddenly approached by a man, who, without warning, picked the girl up and carried her to the side of the road, where he threw her down. The interference of Harry Rinestein, who happened to be in the vicinity, saved her from harm.

The man who committed the assault threatened the girl and said that he would kill her if she screamed for help. The girl was too frightened to pay any attention to his threats and screamed. Rinestein heard her cries and hurried to her assistance.

The scoundrel heard Rinestein approaching and at once made good his escape, but not until Rinestein had seen the man's face. Rinestein recognized him as Frank Dennan, better known in Tophet as "Pittsburg Jack," and later informed the local officers.

Dennan managed to keep in the shade Tuesday night and all day yesterday, but was caught by Chief Houser and Officer Elliott at his home on Wells Hollow early last evening. He admitted the assault to the officers on his way to the city jail. He was later identified by his little victim.

A charge was entered against Dennan and the mayor has set the case for hearing at 6 o'clock this evening, at which time two or three witnesses will be called in. This case has attracted considerable attention, particularly in Tophet, where Dennan is well known. He has been before the mayor on several occasions heretofore on drunk and disorderly charges. The council chamber will probably be packed with people at the hearing this evening.

## SIMPLY BREATHE IT

A Few Minutes' Use of Hyomei Four  
Times a Day Cures  
Catarrh.

The pleasantest, most convenient and the only scientific method for the treatment and cure of catarrh is Hyomei. Simply put 20 drops of Hyomei in the inhaler that comes with every package and then breathe it for a few minutes four times a day.

It seems remarkable that so simple a way of treating catarrh will effect a cure, but the most important discoveries of science have always been the simplest. By breathing Hyomei in this way every particle of air that enters the air passages of the throat and head and goes into the lungs is charged with a healing balsam that kills the germs and bacilli of catarrh and soothes and allays all irritation.

The first day's use of Hyomei will show a decided improvement and in a short time there will be no further trouble from catarrh. Its action is rapid and lasting.

You take no risk in buying Hyomei. A complete outfit costs \$1, and if after using you can say that it has not helped you, you will return your money. What other treatment for catarrh is sold under a guarantee like this?

DEATH DUST  
Roaches.

A big black roach, is a big, mean nuisance; and the sooner they are driven out or killed, the better. They not only eat food and spoil infinitely more than they eat, but they destroy many fine things, such as book covers, etc. Numerous are the ways and means employed to rid premises and places of them but with out permanent result.

The very best thing to kill roaches  
is Death Dust.

It kills them in their tracks before they reach their haunts. Sprinkle it freely about the places they are seen. They breathe it and DIE. Just what every good housekeeper wants them to do.

NEW NATIONAL BANK  
KEEPS OPEN HOUSE

Chester Institution Thronged By Visitors And Friends  
Today.

The First National bank of Chester was opened to the public at 8 o'clock this morning, and remained open until late this afternoon. The bank officers held open house, and throughout the day greeted the business men and citizens of the neighborhood as they called to inspect the institution.

The establishment of a bank in Chester fills a long felt want. The business interests of the town have grown to such a degree that it was both inconvenient and absurd to continue doing their banking in East Liverpool.

It has a capital stock of \$50,000, all of which has been paid in. United States bonds amounting to \$125,000 have been purchased and an order to duplicate that purchase has been made, so that the bank can issue notes to the amount of \$225,000, 90 per cent of its holdings in United States bonds.

The destinies of the new financial institution have been placed in the hands of Oscar O. Allison, one of the best known and most successful business men in this section of the state, who will act as cashier. Though yet a young man Mr. Allison has earned for himself a place in the very forefront among the substantial men of the county, and under his careful direction the concern is certain to prosper.

## RESOLVED TO BUILD

Savings Bank at New Cumberland  
Will Erect a Business  
Block.

A meeting of the directors of the New Cumberland Savings & Trust company was held yesterday in the bank's building, and it was unanimously voted to go ahead with the new building. A committee composed of E. P. Morphy, the cashier; G. B. Walmer and F. A. Chapman was appointed a building committee with power to secure complete plans for a new bank building, 60x100 feet, three stories, with four business rooms, 20x30 feet. The upper stories are to be made in that shape which will be the best investment. Notice was immediately served upon Peter McElcama to vacate the property within 30 days, which indicates that the building committee are moving along ready to commence work at once.

This building will be a very decided improvement to the town, enhance the value of surrounding property and will have a tendency to centralize the business interests in that particular locality. The meeting was a very harmonious one and those from a distance very well pleased with the outlook.

## Will Locate in Chester.

Fred Attle arrived in Chester this morning from Beaver county, where he has conducted a farm for several years. He came to Chester for the purpose of securing a house, preparatory to removing to this vicinity. He has not yet decided what he will do, but may go into some kind of business. He has been very successful as an agriculturist, having purchased a farm upon which two men had made utter failures, and has prospered beyond all average. Mrs. Attle has been in ill-health for some time, and this is given as their reason for coming to town.

## Oil Prospecting.

The drilling apparatus and other machinery for the well to be drilled by Stewart Bros. on the James property in Chester has been placed in position and it was thought drilling could be commenced some time this afternoon. Indications point to a good producer, and the fact that Mr. Murray only hopes to obtain sufficient gas for his own private use, makes the project of more interest than it would otherwise arouse. In case the prospecting proves successful other wells will be drilled right in the heart of the town.

## CHESTER NOTES.

Charles Campbell, of Holliday's Cove, was in Chester yesterday.

A son was born to Mr. and Mrs. Frank McCoy, of Indiana avenue, last night.

Nellie Wollam and Martha King went to Canal Dover for a visit with relatives.

Chester has taken its place in the metropolitan class and can boast of a Chinese laundry.

R. G. Mercer, who has been ill for some time, is spending a few days in the country while he recuperates.

Judge J. A. Campbell, president of the new banking institution of Chester, was in town yesterday on business.

J. A. Alford Thinks Some Sneak  
Thief Got Into His House  
on Broadway.

J. R. Alford, employed as a day man at the K. He said several people were in the house during the evening and he suspected one of them, but an investigation by Chief Wyman proved the accused to be innocent.

It is not known just when the money was taken, but Mr. Alford thinks the thief got in his work while he was out of the house. It is thought an arrest will be made this afternoon that will result in the capture of the guilty party.

Fishing Schooner Missing.  
Philadelphia, Oct. 15. — Fears are entertained for the safety of the fishing schooner Eden, of this city, which has been missing since Oct. 7. On that day, with a crew of 18 men, the Eden passed out at the Delaware breakwater for the fishing banks about 15 miles seaward and there have since been no tidings of the vessel. It is feared the schooner was caught in the northeast storm which prevailed along the coast Friday and Saturday.

## GRIM STAYS THE LIMIT.

Down Twenty Rounds, Generally With  
Fitzsimmons' Assistance.

Philadelphia, Oct. 15. — Bob Fitzsimmons failed to stop Joe Grim, the Italian pugilist of this city, in six rounds at the Southern Athletic club. Grim was down 20 times all told, including one accidental fall, one slip out of the ring and some half a dozen falls to avoid punishment. The others were square knockdowns, and it must be said to Grim's credit that very few other boxers could have taken those blows and shown so little effect from them.

Fitzsimmons for three rounds captivated himself with chasing Grim around the ring with strong feints, with now and then a light blow. In the fourth round he began to warm up to his work, and in the fifth and sixth rounds Bob apparently did the best he could, and yet failed to stop the Philadelphia boy. Grim adopted evasive tactics from the first and merely tried to stay the full number of rounds. We do not know how to hit, using the open hand in place of his fist. Grim was down twice in the second round, once in the third (an accidental fall), three times in the fourth, six times in the fifth and eight times in the sixth round.

Maude Adams Achieves Triumph.

## THE PRESIDENT

### Coming to E. Liverpool

#### FRIDAY AND SATURDAY

#### OCT. 16th AND 17th.

#### HOTEL THOMPSON.

The chief consulting physician and staff of

The Noted Specialists of New York.

The Most Eminent Physicians in America Will Visit E. Liverpool, O.

The French-American Association of Expert Specialists of New York city are now visiting a few of the principal cities of our state. To introduce their new system of curing disease they will give consultation, examination, advice and medicine free to all patients, taking advantage of this offer DURING THIS VISIT.

Deafness cured by an entirely new system. No matter what your disease may be or of how long standing, the Doctors will locate your disease with out ASKING YOU ANY QUESTIONS. The DOCTOR is said to be the greatest Lung and Catarrh Specialist in America. If you have catarrh or lung trouble go and be examined. The sick and afflicted should take advantage of the opportunity offered here. They may never again have the privilege of consulting such skilled physicians so near their homes. Go and have it forever settled in your mind. If your case is curable, they will tell you so frankly; if incurable, they will give you such advice as to prolong life. No sick man or woman should fail to consult these eminent men. It is the greatest opportunity of the sick man's life.

If you have Rheumatism, Liver, Kidney or Bladder trouble, Paralysis, Heart Disease, Nervous Debility, Dyspepsia, Indigestion, Constipation, Eclampsy or St. Vitus' Dance, go and be cured by their new system.

Cancers, Tumors, Strictures, Ulcers, all Blood, Skin and Scalp Diseases, Piles and Ruptures they guarantee to cure every case they accept as curable.

Every kind of human ill falls at the touch of these marvelous men, and so great and wonderful have been the cures that in many cases it is hard indeed to find the dividing line between human accomplishment and miracle. It matters not what the ill may be; it matters not what discouraging reports may have been made from any direction; it matters not if you have been told that grim death stares you in the face. Go and consult these doctors and if there is the faintest thread upon which to hang a hope you will find that hope there, and the hope will surely lead you to the blue skies of peace, contentment and health.

Thousands who have given up all hope of ever being cured have now the opportunity of a life time to consult doctors of a national reputation. Remember their knowledge of medicine combined with electricity gives them a control of disease that others do not possess. If you have weak eyes, if you are hard of hearing, if you are lame and cannot walk, this new system will cure you quickly.

If you suspect kidney trouble bring a two-ounce vial of urine for chemical and microscopic analysis.

Go early as their offices are always crowded. If you are improving under your family physician do not come and take up their valuable time. They wish to give each one plenty of time, but cannot listen to long stories not pertaining to your case. Idlers and curiosity seekers will please stay away; their time is valuable.

THESE DOCTORS are skilled specialists and will be found ready and willing to extend the hand of help, bring back health and happiness where now exists sickness and sorrow.

## REALM OF SPORTS

### WELLSVILLE BOYS

### BEATEN 17 TO 0

Local Eleven Won Second Inter-Urban High School Contest.

### WELLSVILLE OUTCLASSED

Weakness on Defensive Play Made the Three Touchdowns Easy—Culbertson, Wellsville's Fullback, Had His Nose Broken.

"Before you, my dear Gaston," said Fred Mountford as he sped along just in front of the little left half, breaking Wellsville's interference and spinning their left end and left tackle along the greenward. Gaston was skirting the left end for a pretty run but before Mountford had disposed of the left of the line, the rest of the Wellsville bunch was at Gaston like a pack of hungry wolves. They tackled him, but the sturdy little player shook them off and he went the last 5 yards for a touchdown without interference. It was on of the prettiest plays of a pretty football game in which the East Liverpool high school won from the Wellsville high school by a score of 17 to 0.

Never did lads play more lustily and cheerfully. Hundreds of pupils from the local schools were from the line waving the blue and white, tooting nasal sounding horns and straining throats with cheering cries.

The loyal few from Wellsville were completely outnumbered and outdone. And well might they cheer! In every department of the game the local boys demonstrated their superiority. Not once were they held for downs while they hit center, went through the tackles or skirted the ends almost at will. Wellsville had the call but once during that long half and in the second half they had to resort to a punt to keep from losing the ball on downs.

Mountford's great work at full back was the admiration of all. Not once was he held when he hit the center of the line and in nearly every scrimmage, after getting beyond his interference, he gained a yard or more before they could down him. His great interference for Gaston and Smith, the halves, made their big gains possible. He did not make a single error of judgment in calling the plays and made two pretty goal kicks out of three tries. The four players, Mountford, Gaston, Smith and Thompson, who were the stars, were permitted to shine by the good work of the other seven. The tackles, Viney and Evans, made nice openings for the halves and guards cared for their men nicely. Erlanger at center played a fine game, there being a wonderful improvement since the last game in snapping the ball.

Culbertson, the Bruno player, who was in the game by special dispensation, kicked off to Smith on the 20 yard line. Smith carried it back 8 yards. On the first scrimmage Gaston circled the left end for 20 yards. Smith was helped through the right tackles for a gain of 5 yards and on the same play made 8 yards. Mountford took a shot at center and gained 7. Gaston tried the left end but was held for no gain. Thompson went around right end for 5. In these scrimmages it became apparent that Wellsville could not hold. Mountford made two more on a buck. Viney made a nice opening for Smith and he went through for a 15 yard gain. Culbertson tackled fiercely and in the mixup sustained a broken nose. He had to quit the game and Blue, another Bruno player, took his place. Mountford gained 2 yards through the right tackles and then sent Gaston around the left end. The little half is as fleet as a deer and he went to yards before they downed him. Smith again hit the tackles for a 2 yard advance and the ball was on Wellsville's 5 yard line. The crowd was bunched along the goal line and the noise was so deafening that the players could not hear the signals. Geon snapped it to Mountford and he hit the line with tremendous force, going over for the first touch down. He punted to Smith to open field from the spot where the ball was carried over and then kicked goal.

Wellsville seemed disheartened over the apparent ease with which the local players carried the ball up the field and over their goal. Blue did not know his team and made a great mistake by kicking off to East Liverpool for they carried the ball to his goal again without once losing it. After such weak defensive play he should have tried offensive. Blue kicked off to Gaston on the 10 yard

## The 8 Hour Day

Which the working man has fought for and succeeded in obtaining is something the wife has no share in. Her day begins before his and ends long after it, as a rule, and many a night her rest is broken by the baby's fretfulness. The healthiest woman must wear out under such a strain. What can be expected then of those women who are weakened by womanly diseases?

Women who are weak, worn-out and run-down will find new life and new strength in the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

Sick people are invited to consult Dr. Pierce, by letter. All correspondence is held as strictly private and is sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I suffered with female weakness about eight years—tried several doctors but derived no benefit until I began using Dr. Pierce's Favorite Prescription," writes Mrs. John Green of Danville, Boyle Co., Ky. "This medicine was recommended to me by other patients. I have taken six bottles and I feel like another person."

The dealer who offers a substitute for "Favorite Prescription," is only seeking to make the little more profit paid on the sale of less meritorious medicines. His profit is your loss. Refuse all substitutes.

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

line and Gaston made 19 before he was downed. Thompson made a sprint around the right end, gaining 30 yards. Gaston tried the other end but was held for no gain. Mountford found the left tackles easily for 5 more. Smith then hit the same spot for 5 and Thompson skirted the right end again for another 20 yard gain. Mountford corkscrewed through center for 10 yards, half of it made after he got ahead of his interference. Mountford center bucked again for 4 yards. Then he sent Gaston toward the left end guarding him most of the way. Gaston made 15 yards with this interference and after Mountford had been tackled went the remaining 5 without help. Mountford made a great try for goal but missed. Score 11 to 0.

Herwig kicked to Mountford on the 20 yard line and he carried it back 10. Thompson kept up his great work and skirted the right end for 25 yards. Gaston tried the other end and gained 1 yard. Mountford hit center for 10 and Smith followed with a gain of 4. Thompson gained 1 yard and Smith 4 through the right tackles. Mountford gained 2 through center. Goetz then got the ball on a fumble.

Blue carried for 5 yards on a short end buck. Time was called on the next scrimmage but it was ruled out as players on both teams were off side. Blue dropped back, apparently to punt, but carried the ball for a gain of 40 yards. This ended the half. Darkness was fast approaching and it was agreed to shorten the half to 10 minutes. Mountford kicked off to Blue on Wellsville's yard line. Blue made 10 yards before he was down. Mardock made 2 yards and Herwig lost it by fumbling. Blue punted 20

### CAN'T KEEP IT UP

Can't Decieve East Liverpool People Very Long—They Learn Quickly.

It is sometimes an easy matter to fool the public, but you can't keep it up very long. They are sure to find you out; and every time a man is fooled another skeptic is made. We are naturally skeptical when reading a published statement given by some stranger residing in a far-away place, but the circumstances are entirely different when home endorsement is presented. The testimony of local citizens renders deceit impossible. It is so easy for you to investigate. Read this case:

Mrs. Caroline White, of 225 Railroad street, East End, says: "I used Doan's Kidney Pills and found great relief from the treatment, although I am 70 years of age, and had almost given up all hope of ever being helped. I took medicine and my back ached just the same, grew stiff and lame when sitting long or when lying in bed and sharp twinges of pain and other symptoms convinced me my kidneys were out of order. Always on the lookout for anything that might bring relief, when I heard Doan's Kidney Pills so highly spoken of, I got a box at the W. & W. Pharmacy. After using that for a short time I could plainly notice the good effects they were causing. I continued some time longer and gradually but surely improved. I found Doan's Kidney Pills a splendid remedy and advise others to try them, feeling confident if they do so they will have no cause to regret it."

yards to Mountford and he carried it back 25. Mountford advanced 5 through the right tackles and Thompson made another pretty end run of 25 yards. Mountford bucked center for 6 and Smith went through the right tackles for 6. Mountford went the rest of the way through the right tackles and kicked goal making the final score 17 to 0.

It was so dark that the Wellsville captain asked that the game be called. Only 4 minutes of the half had been played.

The lineups:  
E. L. H. S.—J. Geon, left end; Viney, left tackle; Ryan and Stevenson, left guard; Erlanger, center; Thompson, right end; Evans, right tackle; Smith and Anderson, right guard; Gaston, left half; Smith, right half; W. Geon, quarter back; Mountford, full back.

W. H. S.—Davis, left end; Forner, left tackle; Andrews, left guard; Goetz, center; Martin, right end; Rose, right tackle; Conn, right guard; Mardock, left half; Wylie, right half; Herwig, quarter back; Culbertson, Blue, full back.

Touchdowns—Mountford, 2; Gaston, 1.

Umpire—Dr. McClure.

Referee—W. Knox.

### THE LEGAL STARS

### CLOSE THE SEASON

Juvenile Players Have Won 17 Out of 23 Games and Are Preparing For Next Year.

The Legal Stars, a team of juvenile ball players, announce that they will not play any more games this season. This team, it will be remembered, competed for and won the best prizes in the morning game at the big picnic given by the News Review at Rock Springs park September 15. Taken as a whole the season has been a most successful one for the Stars, they having won 17 out of 23 games.

They are already arranging to open next season in much better condition than ever before and expect to be even more successful next year than during any previous period. The team is composed of Mount and J. Cook, catchers; Calhoun and Smith, pitchers; Myers, short stop; Gibbons, first base; Boyd, second base; Oberling, third base; W. Cook, left field; Ruhe, middle, and Russell, right field. Duncan and Owens were substitutes. R. Boyd was manager and W. Cook was captain.

### SPORTING MISCELLANY.

Cy Perry, of Pittsfield, who pitched for the strong Buffalo Eastern League team last season, has been signed by Pittsburg for 1904 at \$100 a month.

Cleveland both outbatted and outfielded the Reds in the state series. The figures were: Batting, Cleveland 271, Cincinnati 212; fielding, Cleveland 941, Cincinnati 919.

"Jimmy" McAleer, manager of the St. Louis Browns, has come home to Youngstown to spend the winter in selling haberdashery and preparing for the battles of the summer of 1904.

Howard Wilson, a pitcher for the Washington base ball team, has mysteriously disappeared. His friends believe he has been robbed and killed. When last seen he had \$600 to \$1,000 with him.

President Dreyfuss, of the Pittsburg club, has announced that every cent of money taken in by the Pittsburg club in the post-season series will be divided among the players of the club. It means about \$1,000 each to the boys.

It is likely that Cleveland will be the scene of two struggles for state foot ball championships this fall. The Ohio State-Case game will undoubtedly decide the intercollegiate championship. The other game will be for the championship of independent teams.

Incorporated With \$1,000,000.

A certificate of incorporation has been filed at Dover, Del., for the Black & Baird company, (Inc.) of Pittsburg, to engage in the general real estate and insurance business in Ewiskey and Pittsburg. The incorporators are Milton I. Baird, Sewickley; Alexander D. Black, Alexander W. Stevenson and Lawrence T. Stevenson, all of Pittsburg. The capitalization is \$1,000,000. A. W. Stevenson is a well known former newspaper man of this city, now with Black & Baird.

Go Prepared. In preparing for your summer outing a little forethought may save you a great deal of trouble. Mr. John H. Manly, a dry goods merchant, of Belleville, R. I., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with crampy colic. The first dose of this remedy gave relief and the second dose effected a cure. Think of the pain and suffering this boy would have had to endure without this remedy at hand to relieve him. Such cases often recur. Far sale by Alvin H. Bulger.

## Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

ORDINANCE 774

An Ordinance to Provide for the Issue of Bonds of the City of East Liverpool, in the Sum of \$92,925.00, for the Purpose of Extending the Time of Payment of Certain Indebtedness Which from Its Limits of Taxation the Said City is Unable to Pay at Maturity.

Be it ordained by the council of the city of East Liverpool, State of Ohio, that the following resolution be and it be so resolved, that the council of the city of East Liverpool, Ohio, do hereby determine and declare to be a valid and binding obligation of said city, to extend the time of payment of said indebtedness, which forms its limits of taxation, the city of East Liverpool, Ohio, is unable to pay at maturity, there shall be issued the bonds of the city of East Liverpool, Ohio, in the aggregate amount of Ninety Two Thousand Nine Hundred and Twenty-five Dollars (\$92,925.00), which said bonds shall be in the denomination of one hundred dollars (\$100.00) each (except that bond No. 1 shall be \$25.00) and numbering consecutively from one to ninety-three all made payable at the office of the City Treasurer of the city of East Liverpool, State of Ohio, all bearing interest at the rate of four and one-half per cent per annum, payable semi-annually, at the same place, and said bonds shall be dated August 17, 1903, and shall run for a period of not less than ten nor more than thirty years.

Section 3. Said bonds shall express upon their face the purpose for which they were issued, and that they were issued in pursuance of a resolution passed October 5, 1903. They shall be prepared, issued and delivered under the directions of the council of the city of East Liverpool, Ohio, and shall be signed by the mayor of said city, and by the city auditor and shall be sealed with the corporate seal of said city. The interest coupons, attached to said bonds shall be executed by the city auditor with his signature thereto, or he shall have his signature printed or lithographed thereon.

Section 4. Said bonds shall be first offered at par and accrued interest to the trustees of the sinking fund in their official capacity, and if the sinking fund trustees refuse to take any or all said bonds at par and interest, then said bonds shall be sold in the manner provided for by law, but not for less than their par value and accrued interest. The proceeds from the sale of such bonds, except the premium and accrued interest thereon, shall be used for the purpose of paying the indebtedness aforesaid and for no other purpose, and the premium and accrued interest received from such sale shall be transferred to the sinking fund and shall be used for the purpose of paying the interest on said bonds, and be in force from and after the earliest period allowed by law.

Section 5. This ordinance shall take effect from and after the date of its passage, and shall be in force from and after the earliest period allowed by law.

COURT WAS CROWDED  
Second Day's Trial of Miller  
and Johns for Con-  
spiracy.  
CONCEALED WITNESSES TESTIFY  
Stenographic Reports of Private Sec-  
retaries Introduced as Evidence—  
More Disclosures of Detective Work  
Expected With Inspectors on Stand.

Cincinnati, Oct. 15.—Standing room was in demand in the United States district courtroom on the second day of the trial of Miller and Johns for conspiracy in connection with the recently exposed postal frauds. Nine witnesses were examined and the government has four more to call, so that the defense will not begin until this afternoon and the case may not go to the jury until the last day of the week.

Much interest is being taken in the anticipated appearance of the defendants on the witness stand. The principal witnesses were Ryan and the officials from Washington. The defense was not taken by surprise until the afternoon, when the stenographic reports of the private secretaries of Fourth Assistant Postmaster General Bristow and of General Robb of interviews with Miller were introduced as evidence.

Joseph T. Watson, secretary and stenographer to the fourth assistant postmaster general, testified to being concealed in the office of his chief while General Robb and Chief Inspector Cochran had their first interview with Miller about the reports of the detective inspectors regarding the decisions in the Ryan cases and the discovery of his relations with Johns. He then read from his original stenographic notes all that was said during the time these officials were thus questioning Miller regarding the case.

The sensational appearance of Watson on the stand was followed soon afterwards by Charles R. Robb, assistant attorney general for the post-office department, being called, and he produced a copy of the transcribed stenographic notes of his secretary, Mr. Tullis of another long interview with Miller when the same parties were present. At the first meeting of Miller with Robb and Cochran the defendant did not know that a stenographer was concealed in the room, as he did in the last case when he made an equally lengthy statement and signed the report made by Mr. Tullis.

The extent of the detective work that has been done in these cases by the government was never disclosed until during the afternoon session, when verbatim reports of these interviews of Miller were submitted in evidence, notwithstanding the objection and exception of counsel for the defense. It is now known that more of the detective work of the government will be disclosed when postoffice inspectors take the stand.

BRIGHT'S DISEASE AND  
DIABETES NEWS

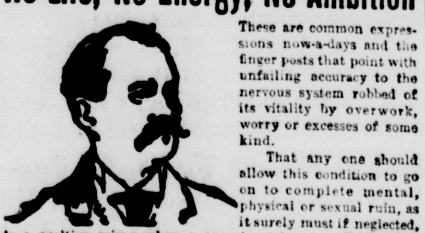

San Francisco, Oct. 8, 1903.  
To the People of Ohio:

As San Francisco druggists personally acquainted with the facts we are asked to certify to you the curability of chronic Bright's Disease and Diabetes, and however unreasonable it may seem to you, yet such is the fact. It is a year ago we never heard of a genuine case of chronic Bright's Disease or Diabetes recovering. Now it is a common occurrence in this city. A great discovery has undoubtedly been made. Many prominent people have recovered and every one of whose names are appended hereto have either had recoveries among our customers or have genuine chronic cases now recovering. And the percentage of efficiency seems to be very high for there are very few failures.

No Life, No Energy, No Ambition

These are common expressions nowadays and the finger points that point with unflinching accuracy to the nervous system. It is the vitality by overwork, worry or excesses of some kind.

That any one should allow this condition to go on to complete mental, physical or sexual ruin, is surely most neglectful. It is a positive crime when a cure is at hand in **AYER'S PILLS**. A medicine designed expressly for this condition, strengthening the kidneys, and purifying and enriching the blood, and thus building up the very essentials of life—Nerve Force.

Use this great remedy and the nervous, irritable, weak and trembling feelings will disappear. Your sleep will be natural, calm and restful. You will wake mornings feeling strong and vigorous instead of tired. All gloomy depression and sense of anxiety will fade from your mind; your nerves will become strong and steady as steel; your ambition will be restored and perfect health and strength will take the place of weakness and debility. The testimony of thousands of men and women whom **AYER'S PILLS** has lifted from this helpless condition of long suffering tells the tale of this great remedy more effectively than words can portray.

If you doubt write for free sample. All druggists or mailed on receipt of price, 50 cents.

tion W. M. Camp, of Chicago, spoke of the necessity for finding a substitute for the common railway ties.

"The vast requirements of railway companies for ties," said he, "cannot long be supplied from our domestic sources if the present demand continues, and it is evident that some measures must be taken to reduce the demand or increase the life of the tie. In fact, at the present rate of consumption and destruction of lumber by fire it is estimated that the supply will practically be exhausted in 30 or 40 years from now."

Glass Men Confer.

Columbus, O., Oct. 15.—Meetings of the stockholders of the Federation and independent glass companies were held, the principal object being to devise some plan by which conflicting interests may be harmonized. A merger of the two companies was proposed, but no definite action had been taken when the meetings adjourned, and the matter will be discussed further. Representatives of the rival organizations of glass workers are also here and it is said that if the glass companies reach an agreement conflicting interests among the workmen will be adjusted.

Date Set for Kain's Funeral.

St. Louis, Oct. 15.—The funeral services over the remains of the late Archbishop J. J. Kain will be held Wednesday next at 10 o'clock, in the old cathedral. Cardinal Gibbons will celebrate pontifical solemn high mass and Archbishop J. J. Keane, of Dubuque, Ia., has been asked to preach the sermon. Twelve priests were selected to go to Baltimore and escort the remains of the late archbishop to this city.

Wright Tenders Resignation.

Wheeling, Oct. 15.—At a meeting of directors of the LaBelle iron works, John E. Wright tendered his resignation as president and general manager and while the directors say it has not yet been accepted it is understood that John A. Toppin, until recently first vice president of the American Sheet Steel company, will be Mr. Wright's successor. Mr. Wright has been ill for several months.

Kentucky Democrats Generous.

Columbus, O., Oct. 15.—The Democratic state committee of Kentucky has relinquished W. J. Bryan's assignment to speak at Louisville next Monday in order that Mr. Bryan might put in one more day in Ohio. Mr. Bryan has, as a result, been assigned to speak at Woodfield, Monroe county, Monday afternoon, and at Zanesville in the evening. He will then proceed to the west.

Sawmill Employees Killed.

Portsmouth, O., Oct. 15.—The boilers in George Weaver's sawmill at Rarden, this county, exploded, wrecking the plant and killing Elvin Weaver, son of the proprietor, and George Smith, a sawyer. Several other employees were injured, one probably fatally. The loss will reach several thousand dollars. Low water in the boiler was the cause.

Military Maneuvers Ended.

West Point, Ky., Oct. 15.—The maneuvers at Camp Young were brought to a close by the review of the troops in camp by Major General John C. Bates and his staff. The 2,500 men said official farewell to General Bates and his staff, and in a few minutes were marching double-quick to their camps to prepare for departure.

Delegates Visit Coal Mine.

Fairmount, W. Va., Oct. 15.—Delegates to the state convention of the W. C. T. U. re-elected officers. The president is Mrs. Morrow, of Fairmount. Two hundred of the women delegates went five miles into a coal mine here on an excursion.

Two Meet Death in Collision.

Cincinnati, Oct. 15.—Ed Ward Barrow and Thomas Scott, both of Harrison, O., were killed and several others injured in a collision of work trains in a dense fog at North Bend. The accident occurred on the Cincinnati, Lawrenceburg and Aurora line.

**TROUBLE OVER OIL LEASE.**  
Ohio Oil Company Claim Priority and Forcibly Take Possession.  
Hartford City, Ind., Oct. 15.—The farm of Samuel Welch is guarded by 28 armed drillers of the Ohio Oil company, who have pickets posted and who are camping on the farm. The company has held a lease on the farm for nine years, but has not been developed for oil refused the lease, developed and leased to Austin, an ex-hauled derrick timbers on the farm preparatory to drilling.

The Ohio company started by hauling the timbers of the farm, insisting that it held the lease. Welch got a shot-gun and a virgule dog to help him resist the removal. His daughter climbed on the timbers, but although the dog bit the company's foreman the timbers were dragged off the farm with Miss Welch sitting on top of them. Welch is summoning the farmers to his assistance and the Ohio company has rushed the drillers from Montpelier, who are guarding the property. More trouble is feared.

**POSTOFFICE ROBBED.**  
Columbus Grove Citizens Engage in Running Fight With Burglars.  
Lima, Oct. 15.—A running fight between residents of the town and burglars following the robbery of the postoffice occurred at Columbus Grove. So far as could be learned no one was injured. For several days past suspicions have been aroused by the presence of strangers in the town and extra guards were placed around banks and other places which might be attacked. The postoffice, however, was left unprotected. All the surrounding towns have been notified to keep a lookout for the thieves. The robbers secured \$40 in money and \$50 in stamps.

Columbus Grove is 14 miles north of this city, and is the town in which Frank Van Loan, of Westerfield, O., walked into the Exchange bank about eight years ago, shot and killed a customer, Farmer Darmark, shot Cashier Thomas J. Maple in the arm and took \$1,500 in cash and escaped. Later he was captured and paid the death penalty.

**REMEDY FOR CORRUPT POLITICS.**  
Grover Cleveland Addresses Members of Chicago Commercial Club.  
Chicago, Oct. 15.—"Give to our people something that will concentrate their common affection and solicitous care—and let that be their country's good; give them a purpose that stimulates them to unite in lofty endeavor—and let that purpose be a demonstration of the efficiency and beneficence of our popular rule."

This was the solution offered by former President Grover Cleveland as a remedy for corrupt politics in a speech before the members of the Commercial club at their annual banquet given at the Auditorium hotel. The subject discussed by Mr. Cleveland was "American Good Citizenship."

Cripple Creek, Oct. 15.—Eighty-two miners arrived from Coeur d'Alene, and will take the places of strikers in the mines of this district. There was a large crowd at the Victor station when the newcomers alighted from the cars, but no demonstrations were made.

## THEIR POLICY IS HANDS OFF

National Association Engineers  
Want No Part in Labor  
Disputes.

### THEIR ATTITUDE DECLARED

Claim That Their Position as Regards  
the Recent Strike Has Been Mis-  
represented—An Interesting Meet-  
ing Held.

East Liverpool branch, No. 41, National Association of Stationary Engineers, met in regular session last evening, and the meeting was one of the most important for several reasons that has been held in months. The attendance was good, nearly all of the thirty odd members being present.

It was brought out at the meeting that the prestige and standing of the association in this city had suffered greatly by reason of misrepresentations and insinuations put on foot by people who were not acquainted with the real facts, since the strike of the international union of engineers was inaugurated and brought to a successful close here.

As a matter of fact, the members of No. 41 are not permitted to take any part of labor disputes. The preamble of the order defines the duties of members to plainly that no mistake could possibly be made. It developed that certain members of the N. A. S. E. here have been accused of interesting themselves in providing engineers to the manufacturers, who were not members of the international. This is denied by the local branch of the educational engineers, and by statements made at the meeting last night it was proven beyond the shadow of a doubt that the report was false. A member of the N. A. S. E. said:

"We have a nice membership in this city, and from present indications there are none of the brothers who desire to make a change at this time. We have pursued a policy of 'hands off' in this dispute, and not one of our men has spent a minute in the effort to supply other engineers to influence any one to either go out or remain at work. We have been misrepresented by certain hot heads, but feel that this is a condition everyone must contend with at some time in the history of an organization such as ours. No attention has been paid to the many erroneous stories, and we will remain as we have always been, a purely independent body of independent men, banded together for certain aims and objects which have nothing whatever to do with labor controversies."

### RIGHT TO CROSS BELLEEK STREET

Freedom Oil Company Will Ask Council for Railroad Track Privileges.

The Freedom Oil company is preparing an ordinance, to be presented at the next meeting of the city council, granting it the right of way to cross Belleek street, East End, with the railroad siding to its new station. This is the second chapter in the railroad company's violation of the city's restraining order, in which tracks were laid across Belleek street. One of these tracks was the Freedom company's siding. It is a private track and the Freedom company is paying the railroad contractors for constructing it, it is said.

It will thus be seen that the Freedom company did not violate any injunction, there being none against it. But it had no right to build the siding without permission from the city and to obtain this the ordinance has been prepared.

### JAMES W. DAVIS PLEADS NOT GUILTY

Arraigned on the Charge of Shooting at William Stilwell on September 15.

Lisbon, October 15.—(Special).—James W. Davis, of East Liverpool, pleaded not guilty to both counts of an indictment for shooting at William Stilwell on Sept. 15 with intent to kill and wound. He is held to court under bond of \$500.

Judge N. B. Billingsley, of Lisbon, and George E. Davidson, of East Liverpool, are the defendant's attorneys.

### HOME AFFAIRS

Brief Notes of a Personal Nature And of Matters About Town.

**Church Anniversary**—St. Luke's Episcopal church, of Georgetown, Pa., will celebrate its 70th anniversary next Sunday afternoon. Rev. Edwin Weary of this city, will deliver the address. It is the oldest church in the diocese.

**Many Excursionists**—In spite of the bad weather a large number of people attended the Pittsburg exposition from this city this morning. Agent Hill sold 175 tickets and a large number were on the train when it arrived here.

**Goes After Millstones**—George W. Ashbaugh left this morning for Ohio Pyle, Pa., in company with several hands. From there the party will go into the interior, where a number of millstones will be dressed and made ready for installation in the flint mill being erected in this city. A force of men will be hired there, and it is thought the stones can be made ready for shipment in about two weeks.

### LEARNED A GOOD DEAL IN THE REFORMATORY

An Italian Boy Sentenced by Judge Hole Writes to Ask That Gentleman's Aid.

Lisbon, October 15.—(Special).—Batista Spinella, the Italian youth who was sent to the Mansfield reformatory from this country a year ago for wielding a razor among Italians in a riot at McKinley, has been promised a parole in January. He could not even speak English when he was taken to the reformatory, but the following letter, neatly written in his own hand and addressed to Judge Hole, shows that the youth has derived much good from his imprisonment:

"You will probably remember Batista Spinella, whom you sentenced to the Ohio state reformatory in October, 1902, for cutting with intent to wound. I have been here one year and have so conducted myself as to now be in one of the honor grades. I expect to be paroled in January, but I have not yet been able to secure employment. Would it be asking too much to request your assistance in securing me employment, as I have no friends in America, and you know a boy in prison has little opportunity to help himself? Any favor you could do would be greatly appreciated, and if possible returned in some way. Will you kindly answer?"

Judge Hole will answer the letter and will do what he can to aid him in his worthy endeavor.

### TWO DIVORCE CASES HEARD BY JUDGE HOLE

Woman Married in 1901 Secures Legal Separation From Her Husband.

Lisbon, October 15.—(Special).—A session of divorce court and a criminal arraignment preceded the continuation of the Clunk murder trial in common pleas court yesterday afternoon.

Bessie B. Wallom, of Fredericktown, was divorced from Eliza Wallom and her maiden name, Bessie March, was restored. They were married in 1901. The wife charged abuse and neglect, alleging that her husband had frequently called her vile names, accompanying this language with physical injury, and once after she had borne a child and was in a serious condition refused to secure medical attention for her.

The Wellsville divorce case of Ada Powell versus C. L. Powell was also given a hearing, but the judge reserved his decision.

### SHOOTING OF BAILEY STILL MYSTERIOUS

Nothing That Will Clear Up the Case Has Been Discovered.

Mystery still surrounds the shooting of John Bailey, the colored man who was wounded by a bullet during the early hours of Tuesday night and who would not disclose how he became the victim of the shot. Chief Wyman has made an effort to get the man to talk, but he steadfastly refuses and the case is about in the same condition as reported yesterday. One part of Bailey's story, however, is contradicted, giving rise to the supposition that all of it was erroneous.

It will be remembered that Bailey told Officer McDermott that he had been shot accidentally while in the company of George Southall. The latter appeared at the News Review office this morning and denied that he was with Bailey and stated that he knew nothing of the shooting.

### THOMAS STAFFORD HURT AT HAMILTON

LOCAL POLICEMAN WHO RAN AWAY IS HEARD FROM.

Badly Injured By Falling From a Car, But Is Recovering.

Thomas Stafford, who was an East Liverpool policeman and who left his home and family in this city over a year ago and eloped with Bertha Chapman, has been heard from. Mrs. Archie Chapman, mother of Bertha, received a letter and a telegram from Hamilton, O., saying Stafford had been badly injured, and urging her to come on.

It appears that Stafford, who has been in the employ of the Cincinnati, Hamilton & Dayton railroad, goes under the name of Lee Stafford. To learn particulars of his injury, the News Review telegraphed the Hamilton News and received the following reply:

"Lee Stafford, aged 29, fell from the rear platform of a C. D. & T. traction car at Symmes' Corners, and had his left shoulder blade and three ribs of his left side broken. His scalp was also lacerated. He was taken to Mercy hospital, where hemorrhages, as the result of the injuries, developed, but were checked by prompt medical attention. Stafford is now rapidly improving and his recovery is assured."

Stafford's mother lives in Steubenville and with her daughter went on to Hamilton to see him.

#### SIMPLE YET BEAUTIFUL WEDDING IN CHURCH

MISS CLARA DEVON BECOMES MRS. IRA A. GEISELMAN.

St. Stephen's Church Handsomely Decorated and Many Wedding Guests Present.

A wedding of simplicity and beauty was solemnized this afternoon at 3 o'clock when the lives and fortunes of Mr. Ira A. Geiselman, the only son of Mr. and Mrs. George K. Geiselman, of Rocky Ridge, Md., and Miss Clara Devon, the beautiful daughter of Mr. and Mrs. Edward Devon, of this city, were united. Many friends of the bride-elect and her fiancé completely filled St. Stephen's Episcopal church, which was beautifully decorated. Miss Frances Webster, organist of the church, entertained the guests with a short musicale. At 3 o'clock, to the melodious strains of Mendelssohn's wedding march, the bridal party entered. The groom, his best man, Dr. J. F. Bumpas, and Rev. Edwin Weary awaited the arrival of the bride at the altar.

Miss Alice Devon, sister of the bride, acted as maid of honor and led the bridal party. She was beautiful in a handsome gown of white silk mull over pink silk, garnished with white silk valenciennes lace and tiny tucks. The costume was en train, with a deep graduated flounce, and bertha of lace. She wore accessories of white and a large white panne velvet picture hat with ostrich plume. She wore no jewels with the exception of a string of pearls, and carried a large bunch of pink chrysanthemums. Following the maid of honor came the bride, Miss Clara Devon, accompanied by her father, who presented her at the altar. The bride looked charming in a costume of white silk mull over tulle with white accessories. The costume was made en train with an accordion plaited graduated flounce, enhanced by silk lace bertha. A dainty white veil of tulle was worn, enhancing the beautiful costume. The bride carried a bunch of white chrysanthemums.

The ushers were Dr. Howard Beane and Mr. Harry Sutton. The solemn Episcopal ring service was used, and the bridal party led the church to the strains of the Lohengrin march. At the home of the bride on College street a sumptuous wedding supper was served amid beautiful decorations in pink and white chrysanthemums and smilax.

Mr. and Mrs. Geiselman left on the evening train for a trip to Baltimore, Washington, Harrisburg and Rocky Ridge. A large number of their friends arranged to give them a royal send-off. The bride's traveling costume was a coat of gray panne velvet with a large white ostrich plume. The couple will be at home to their friends in their handsome new home at 206 College street after November 6. Mrs.
